

## Truck Size and Length Limits

### Width of Vehicle/Load

- 8 Feet 6 inches.

### Height of Vehicle/Load

- 4 Feet 0 inches.

### Front Overhang

- 4 Feet 0 inches.
- Measure from the front bumper of the power unit to the front of the load.

### Rear Overhang – Solo Vehicle

- 3/4 Wheelbase.
- Measure from the center of the last axle of the vehicle to the end of the load.

### Rear Overhang – Combination of Vehicles

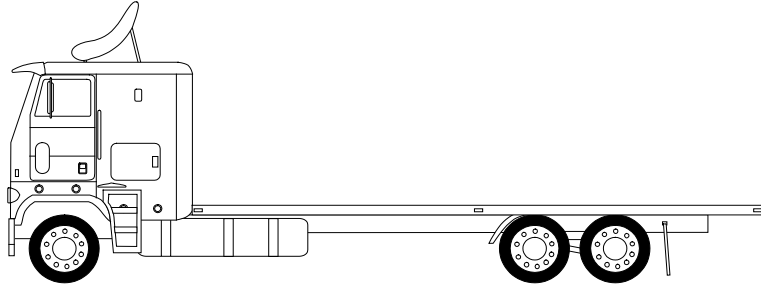

- 1/3 Wheelbase.
- Measured from the center of the last axle to the end of the load, as long as:
  - The load length does not exceed 40 feet.
  - The trailer length does not exceed 40 feet.
  - The overall length (including rear overhang) does not exceed 60 feet.
- Otherwise, 5 feet is allowed off the back of the trailer, as long as any overall length limits for a given combination and highway are not exceeded.

### Load Length

- 40 Feet.
- Load length over 40 feet is permitted if the load does not extend beyond the rear of the semitrailer by more than 5 feet.
- Loads over 40 feet cannot extend forward of the rear of the truck cab.

## Single (Solo) Truck Unit Length

- 40 feet.

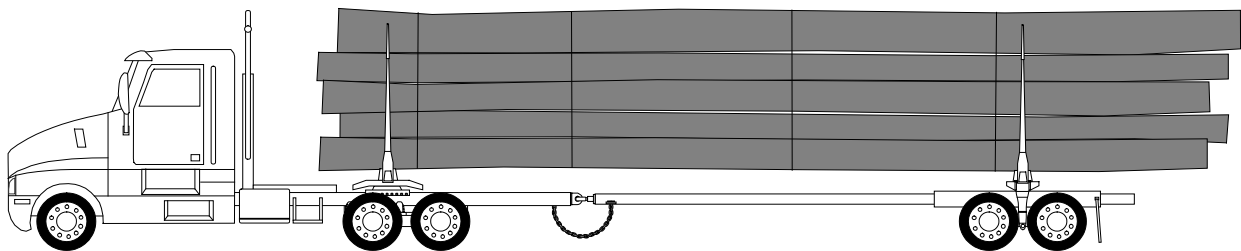

## Length of Truck Combinations, Including Load

- 60 Feet.
- See exceptions below.

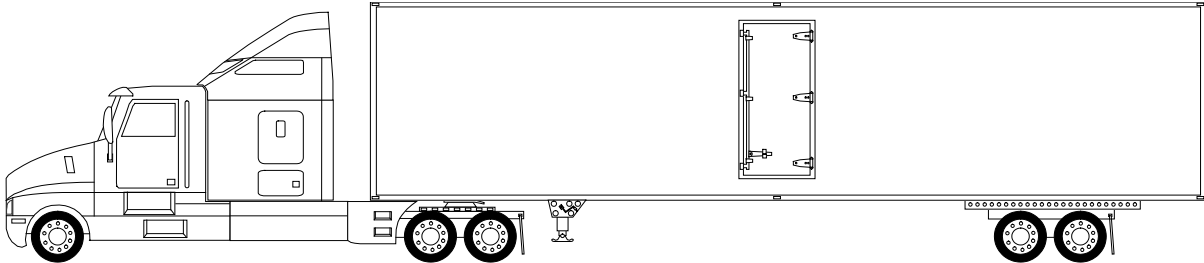

## Truck Tractor and Stinger Steered Pole Trailer

- 65 Feet.

