TRAFFIC ADVISORY

Tonight: I-5 north at the Interstate Bridge closed

Emergency work requires a one-hour bridge lift starting at 8 p.m. tonight

Starting at 8 p.m. tonight, Oregon Department of Transportation crews will replace the safety netting on northbound span of the Interstate 5 Interstate Bridge connecting Oregon and Washington. Mechanical problems damaged the safety netting earlier this week.

Replacing the safety netting will require a northbound bridge lift lasting up to one hour. During the bridge lift, northbound traffic should use the Interstate 205 Glenn Jackson Bridge.
