

Direct Payment

- ✓ *No service fees!*
- ✓ *Convenient*
- ✓ *Safe & Secure*

What are the benefits?

Direct Payment allows you to pay for all transactions with the click of a button. It's that easy, and there's no charge to use the service!

No more typing in credit card numbers and billing addresses for every transaction. Payments are debited directly from an authorized account for the exact amount of the transaction.

No need to dig out a credit card number every time you make a transaction, and no need to give employees access to account numbers or credit cards.

Direct Payment is simple, safe, and smart. It's convenient for bookkeeping and easy to track.

How do carriers get started?

Any motor carrier with an established Oregon Motor Carrier Transportation Division (MCTD) account and an Oregon Trucking Online PIN can sign up for Direct Payment by providing your checking or savings account and routing number for an account in any bank registered in the United States.

How long to get set up?

Banks need a few days to complete their verification process the first time an account is established. Once set up, Direct Payment is available 24/7, just like all MCTD Trucking Online services.

Avoid paying credit and debit card service fees.

Banks automatically charge a 2.4% service fee to every motor carrier credit and debit card transaction.

This service fee is not paid by MCTD, and is charged to motor carriers who opt to use credit and debit cards for payment.

For example, the 2.4% credit card service fee will total:

\$24 for every \$1,000

\$240 for every \$10,000

\$2,400 for every \$100,000

\$4,800 for every \$200,000

And so on...
