3.2 Local Plan requirements
I agree all Local Plans are consistent with the STIF requirements specified in OAR 732-040-0005(18)
☐ Yes
☐ No, one or more Local Plans are not yet consistent with STIF rule requirements.

4. Accountability
You may insert a web address in place of a description or document upload, as long as the information is sufficient enough to warrant approval of the STIF Plan and comply with STIF Rule.

4.1 Accountability methods
☑ By checking this box I affirm that all of the necessary policies and procedures are in place to ensure compliance with OAR 732, Divisions 40 and 42, and to achieve the goals and outcomes specified in this STIF Plan, including, but not limited to program and financial management, operations management, procurement, use and maintenance of equipment, records retention, compliance with state and federal laws, civil rights and compliance with ADA.

☑ By checking this box I affirm that all of the necessary policies and procedures are in place to ensure compliance of all Sub-Recipients with OAR 732, Divisions 40 and 42, and to achieve the goals and outcomes specified in this STIF Plan, address deficiencies in Sub-Recipient performance, and to ensure the Qualified Entity can accomplish the applicable requirements of these rules, including but not limited to, audit and compliance requirements, accounting requirements, capital asset requirements and reporting requirements.

4.2 Sub-Allocation method
Describe the Qualified Entity’s method for sub-allocating STIF Formula Fund moneys and the collaborative process used to work with Public Transportation Service Providers and other potential Sub-Recipients, as relevant, to develop the sub-allocation method.

The sub-allocation method, and the process for its development and approval, are clearly outlined in the Feb 12 memo to the Linn County Board of Commissioners (the BOC approved the method on Feb 12) and the January 31 memo to the Linn County TAC (Local Advisory Committee) and Public Transportation Service Providers. These memos are on the Linn County website. The TAC worked closely for months with PTSPs in the development of the method. The approved method includes the HB 2017 priorities, the OAR criteria including service to low income households and seven other criteria and geographic equity.

4.3 High Percentage of Low-Income Households

Explain how the STIF Plan defines and identifies communities with a high percentage of Low-Income Households.

For all purposes of the STIF program Linn County defines “low-income household” as “a household with a total income which does not exceed 200% of the federal poverty guidelines”. For all purposes of the STIF program “areas with a high percentage of low-income households” are defined as “areas where the percentage of low-income households exceeds the Oregon statewide average of low-income households”. [Linn County TAC Bylaws]. Additionally Linn County defines “community”, for all purposes of the STIF program, as “Linn County”. Linn County identified, using 2017 ACS data, low-income individuals and converted this data into low-income households. 38% of households in Linn County, using the converted ACS data, are low-income households and the statewide average is 34%.

5. STIF Plan Period and Adoption

5.1 Period Covered By STIF Plan

Provide start and end dates for projects proposed for funding in this STIF Plan. The earliest possible start date for the initial solicitation cycle is July 1, 2018. For this first funding cycle, providers are required to end the Plan period no later than June 30, 2021.

Start Date: 7/1/2018
End Date: 6/30/2021

End date is set to 6/30/2021. Do not adjust this date.

### 6.3 Oregon Public Transportation Plan Goals

*Select at least one goal.*

**Select the OPTP goals that apply to your STIF Plan Projects.**

- **Goal 1** Mobility: Public Transportation User Experience -- People of all ages, abilities, and income levels move reliably and conveniently between destinations using an affordable, well-coordinated public transportation system. People in Oregon routinely use public transportation to meet their daily needs.

- **Goal 2** Accessibility and Connectivity -- Riders experience user-friendly and convenient public transportation connections to and between services and travel modes in urban, suburban, rural, regional, and interstate areas.

- **Goal 3** Community Livability and Economic Vitality -- Public transportation promotes community livability and economic vitality by efficiently and effectively moving people of all ages to and from homes, jobs, businesses, schools and colleges, and other destinations in urban, suburban, and rural areas.

- **Goal 4** Equity -- Public transportation provides affordable, safe, efficient, and equitable transportation to jobs, services, and key destinations, improving quality of life for all Oregonians.

