## EXECUTIVE APPOINTMENTS ELECTRONIC APPLICATION

TO APPLY- [CLICK HERE](#)

You will be instructed to create a Workday profile using an email and password.

The Electronic Application will capture the same material as the previously used Interest Form. It is a basic application that tells our office about you, your background and why you want to participate on a Governor-appointed Board or Commission. You will need to include your resume, a short personal bio, and answers to supplemental questions. In addition, applicants are subject to a background check and additional vetting may apply for some board positions. Notifying us about something in your past does not necessarily mean that you can't or won't be appointed; but it is important that you disclose this information in the beginning of the process. Please ensure your fiscal responsibilities are in order when applying. Non-compliant issues may delay or jeopardize your potential appointment.

If you are unable to complete the form electronically, please reach out to the Executive Appointments Office at [executive.appointments@oregon.gov](mailto:executive.appointments@oregon.gov) for assistance.

You may apply at any time, regardless of whether there is a current opening, as resignations occur throughout the year. Once you submit your Electronic Application, it will remain on file with our office until the end of December 2022. If you are being actively considered for an appointment, you will hear from either the Governor's Office or the Board Administrator directly.

#### About Boards & Commissions

The Governor makes appointments to over 250 boards and commissions representing a broad range of areas and issues for the State of Oregon. At all levels of state government, contributions by members of boards increase efficiency, innovation and responsiveness of governmental decision-making. Most major state agencies and departments are headed by policy-making boards or commissions appointed by the Governor. Many additional committees, councils, boards and commissions establish policy in given areas or serve in advisory roles.

Major issues range from consumer protection, economic development, education, conservation, and health care — all of which are critical to the ongoing success of the State of Oregon. The Governor is also committed to ensuring that all boards and commissions represent the growing age, racial, and gender diversity of the state. This is an amazing opportunity to pool our collective viewpoints, visions and hopes for Oregon — and all community members are welcome and encouraged to serve.
