

PCPCH Site Visit Webinar, Primary Care Week Events, and More!

Oregon Department of Human Services sent this bulletin at 09/10/2014 04:52 PM PDT

NHSC Corps Community Day and Primary Care Week Events

Mark your calendar! October 9th is [National Health Service Corps \(NHSC\) Corps Community Day](#), which takes place during [National Primary Care Week](#) – October 6-10, 2014.

At a time when primary care is so important to the health of our population, the [Primary Care Office](#) (PCO) in Oregon is encouraging NHSC certified clinics to mark this day by hosting an event to recognize NHSC providers in their clinic, and highlight the role that NHSC plays to support our health care workforce. Join or support your colleagues across Oregon for the Celebrate Corps Community Day Recognition. Click [here](#) for a list of events.

In addition to the recognition events, there will be two webinars during Primary Care Week. PCO Director Marc Overbeck will present on NHSC and Nicole Merrithew, Patient-Centered Primary Care Home Program Director, will give an update on the PCPCH Program. To sign up, follow the links below.

National Health Service Corps and Other Programs - Tools to Support Providers and Expand Oregon's Health Care Workforce

October 6, 2014 - 12:00PM TO 12:30PM

Join this webinar to learn about the resources available for primary care providers in the medical, dental and mental health fields, and opportunities for benefiting from these programs.

PCPCH Verification Site Visits

In 2012 the PCPCH program staff began conducting site visits to recognized clinics. We have visited more than 50 clinics across Oregon to date. Each team includes a Site Visitor, a Practice Enhancement Specialist and a Clinical Transformation Consultant. The goals of the site visit are to learn from innovative practices about what is working well and what areas of transformation are problematic, and to verify that the clinic practice and patient experiences at the site accurately reflect the Standards and Measures the clinic attested to on their PCPCH application. During and after a site visit, PCPCH staff help clinic staff to identify needs, barriers, and areas of improvement, as well as connect clinic staff with resources to assist in their primary care transformation journey.

Four new staff have recently joined the PCPCH Program. Here are the friendly faces of the folks who may come visit your clinic.

Left to right: Jill Boyd, Chris Carrera, Megan Bowen and Heather Wilson

For more information about the Verification Site Visit process, please register for the upcoming webinar.

PCPCH Site Visits: What to Expect

October 7, 2014 - 8:00AM TO 9:00AM

This webinar will provide an overview of the Patient-Centered Primary Care Home (PCPCH) site visit process, as well as an opportunity to learn from a PCPCH recognized clinic about what to expect before, during and after an actual site visit.

Got Feedback?

The PCPCH program staff would like to hear from you! Email us at pcpch@state.or.us

About the Patient-Centered Primary Care Home Program

Patient-Centered Primary Care Homes (PCPCH) are health care clinics that have been recognized by the Oregon Health Authority (OHA) for their commitment to providing high quality, patient-centered care. The PCPCH Program administers the application, recognition, and verification process for practices applying to become Patient-Centered Primary Care Homes. The program is also working with stakeholders across Oregon to support adoption of the primary care home model. For more information visit www.PrimaryCareHome.oregon.gov.
