Policy Review Committee (PRC) Members

The Policy Review Committee has participated in the development of evaluation criteria for the alternatives, considered public comments, and considered Project Advisory Committee recommendations. All members sit at the table and participate in discussions. Although the group typically operates through consensus, each jurisdiction officially has one vote, which will be given by the decision-making body representative when present. Meetings may not always call for participation by the decision-making body representatives. The Policy Review Committee’s final task will be to recommend a Preferred Alternative to the official decision-making bodies: the Board of County Commissioners for Clackamas County, Metro, Damascus City Council, Happy Valley City Council, ODOT, and FHWA.
