headaches after this procedure and she was admitted to the hospital. Licensee performed a
second epidural blood patch procedure on April 29, 2014, which was unsuccessful in
resolving the headaches. Multiple imaging studies were performed during her subsequent two
week hospitalization, which did not show evidence of a spinal fluid leak. Licensee visited
Patient A in her hospital room every day after April 29, 2014, and subsequently frequently
accessed her personal health records. Licensee asserts he did this for clinical reasons. During
one of his visits to Patient A in her hospital room, Licensee violated professional boundaries
by presenting Patient A with a gift of a nightshirt after she complained of discomfort
associated with her hospital gown. Licensee assisted her in donning the nightshirt. Licensee
also exchanged personal cell phone numbers with Patient A, and they began an exchange of
personal texting and emails, some of which were sexually explicit.

Patient A was discharged from PSVMC on May 16, 2014. Licensee continued
to stay in contact with Patient A for personal reasons. Several days after her discharge from
PSVMC, Licensee appeared at Patient A’s home when she was entertaining several friends.
Licensee states that Patient A had invited him and wanted “a massage.” Licensee entered her
home, and they went to her bedroom and shut the door. They kissed and engaged in a brief
consensual physical interaction. Licensee left shortly thereafter and there was no significant
subsequent contact between them. Licensee’s conduct as described in paragraphs 3.1 and 3.2
constituted unprofessional or dishonorable conduct and gross negligence.

Licensee and the Board desire to settle this matter by entry of this Stipulated Order.
Licensee understands that he has the right to a contested case hearing under the
Administrative Procedures Act (chapter 183), Oregon Revised Statutes. Licensee fully and
finally waives the right to a contested case hearing and any appeal therefrom by the signing of
and entry of this Order in the Board’s records. Licensee admits that he engaged in conduct
described in the Board’s Complaint and Notice of Proposed Disciplinary Action that violated ORS 677.190(1)(a) unprofessional or dishonorable conduct, as defined in ORS 677.188(4)(a) and ORS 677.190(13) gross or repeated acts of negligence. Licensee understands that this Order is a public record and is a disciplinary action that is reportable to the National Data Bank and the Federation of State Medical Boards.

Licensee and the Board agree to resolve this matter by the entry of this Stipulated Order subject to the following sanctions, terms and conditions:

5.1 Licensee is reprimanded.

5.2 Licensee must pay a civil penalty of $5,000, payable in full within 90 days from the signing of this Order by the Board Chair.

5.3 Within 90 days from the signing of this Order, Licensee must successfully complete a course on professional boundaries that is pre-approved by the Board’s Medical Director.

5.4 Licensee must at his own expense establish a professional relationship with a physician mentor who is pre-approved by the Board’s Medical Director. Licensee must meet with this mentor on at least a monthly basis. Licensee’s practice mentor must be available to discuss any matters with Licensee that may affect his ability to practice medicine safely and competently. Licensee must ensure that the mentor submits quarterly written reports to the Board.

5.5 Licensee must maintain a relationship with a healthcare provider preapproved by the Board’s Medical Director. Licensee must sign all necessary releases so that this provider may provide quarterly written reports to the Board. It is the responsibility of Licensee to ensure that these reports are sent to the Board on a timely basis.

5.6 Licensee stipulates and agrees that this Order becomes effective the date it is signed by the Board Chair.

///
5.7 Licensee must obey all federal and Oregon state laws and regulations pertaining to the practice of medicine.

5.8 Licensee stipulates and agrees that any violation of the terms of this Order shall be grounds for further disciplinary action under ORS 677.190(17).

IT IS SO STIPULATED THIS 15th day of June, 2015.