- **Goal 5** Health -- Public transportation fosters improved health of Oregonians by promoting clean air, enhancing connections between people, enabling access to services such as health care and goods such as groceries, and by giving people opportunities to integrate physical activity into everyday life through walking and bicycling to and from public transportation.
Goal 6: Safety and Security -- Public transportation trips are safe; riders feel safe and secure during their travel. Public transportation contributes to the resilience of Oregon communities.

Goal 7: Environmental Sustainability -- Public transportation contributes to a healthy environment and climate by moving more people with efficient, low-emission vehicles, reducing greenhouse gases and other pollutants.

Goal 8: Land Use -- Public transportation is a tool that supports Oregon's state and local land use goals and policies. Agencies collaborate to ensure public transportation helps shape great Oregon communities providing efficient and effective travel options in urban, suburban, and rural areas.

Goal 9: Funding and Strategic Investment -- Strategic investment in public transportation supports the overall transportation system, the economy, and Oregonians’ quality of life. Sustainable and reliable funding enables public transportation services and infrastructure to meet public needs.

Goal 10: Communication, Collaboration, and Coordination -- Public and private transportation providers and all levels of government within the state and across state boundaries work collaboratively and foster partnerships that make public transportation seamless regardless of jurisdiction.

Goal 1 Policies - Select all that apply.
✓ Policy 1.1: Provide consistent and reliable public transportation services that people can count on to meet their travel needs.
☐ Policy 1.2: Provide customers access to clear, accurate information about public transportation services through multiple sources and media.
☐ Policy 1.3: Enact fare policies that reflect the needs of the community served; ensure that public transportation fares are understandable and easy to pay.
☐ Policy 1.4: Coordinate and enhance mobility management services and strategies to better coordinate services to enable riders and potential riders to use public transportation.
✓ Policy 1.5: Advance efficient mobility and reduce traffic congestion by enabling and promoting reliable, efficient service on corridors identified as public transportation priority corridors.
✓ Policy 1.6: Work proactively with state and local planning bodies to support local and regional public transportation plans and goals throughout the state.

Goal 2 Policies - Select all that apply.
✓ Policy 2.1: Enhance existing and identify new public transportation connections and services.
✓ Policy 2.2: Improve access to and ease of use for public transportation by connecting routes and services, including linking stops and stations to bicycle and pedestrian facilities.
✓ Policy 2.3: Provide coordinated, seamless regional and intercity bus and rail public transportation services to enable trips for commuting and recreation, and assist rural residents to access services in larger communities.
✓ Policy 2.4: Encourage employers, educational institutions, and others to provide opportunities for employees’ and clients’ use of public transportation, carpool, vanpool, shuttles, and other shared rides.

Goal 3 Policies - Select all that apply.
✓ Policy 3.1: Enhance access to education and employment via public transportation.
☐ Policy 3.2: Promote and support use of public transportation for tourism and special events in Oregon.
✓ Policy 3.3: Promote the use of public transportation to foster greater community livability.

Goal 4 Policies - Select all that apply.
✓ Policy 4.1: Engage populations recognized as transportation disadvantaged in public transportation
service decision making.

- Policy 4.2: Understand and communicate how disparities, barriers, and needs affect the ability of people to access and use public transportation, especially those who are transportation disadvantaged.

- Policy 4.3: Identify disparities, barriers, and needs that impact people’s ability to access and use public transportation.

- Policy 4.4: Address the disparities, barriers, and needs that impact people’s ability to access and use public transportation.

- Policy 4.5: Integrate equity criteria into funding decisions.

**Goal 6 Policies - Select all that apply.**

- Policy 6.1: Plan for, design, and locate transit stops and stations to support safe facilities, including providing safe street crossings.

- Policy 6.2: Provide for passenger and operator security on public transportation vehicles and at stops and stations through investments in facility design, amenities, appropriate security systems and personnel, and coordination with law enforcement staff.

- Policy 6.3: Enhance the safety of public transportation through personnel training and education programs.

- Policy 6.4: Promote public transportation as a safe travel option through public outreach campaigns and rider education programs.

- Policy 6.5: Incorporate innovations, such as new technologies and strategies, to increase public transportation safety and security.

- Policy 6.6: Integrate public transportation agencies and personnel into emergency response and recovery planning and training activities to support resilience during and after natural disasters and other emergencies.

