

TABLE 6-8. Number of Deaths by Cause and Month of Death, Oregon Residents, 2003

Cause of Death	Total	Month of Death											
		Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
Total	30,813	2,652	2,480	2,746	2,585	2,537	2,470	2,478	2,450	2,383	2,474	2,610	2,948
Malignant Neoplasms	7,217	611	583	628	600	591	570	612	637	575	559	615	636
Diseases of the Heart	7,008	598	603	638	594	602	540	528	512	524	614	561	694
Cerebrovascular Disease	2,548	246	209	222	216	190	217	204	165	214	234	218	213
Chronic Lower Respiratory Disease	1,818	181	146	165	169	147	151	142	124	148	114	146	185
Unintended Injuries	1,388	95	88	107	120	117	136	137	120	106	103	113	146
Alzheimer's Disease	1,149	90	100	107	88	90	98	93	109	87	82	96	109
Diabetes Mellitus	1,032	78	82	90	78	66	93	78	92	84	80	105	106
Influenza & Pneumonia	633	56	54	63	52	51	40	45	45	31	35	46	115
Suicide	589	40	53	51	42	54	66	48	52	43	47	51	42
Alcohol-induced ¹	518	42	47	44	43	47	47	36	28	29	46	56	53
Hypertension & Renal Hypertension	345	37	11	30	30	31	26	23	35	34	27	27	34
Parkinson's Disease	310	38	22	21	17	29	18	18	25	21	35	30	36
Nephritis, Nephrotic Syndrome, etc.	303	24	21	25	39	28	19	23	26	18	20	19	41
Arteriosclerosis	205	14	14	16	19	10	16	17	21	20	21	22	15
Aortic Aneurysm	195	15	17	20	12	18	17	11	14	13	19	19	20
Neoplasms Not Known to be Malignant	181	13	10	21	13	5	15	19	17	19	18	13	18
Septicemia	175	15	13	21	15	12	11	14	11	10	14	12	27
Pneumonitis Due to Solids & Liquids	164	11	14	20	17	13	11	13	13	11	10	14	17
Congenital Malformations	125	13	10	4	11	6	10	12	8	12	17	9	13
Perinatal Conditions	115	5	7	7	11	14	8	14	6	15	4	12	12
Amyotrophic Lateral Sclerosis	113	9	8	8	12	11	9	4	13	8	9	13	9
Viral Hepatitis	95	7	6	6	6	11	9	7	8	6	9	16	4
Homicide	91	7	8	9	12	4	4	8	7	9	9	10	4
All Other Causes	4,506	407	355	424	369	392	339	372	362	348	348	390	400

¹ Includes ICD-10 codes F10, G31.2, G62.1, I42.6, K29.2, K70, K86.0, O35.4, P04.3, R78.0, X45, X65, and Y15. Because alcoholic cardiomyopathy and alcohol poisonings, are included in this category as well as their comprehensive categories (e.g., heart disease), the sum of the column counts may differ slightly from the row total.
