CRO SAFETY COMMITTEE MEETING MINUTES

OLD BUSINESS:

A. Core Safety Competencies:

1. "Smitty" reported that there are thirteen (13) lessons for our post wide OSHA Training Requirements. Ji suggested we do approximately two hours a quarter to cover lessons and that they be complete information, not just based on a time consideration (continue lesson until complete even if runs longer than two hours). Chris would like to see more up to date films used. "Smitty" and Ken will meet to discuss training meeting schedule.
2. Freddie stated that the 116th has a fifteen (15) minute monthly safety meeting that covers the required thirteen lessons, as well as federal required training.
3. Subject will be continued at next meeting.

B. AED's:

1. RAM Security has signed for their AED and Mr. Jonathon Tygret will sign for HQ's, a work order shall be placed for installation of the device. Only one set of batteries and no charging unit was delivered, therefore Dan Wilcock will contact Robin Webb on the issue.

C. Classes and Workshops:

1. To be tabled until next month when Ken Klee can attend.

D. Hearing Test:

1. Tina will track her noise exposure for one month and turn in to Ken for evaluation/determination of hearing test.

NEW BUSINESS:

A. Distribution of Minutes:

1. The minutes shall be sent to Committee for review before being signed, scanned and distributed post wide. Silence is consent for content.