**Goal 8 Policies - Select all that apply.**

- Policy 8.1: Increase the use of public transportation by fully integrating public transportation with other community plans including transportation, land use, and economic development plans.

- Policy 8.2: Elevate public transportation in developer, employer, community service provider, and public agency decision making, such as siting and development decisions. Recognize the impact land use has on people’s ability to use public transportation and other transportation options.

- Policy 8.3: Foster the development of housing near public transportation routes and services.

**Goal 9 Policies - Select all that apply.**

- Policy 9.1: Invest strategically in maintenance, planning, transit service, and capital improvements to preserve and enhance public transportation.

- Policy 9.2: Foster creative investments and partnerships among public agencies and private organizations to improve the efficiency and effectiveness of public transportation services.

- Policy 9.3: Pursue stable and consistent funding for public transportation operations and capital investments that maintain services and address identified needs.

**Goal 10 Policies - Select all that apply.**

- Policy 10.1: Coordinate communication and marketing to promote knowledge and understanding of available public transportation services.

- Policy 10.2: Collaborate and share costs for resources, supplies, and services that can be used by multiple agencies.
Policy 10.3: Identify and advance opportunities to share data resources and collection methods.

Policy 10.4: Collaborate with various agencies, jurisdictions, and transportation providers in support of effective public transportation that is reliable and easy to use and helps meet state, regional, and community goals.

Policy 10.5: Collaborate among agencies, jurisdictions, and providers to ensure the public transportation system is integrated as a component of the broader multimodal transportation system in Oregon. Provide leadership for public transportation activities and build upon efforts to coordinate public transportation services, especially statewide services.

- Policy 1.1: Provide consistent and reliable public transportation services that people can count on to meet their travel needs.

- Policy 1.2: Provide customers access to clear, accurate information about public transportation services through multiple sources and media.

- Policy 1.3: Enact fare policies that reflect the needs of the community served; ensure that public transportation fares are understandable and easy to pay.

- Policy 1.4: Coordinate and enhance mobility management services and strategies to better coordinate services to enable riders and potential riders to use public transportation.

- Policy 1.5: Advance efficient mobility and reduce traffic congestion by enabling and promoting reliable,
efficient service on corridors identified as public transportation priority corridors.

☑ Policy 1.6: Work proactively with state and local planning bodies to support local and regional public transportation plans and goals throughout the state.

**Goal 2 Policies - Select all that apply.**

☑ Policy 2.1: Enhance existing and identify new public transportation connections and services.

☑ Policy 2.2: Improve access to and ease of use for public transportation by connecting routes and services, including linking stops and stations to bicycle and pedestrian facilities.

☑ Policy 2.3: Provide coordinated, seamless regional and intercity bus and rail public transportation services to enable trips for commuting and recreation, and assist rural residents to access services in larger communities.

☑ Policy 2.4: Encourage employers, educational institutions, and others to provide opportunities for employees’ and clients’ use of public transportation, carpool, vanpool, shuttles, and other shared rides.

**Goal 3 Policies - Select all that apply.**

☑ Policy 3.1: Enhance access to education and employment via public transportation.

☐ Policy 3.2: Promote and support use of public transportation for tourism and special events in Oregon.

☑ Policy 3.3: Promote the use of public transportation to foster greater community livability.

**Goal 6 Policies - Select all that apply.**

☑ Policy 6.1: Plan for, design, and locate transit stops and stations to support safe facilities, including providing safe street crossings.

☐ Policy 6.2: Provide for passenger and operator security on public transportation vehicles and at stops and stations through investments in facility design, amenities, appropriate security systems and personnel, and coordination with law enforcement staff.

☑ Policy 6.3: Enhance the safety of public transportation through personnel training and education programs.

☐ Policy 6.4: Promote public transportation as a safe travel option through public outreach campaigns and rider education programs.

☑ Policy 6.5: Incorporate innovations, such as new technologies and strategies, to increase public transportation safety and security.

☐ Policy 6.6: Integrate public transportation agencies and personnel into emergency response and recovery planning and training activities to support resilience during and after natural disasters and other emergencies.

**Goal 8 Policies - Select all that apply.**

☑ Policy 8.1: Increase the use of public transportation by fully integrating public transportation with other community plans including transportation, land use, and economic development plans.

