Wheeler .....	1	581.4	*	*	*	*	*
Yamhill .....	20	181.4	5	15	—	5	15

Note: Unlike previously published tables, those included in this report (except Table 8-14) do not include youth verbalizing suicidal ideation (with no self-harming behavior) and who were treated at a hospital as a result of verbalizing suicidal ideation.

Note: Rates are per 100,000 10- to 17-year-olds. Because some rates are based on few events and are unstable, they should be used with caution.
