Travelers should plan for up to 30 minute delays on I-5 between Woodburn and Salem. Over 12 miles of road will be paved, including six bridges. Lane closures start May 13. Expect most work to be done overnight. Lane closures will begin as early as 7 p.m. and continue as late as 9 a.m.

During this project, we are using new ways to make nighttime construction safer for workers and more intuitive for drivers:
- Electronic monitoring will inform drivers of road conditions and delays.
- Traffic lanes will use the shoulder for a wider safety buffer between workers and vehicles.
- Portable message signs will give drivers advance notice of upcoming work.
- Oregon State Police will monitor work zones at all times.

More than 12 miles paving on I-5 between Woodburn and Salem will occur Sunday evenings through Friday mornings May 13 through October.

I-5 between Woodburn and Salem (mileposts 259-271.6)

$17 million

Work starts May 13 and will continue through October.