☐ Policy 8.2: Elevate public transportation in developer, employer, community service provider, and public agency decision making, such as siting and development decisions. Recognize the impact land use has on people’s ability to use public transportation and other transportation options.

☑ Policy 8.3: Foster the development of housing near public transportation routes and services.

**Goal 9 Policies - Select all that apply.**

☐ Policy 9.1: Invest strategically in maintenance, planning, transit service, and capital improvements to preserve and enhance public transportation.
Policy 9.2: Foster creative investments and partnerships among public agencies and private organizations to improve the efficiency and effectiveness of public transportation services.

Policy 9.3: Pursue stable and consistent funding for public transportation operations and capital investments that maintain services and address identified needs.

Goal 10 Policies - Select all that apply.

Policy 10.1: Coordinate communication and marketing to promote knowledge and understanding of available public transportation services.

Policy 10.2: Collaborate and share costs for resources, supplies, and services that can be used by multiple agencies.

Policy 10.3: Identify and advance opportunities to share data resources and collection methods.

Policy 10.4: Collaborate with various agencies, jurisdictions, and transportation providers in support of effective public transportation that is reliable and easy to use and helps meet state, regional, and community goals.

Policy 10.5: Collaborate among agencies, jurisdictions, and providers to ensure the public transportation system is integrated as a component of the broader multimodal transportation system in Oregon. Provide leadership for public transportation activities and build upon efforts to coordinate public transportation services, especially statewide services.

6.3 Oregon Public Transportation Plan Goals

Select at least one goal.

Select the OPTP goals that apply to your STIF Plan Projects.

☑ Goal 1 Mobility: Public Transportation User Experience -- People of all ages, abilities, and income levels move reliably and conveniently between destinations using an affordable, well-coordinated public transportation system. People in Oregon routinely use public transportation to meet their daily needs.

☑ Goal 2: Accessibility and Connectivity -- Riders experience user-friendly and convenient public transportation connections to and between services and travel modes in urban, suburban, rural, regional, and interstate areas.

☑ Goal 3: Community Livability and Economic Vitality -- Public transportation promotes community livability and economic vitality by efficiently and effectively moving people of all ages to and from homes, jobs, businesses, schools and colleges, and other destinations in urban, suburban, and rural areas.

☑ Goal 4: Equity -- Public transportation provides affordable, safe, efficient, and equitable transportation to jobs, services, and key destinations, improving quality of life for all Oregonians.

☐ Goal 5: Health -- Public transportation fosters improved health of Oregonians by promoting clean air, enhancing connections between people, enabling access to services such as health care and goods such as groceries, and by giving people opportunities to integrate physical activity into everyday life through walking and bicycling to and from public transportation.

☑ Goal 6: Safety and Security -- Public transportation trips are safe; riders feel safe and secure during their travel. Public transportation contributes to the resilience of Oregon communities.

☐ Goal 7: Environmental Sustainability -- Public transportation contributes to a healthy environment and climate by moving more people with efficient, low-emission vehicles, reducing greenhouse gases and other pollutants.

☑ Goal 8: Land Use -- Public transportation is a tool that supports Oregon’s state and local land use goals and policies. Agencies collaborate to ensure public transportation helps shape great Oregon communities providing efficient and effective travel options in urban, suburban, and rural areas.

☑ Goal 9: Funding and Strategic Investment -- Strategic investment in public transportation supports the overall transportation system, the economy, and Oregonians’ quality of life. Sustainable and reliable funding enables public transportation services and infrastructure to meet public needs.

☑ Goal 10: Communication, Collaboration, and Coordination -- Public and private transportation providers and all levels of government within the state and across state boundaries work collaboratively and foster partnerships that make public transportation seamless regardless of jurisdiction.

Goal 1 Policies - Select all that apply.

### 6.3 Oregon Public Transportation Plan Goals

*Select at least one goal.*

**Select the OPTP goals that apply to your STIF Plan Projects.**

- **Goal 1 Mobility:** Public Transportation User Experience -- People of all ages, abilities, and income levels move reliably and conveniently between destinations using an affordable, well-coordinated public transportation system. People in Oregon routinely use public transportation to meet their daily needs.

- **Goal 2: Accessibility and Connectivity** -- Riders experience user-friendly and convenient public transportation connections to and between services and travel modes in urban, suburban, rural, regional, and interstate areas.

