

Southwest Oregon Region Enhance Projects

State Transportation Improvement Program 2015-18

Table Rock Road: I-5 to Biddle Road

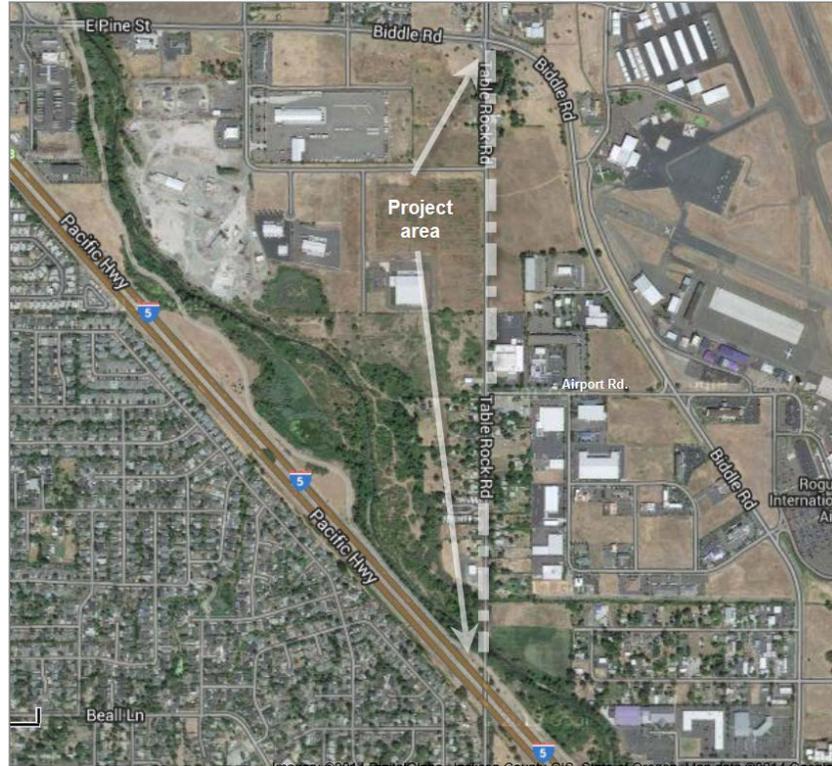

Agency:
Jackson County

Total Projected
Cost:
\$4.018 million

Projected
Construction
Schedule:
2018

Problem:
Table Rock Road is a major freight route that connects I-5 with Oregon Highways 99/238 and 140 and the industrial areas of White City. The roadway is

congested during peak periods and this congestion is hindering the development of adjoining industrial lands.

Project Scope:

Widen Table Rock Road to include four travel lanes and a continuous center left turn lane, bike lanes and sidewalks on both sides of the roadway from Biddle Road to Airport Road. The roadway would be narrowed to two travel lanes, a center turn lane, bike lanes and sidewalks on both sides from Airport Road to the I-5 overcrossing.
