MULTIPLE RAMP CLOSURES: I-84 Exits 207, 209, 210, 216 (Pendleton)

Beginning August 10, 2016, I-84 eastbound and westbound between MP 203.65 and MP 217.75 will be restricted to 13 feet 00 in. in width between the hours of 6 PM & 6 AM. The restrictions are necessary to facilitate a paving and striping project on this section of I-84.

- I-84 EB & WB Exit 207 ramps to/from US30.
- I-84 EB & WB Exit 209 ramps to/from US395.

No more than two interchange ramps will be closed at any given time. The estimated date of completion of this project is September 16, 2016.

Detour Route Information:

No local detour available for the width restriction on I-84. Motor carriers hauling loads need to avoid traveling through this area during the restricted days/hours, or use authorized alternate routes.

There will be signed detours in place during ramp closures, directing traffic to the next available exit/entry points.

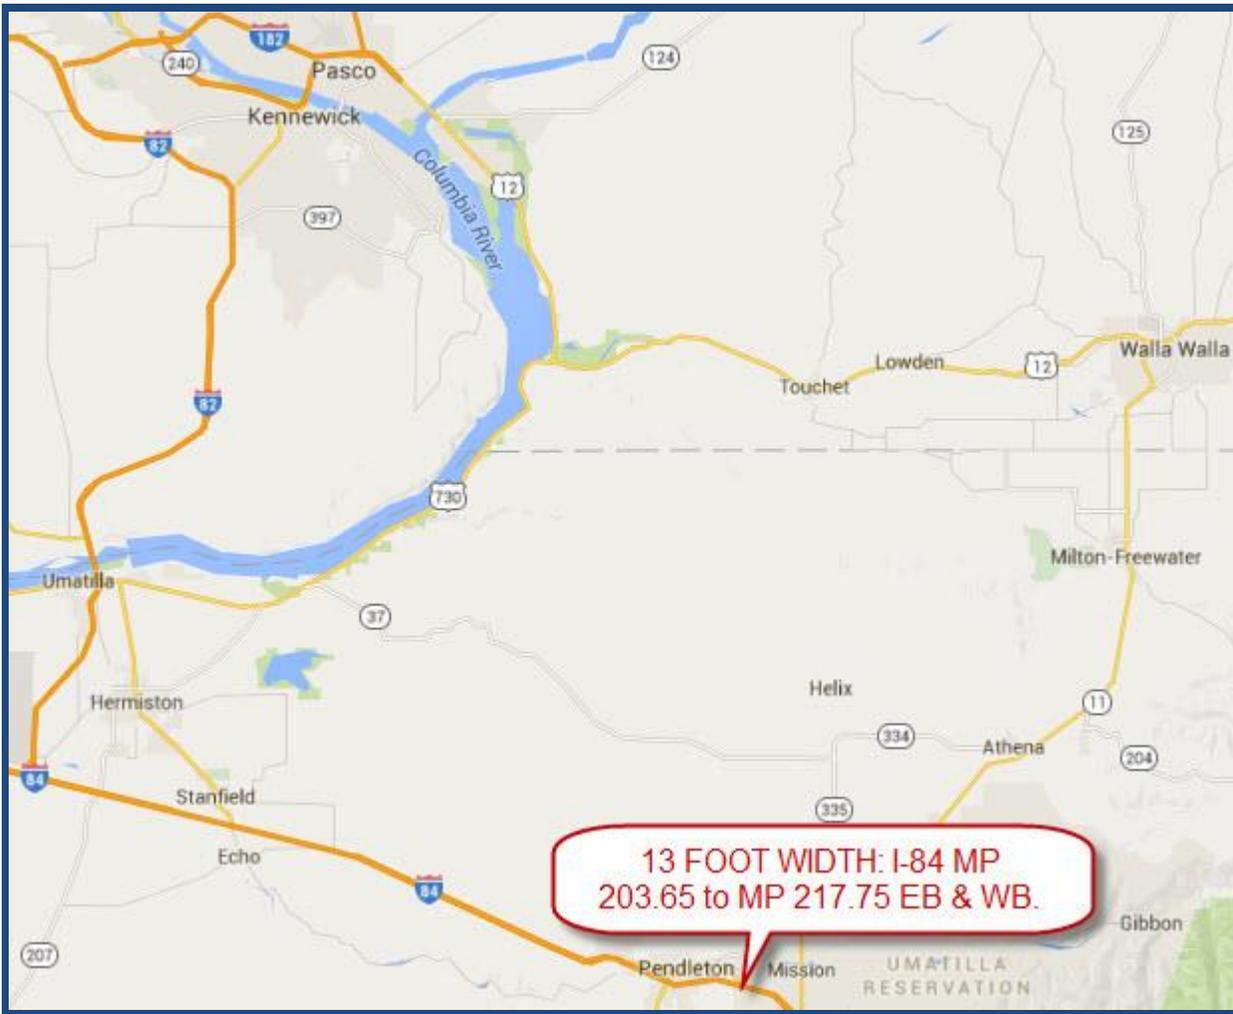

For questions or help with determining other authorized alternate routes, please contact the Over-Dimension Permits Unit Monday-Friday between 7 am and 5 pm at (503) 373-0000.

Motor Carriers need to provide this information to their drivers, by copy of this letter or other means, to assure their awareness of the restriction.