- **Goal 3: Community Livability and Economic Vitality** -- Public transportation promotes community livability and economic vitality by efficiently and effectively moving people of all ages to and from homes, jobs, businesses, schools and colleges, and other destinations in urban, suburban, and rural areas.

- **Goal 4: Equity** -- Public transportation provides affordable, safe, efficient, and equitable transportation to jobs, services, and key destinations, improving quality of life for all Oregonians.

- **Goal 5: Health** -- Public transportation fosters improved health of Oregonians by promoting clean air, enhancing connections between people, enabling access to services such as health care and goods such as groceries, and by giving people opportunities to integrate physical activity into everyday life through walking and bicycling to and from public transportation.

- **Goal 6: Safety and Security** -- Public transportation trips are safe; riders feel safe and secure during...
their travel. Public transportation contributes to the resilience of Oregon communities.

☐ Goal 7: Environmental Sustainability -- Public transportation contributes to a healthy environment and climate by moving more people with efficient, low-emission vehicles, reducing greenhouse gases and other pollutants.

☐ Goal 8: Land Use -- Public transportation is a tool that supports Oregon's state and local land use goals and policies. Agencies collaborate to ensure public transportation helps shape great Oregon communities providing efficient and effective travel options in urban, suburban, and rural areas.

☐ Goal 9: Funding and Strategic Investment -- Strategic investment in public transportation supports the overall transportation system, the economy, and Oregonians’ quality of life. Sustainable and reliable funding enables public transportation services and infrastructure to meet public needs.

☑ Goal 10: Communication, Collaboration, and Coordination -- Public and private transportation providers and all levels of government within the state and across state boundaries work collaboratively and foster partnerships that make public transportation seamless regardless of jurisdiction.

Goal 1 Policies - Select all that apply.
☑ Policy 1.1: Provide consistent and reliable public transportation services that people can count on to meet their travel needs.

☑ Policy 1.2: Provide customers access to clear, accurate information about public transportation services through multiple sources and media.

☑ Policy 1.3: Enact fare policies that reflect the needs of the community served; ensure that public transportation fares are understandable and easy to pay.

☑ Policy 1.4: Coordinate and enhance mobility management services and strategies to better coordinate services to enable riders and potential riders to use public transportation.

☐ Policy 1.5: Advance efficient mobility and reduce traffic congestion by enabling and promoting reliable, efficient service on corridors identified as public transportation priority corridors.

☑ Policy 1.6: Work proactively with state and local planning bodies to support local and regional public transportation plans and goals throughout the state.

Goal 2 Policies - Select all that apply.
☑ Policy 2.1: Enhance existing and identify new public transportation connections and services.

☑ Policy 2.2: Improve access to and ease of use for public transportation by connecting routes and services, including linking stops and stations to bicycle and pedestrian facilities.

☑ Policy 2.3: Provide coordinated, seamless regional and intercity bus and rail public transportation services to enable trips for commuting and recreation, and assist rural residents to access services in larger communities.

☐ Policy 2.4: Encourage employers, educational institutions, and others to provide opportunities for employees’ and clients’ use of public transportation, carpool, vanpool, shuttles, and other shared rides.

Goal 3 Policies - Select all that apply.
☑ Policy 3.1: Enhance access to education and employment via public transportation.

☐ Policy 3.2: Promote and support use of public transportation for tourism and special events in Oregon.

6.3 Oregon Public Transportation Plan Goals

Select at least one goal.

Select the OPTP goals that apply to your STIF Plan Projects.

- Goal 1 Mobility: Public Transportation User Experience -- People of all ages, abilities, and income levels move reliably and conveniently between destinations using an affordable, well-coordinated public transportation system. People in Oregon routinely use public transportation to meet their daily needs.

- Goal 2: Accessibility and Connectivity -- Riders experience user-friendly and convenient public transportation connections to and between services and travel modes in urban, suburban, rural, regional, and interstate areas.

- Goal 3: Community Livability and Economic Vitality -- Public transportation promotes community livability and economic vitality by efficiently and effectively moving people of all ages to and from homes, jobs, businesses, schools and colleges, and other destinations in urban, suburban, and rural areas.

