ASAP PROJECT UPDATES: Project information is listed in the COAR Status Report 07/22/2026, SOAR Status Report 07/22/2026, and ROAR Status Report 07/22/2026.

COAR Program: or Critical Oregon Airport Relief program, is described in 2021 Oregon Laws, chapter 526. Grant cycles occur annually in the fall. The tenth grant cycle received applications during the month of October 2025, and final selection by the State Aviation Board for grant funding was at the February 5, 2026 meeting. Cycle 11 (2026-2027) is scheduled to open for grant applications in October 2026.

All projects in COAR cycles 1-4 are completed and the grant cycles are closed. Open grants in COAR cycles 5 and 6 are nearing completion and expected to be closed out within the next 6 months. COAR cycle 7 has 10 grants in progress, with most expected to be completed in 12 months. COAR cycle 8 has 29 grants in process with the majority expecting to be completed in the next 12-18 months. COAR cycle 9 has 30 active grants and 10 pending execution. Finally, COAR cycle 10 grants approved in February 2026 are in the process of being executed. ODAV will continue to work with grantees to execute current awarded grants to complete as many as possible before the 2026-2027 COAR cycle.

SOAR Program: or State Owned Airport Reserve program, is described in 2021 Oregon Laws, chapter 526, section 1(7). Each cycle consists of two calendar years. The State Aviation Board approved a Contingency Fund in some cycles for small projects; in Cycle 1 only, each small project was counted as an individual project in the table below. Projects in cycles 2 and 3 were delayed due to increased project costs and decreased fuel tax revenues during the COVID-19 pandemic. Projects in Cycle 4 include contingency and worker funds and re-approval of past cycle projects by the State Aviation Board. Cycle 5 projects include contingency and worker funds, Oakridge Airport runway reconstruction, and purchase of obstruction removal equipment which was completed in 2025. Cycle 6 includes projects at eight of the state owned airports as well as capital equipment purchase, and a project and maintenance contingency fund. The 2026-2027 cycle projects were approved by the State Aviation Board at the April 2, 2026 board meeting.