# Exceptions to Truck Combination Limits

## Truck Tractor and Semitrailer Length – Group 1 Highways Only

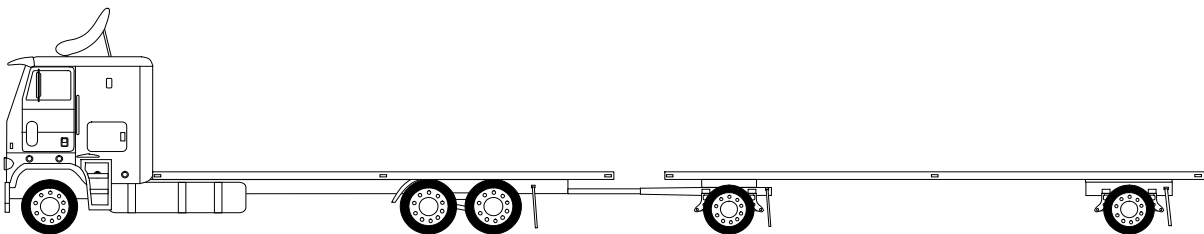

- 60 Feet overall with a maximum 53 foot semitrailer.
- [Group Map 1](#) is available at any MCTD permit office.
- Visit the [ODOT Motor Carrier Division](#) website for more information.

## Truck Tractor and Semitrailer Length – Designated Routes Only

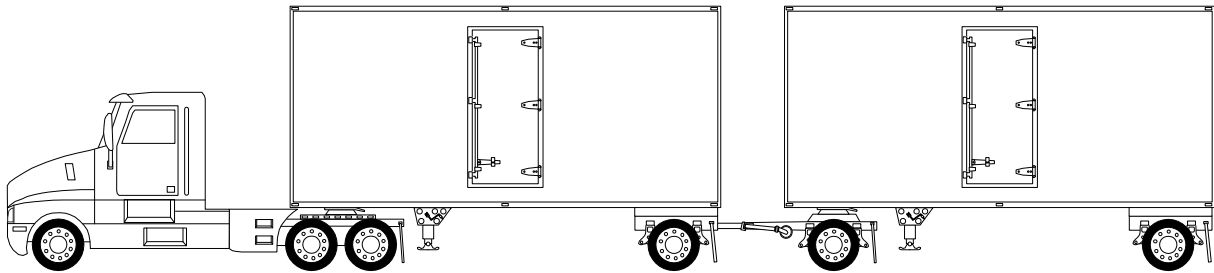

- See [Route Map 7](#), available at any MCTD permit office.
- Unlimited overall length with a maximum 53 foot semitrailer.
- Visit the [ODOT Motor Carrier Division](#) website for more information.

## Truck and Trailer Length – Group 1 Highways Only

- 75 Feet overall with a maximum 53 foot trailer  
**OR**
- 75 Feet overall with a maximum 40 foot truck  
**OR**
- 80 Feet overall with a maximum 40 foot trailer **IF** the trailer's front axle is steerable by a turntable or converter dolly.
- [Group Map 1](#) is available at any MCTD permit office.
- Visit the [ODOT Motor Carrier Division](#) website for more information.

## Length of Truck Tractor with Semitrailer and Trailer (Set of Doubles) – Group 1 Highways Only

- 75 Feet overall with one trailer being a maximum 40 feet in length.  
OR
- Unlimited overall length with the two trailers measuring a maximum 60 feet from front to rear (including space between the trailers).
- [Group Map 1](#) is available at any MCTD permit office.
- Visit the [ODOT Motor Carrier Division](#) website for more information.

## Length of Truck Tractor with Semitrailer and Trailer (Set of Doubles) – Designated Routes Only

- See [Route Map 7](#).
- Unlimited overall length with the two trailers measuring a maximum 68 feet from front to rear (including space between the trailers).
- [Route Map 7](#) is available at any MCTD permit office.
- Visit the [ODOT Motor Carrier Division](#) website for more information.