- Goal 4: Equity -- Public transportation provides affordable, safe, efficient, and equitable transportation to jobs, services, and key destinations, improving quality of life for all Oregonians.

- Goal 5: Health -- Public transportation fosters improved health of Oregonians by promoting clean air, enhancing connections between people, enabling access to services such as health care and goods such as groceries, and by giving people opportunities to integrate physical activity into everyday life through walking and bicycling to and from public transportation.

- Goal 6: Safety and Security -- Public transportation trips are safe; riders feel safe and secure during their travel. Public transportation contributes to the resilience of Oregon communities.

- Goal 7: Environmental Sustainability -- Public transportation contributes to a healthy environment and climate by moving more people with efficient, low-emission vehicles, reducing greenhouse gases and other pollutants.

- Goal 8: Land Use -- Public transportation is a tool that supports Oregon’s state and local land use goals and policies. Agencies collaborate to ensure public transportation helps shape great Oregon communities providing efficient and effective travel options in urban, suburban, and rural areas.

- Goal 9: Funding and Strategic Investment -- Strategic investment in public transportation supports the overall transportation system, the economy, and Oregonians’ quality of life. Sustainable and reliable funding enables public transportation services and infrastructure to meet public needs.

- Goal 10: Communication, Collaboration, and Coordination -- Public and private transportation providers and all levels of government within the state and across state boundaries work collaboratively and foster partnerships that make public transportation seamless regardless of jurisdiction.

Goal 1 Policies - Select all that apply.

- Policy 1.1: Provide consistent and reliable public transportation services that people can count on to meet their travel needs.

- Policy 1.2: Provide customers access to clear, accurate information about public transportation
services through multiple sources and media.

☐ Policy 1.3: Enact fare policies that reflect the needs of the community served; ensure that public transportation fares are understandable and easy to pay.

☐ Policy 1.4: Coordinate and enhance mobility management services and strategies to better coordinate services to enable riders and potential riders to use public transportation.

☑ Policy 1.5: Advance efficient mobility and reduce traffic congestion by enabling and promoting reliable, efficient service on corridors identified as public transportation priority corridors.

☑ Policy 1.6: Work proactively with state and local planning bodies to support local and regional public transportation plans and goals throughout the state.

Goal 2 Policies - Select all that apply.
☑ Policy 2.1: Enhance existing and identify new public transportation connections and services.
☑ Policy 2.2: Improve access to and ease of use for public transportation by connecting routes and services, including linking stops and stations to bicycle and pedestrian facilities.
☑ Policy 2.3: Provide coordinated, seamless regional and intercity bus and rail public transportation services to enable trips for commuting and recreation, and assist rural residents to access services in larger communities.
☐ Policy 2.4: Encourage employers, educational institutions, and others to provide opportunities for employees’ and clients’ use of public transportation, carpool, vanpool, shuttles, and other shared rides.

Goal 3 Policies - Select all that apply.
☑ Policy 3.1: Enhance access to education and employment via public transportation.
☑ Policy 3.2: Promote and support use of public transportation for tourism and special events in Oregon.
☐ Policy 3.3: Promote the use of public transportation to foster greater community livability.

Goal 4 Policies - Select all that apply.
☑ Policy 4.1: Engage populations recognized as transportation disadvantaged in public transportation service decision making.
☑ Policy 4.2: Understand and communicate how disparities, barriers, and needs affect the ability of people to access and use public transportation, especially those who are transportation disadvantaged.
☑ Policy 4.3: Identify disparities, barriers, and needs that impact people’s ability to access and use public transportation.
☑ Policy 4.4: Address the disparities, barriers, and needs that impact people’s ability to access and use public transportation.
☑ Policy 4.5: Integrate equity criteria into funding decisions.

Goal 5 Policies - Select all that apply.
☑ Policy 5.1: Provide access to healthy lifestyle options by supporting the ability of people to reach goods and services such as groceries, recreation, health care, and social opportunities via public transportation.
☐ Policy 5.2: Integrate health considerations into public transportation planning and decision making at the local, regional, and state level.
☑ Policy 5.3: Connect public transportation riders to health and social services.

Goal 6 Policies - Select all that apply.
☑ Policy 6.1: Plan for, design, and locate transit stops and stations to support safe facilities, including
providing safe street crossings.

