Greetings,

I write today to express my support for the Pacific City State Airport and comment on the attempted take back of the promised SOAR funds for the airport. Pacific City State Airport has been a popular destination for myself and others in central Oregon. Part of this is due to the amazing upkeep volunteers do at the airport. They have continually requested funds to ensure items they are not capable of doing without are taken care of, such as fixing drainage and emergency access.

I believe it would be a travesty for promised funds to be taken from the airport especially when maintenance and upkeep have been done by supporters for free.
