TRAFFIC ADVISORY

Expect Delays Overnight Friday on I-5 South

Shift to temporary southbound bridge late Friday happens with closures on Fremont Bridge

Southbound traffic on Interstate 5 may see delays after 11 p.m. Friday as traffic narrows to one lane in the I-5 Iowas Street Viaduct Project south of downtown Portland.

The lane change is necessary as contractors move southbound traffic onto a temporary bridge. The restriction will last only a few hours with all three lanes open on the temporary bridge by 7 a.m. Saturday.

The closure will take place at the same time as closure of the southbound lanes of the Fremont Bridge, Interstate 405, for reconstruction of the road bed.