☐ Policy 6.2: Provide for passenger and operator security on public transportation vehicles and at stops and stations through investments in facility design, amenities, appropriate security systems and personnel, and coordination with law enforcement staff.

☐ Policy 6.3: Enhance the safety of public transportation through personnel training and education programs.

☐ Policy 6.4: Promote public transportation as a safe travel option through public outreach campaigns and rider education programs.

☑ Policy 6.5: Incorporate innovations, such as new technologies and strategies, to increase public transportation safety and security.

☐ Policy 6.6: Integrate public transportation agencies and personnel into emergency response and recovery planning and training activities to support resilience during and after natural disasters and other emergencies.

Goal 9 Policies - Select all that apply.

☑ Policy 9.1: Invest strategically in maintenance, planning, transit service, and capital improvements to preserve and enhance public transportation.

☑ Policy 9.2: Foster creative investments and partnerships among public agencies and private organizations to improve the efficiency and effectiveness of public transportation services.

☑ Policy 9.3: Pursue stable and consistent funding for public transportation operations and capital investments that maintain services and address identified needs.

Goal 10 Policies - Select all that apply.

☑ Policy 10.1: Coordinate communication and marketing to promote knowledge and understanding of available public transportation services.

☑ Policy 10.2: Collaborate and share costs for resources, supplies, and services that can be used by multiple agencies.

☑ Policy 10.3: Identify and advance opportunities to share data resources and collection methods.

☑ Policy 10.4: Collaborate with various agencies, jurisdictions, and transportation providers in support of effective public transportation that is reliable and easy to use and helps meet state, regional, and community goals.

☑ Policy 10.5: Collaborate among agencies, jurisdictions, and providers to ensure the public transportation system is integrated as a component of the broader multimodal transportation system in Oregon. Provide leadership for public transportation activities and build upon efforts to coordinate public transportation services, especially statewide services.

**6.3 Oregon Public Transportation Plan Goals**
Select at least one goal.

**Select the OPTP goals that apply to your STIF Plan Projects.**

☑️ Goal 1 Mobility: Public Transportation User Experience -- People of all ages, abilities, and income levels move reliably and conveniently between destinations using an affordable, well-coordinated public transportation system. People in Oregon routinely use public transportation to meet their daily needs.

☑️ Goal 2: Accessibility and Connectivity -- Riders experience user-friendly and convenient public transportation connections to and between services and travel modes in urban, suburban, rural, regional, and interstate areas.

☑️ Goal 3: Community Livability and Economic Vitality -- Public transportation promotes community livability and economic vitality by efficiently and effectively moving people of all ages to and from homes, jobs, businesses, schools and colleges, and other destinations in urban, suburban, and rural areas.

☑️ Goal 4: Equity -- Public transportation provides affordable, safe, efficient, and equitable transportation to jobs, services, and key destinations, improving quality of life for all Oregonians.

☑️ Goal 5: Health -- Public transportation fosters improved health of Oregonians by promoting clean air, enhancing connections between people, enabling access to services such as health care and goods such as groceries, and by giving people opportunities to integrate physical activity into everyday life through walking and bicycling to and from public transportation.

☑️ Goal 6: Safety and Security -- Public transportation trips are safe; riders feel safe and secure during their travel. Public transportation contributes to the resilience of Oregon communities.

☐ Goal 7: Environmental Sustainability -- Public transportation contributes to a healthy environment and climate by moving more people with efficient, low-emission vehicles, reducing greenhouse gases and other pollutants.

☐ Goal 8: Land Use -- Public transportation is a tool that supports Oregon’s state and local land use goals and policies. Agencies collaborate to ensure public transportation helps shape great Oregon communities providing efficient and effective travel options in urban, suburban, and rural areas.

☑️ Goal 9: Funding and Strategic Investment -- Strategic investment in public transportation supports the overall transportation system, the economy, and Oregonians’ quality of life. Sustainable and reliable funding enables public transportation services and infrastructure to meet public needs.

☑️ Goal 10: Communication, Collaboration, and Coordination -- Public and private transportation providers and all levels of government within the state and across state boundaries work collaboratively and foster partnerships that make public transportation seamless regardless of jurisdiction.
