ADPC Financial Analysis

Presented by Director Dolph and Mara Sargent

Director Dolph provided an overview of the 2023-2025 Substance Use Disorder State Spending Financial Analysis and spending across the SUD Continuum of Care.

- Oregon spent **\$1.5 billion** on SUD services in the 2023–2025 biennium (~1% of total state budget).
- **Medicaid dominates the system**, representing ~60% of all SUD spending and almost entirely funding treatment.
- **Other Funds** especially marijuana-derived BHRN funding—make up nearly 25% of spending but are unstable and declining.
- Strong misalignment exists between need and funding within several agencies, including the Oregon Youth Authority.

Harm Reduction Findings

- Roughly **98% of harm reduction spending** flows through OHA, primarily via BHRN and other grant programs.
- Statewide naloxone spending totaled **~\$11 million**, almost entirely purchased through Save Lives Oregon.
- Most agencies classified harm reduction spending as naloxone only, revealing limited investment in broader harm reduction strategies.

Committee Actions and Next Steps

- A **joint Recovery + Harm Reduction Workgroup** will be formed to examine BHRN spending more closely.
- The committee aims to develop a clear definition of **comprehensive harm reduction** to guide future funding recommendations.
- Members raised interest in evaluating naloxone inventory, usage, and expiration to better understand distribution effectiveness.

Agency Partner Updates

Presented by Agency Partners

Save Lives Oregon: Jude Leahy shared an update on Save Lives Oregon Clearinghouse is operational and continues to distribute harm reduction supplies. Their School Naloxone project is ongoing. Just in Case Oregon launched on September 1 and has since seen over 1,500 requests for naloxone and is delivering in most Oregon counties. Currently working on legislative concept about expired naloxone redistribution and use which will be shared at a future meeting.

Public Health Division Overdose Prevention Team: Rebecca Garza shared that the [Drug Use and Overdose Prevention](#) website has been updated. She requested feedback for improvements from partners. Friends for Life launch for youth has had a positive start to campaign. It is funded for the next year and they will be working with communities to implement it locally.
