

JTA Project Search Tips

State of Oregon and ODOT reports are compatible with Internet Explorer. Other browsers may not display the data fully.

Overall and Associated Projects

In this report the original projects identified by the legislature are referred to as Overall Projects. Each has one or more Associated Projects for managing the work phase(s). The JTA report groups the overall projects with their associated projects.

Note: Some projects are administered by local agencies or do not have construction funding. These do not follow the same process and milestones as construction projects administered by ODOT. Estimated Bid Date and Estimated Construction Completion Date for these local projects may be blank.

- With their Associated Projects, then
- By Region

Search

Search for specific JTA project information by:

1. Using the **Find:** tool at the top of the report page
 - a. Refer to the list of overall projects below for searchable elements
2. Sending an email request for the information needed

Option 1:

In the **Find:** box above the report page type the Overall Project Number or a segment of the Overall Project Name. If the **Find:** commands are not visible use **CTRL+F** to activate them.

Enter a search word or number for the project. Refer to the list of overall projects and examples.

Select the **Highlighter Pen** icon so the search will highlight each match in the report. The number of matches found will appear to the right.

Use the **Previous** and **Next** buttons to jump to the matched items.

2009 Jobs and Transportation Act Project Status 06/27/2016													
Overall Project Name: State Highway 207/State Highway 206 Intersections Key # 17092													
Description:	The State Highway 207 and State Highway 206 Intersections project is located at the intersection of Oregon 207 and Oregon 206 in Morrow County. The project will realign or rebuild several intersections. Intersections will be improved at Shobe Canyon, Clarks Canyon, Rhea Creek, Gooseberry and Porcupine roads. Each of these roads are farm to market roads and are vital to Morrow County's economy.												
Benefit:	All of the roads mentioned above enter Oregon 207 and/or Oregon 206 at differing angles. Realigning each intersection at 90 degrees to the highway will allow traffic to negotiate turning movements more efficiently												
Current Status:	Construction is complete.												
Associated Project(s):	17140												
Project Phase: COMPLETED	Project Name: OR207: CORRIDOR SECTION IMPROVEMENTS (PHASE 2) Key # 17140
