MODEL PUBLIC USE AIRPORT ZONE

- .010 Purpose.** The purpose of the Public Use Airport zone is to encourage and support the continued operation and vitality of [public use airports] [name of specific airport(s)] in the [city] [county] by allowing certain airport-related commercial and recreational uses in accordance with state law. [ORS 836.600] **[NOTE: where the jurisdiction contains just one or a couple airports listed in OAR 738-090-0030(1), it may want to identify the airport(s) by name; otherwise, it should use "public use airports"]**
- .020 Application.** This zoning district applies to all publicly owned airports in the [city] [county], other than towered airports, that were registered, licensed or otherwise recognized by the Oregon Department of Transportation on or before December 31, 1994 and that, in 1994, were the base for three or more aircraft. It also applies to those privately owned public use airports in the [city] [county] identified by rule by the Department of Transportation as providing important links in air traffic in Oregon, or providing essential safety or emergency services, or being of economic importance to the county where the airport is located. [ORS 836.610(1); see also OAR 738-090-0030(1)] **[NOTE: this section reflects state law. Some jurisdictions like to include this type of provision in their zoning ordinances, while others do not. Its use is optional. Local governments choosing to include this section may wish to substitute the names of the affected airports.]**
- .030 Conformance with Airport Overlay Zones.** All uses, activities, facilities and structures allowed in the Public Use Airport Zone shall comply with the requirements of the Public Use Airport Safety and Compatibility Overlay Zone. In the event of a conflict between the requirements of this zone and those of the Public Use Airport Safety and Compatibility Overlay Zone, the requirements of the overlay zone shall control.
