For public comment:

Please please please continue funding this wonderful little airport, and it's much needed repairs/upgrades. It's such a wonderful stop in my little Ercoupe, always a favorite. These aviation gems will never return if they are neglected, please keep it going. America's aviation infrastructure is so important, an amazing freedom open to us all.

This airport was part of my introduction to aviation, and the start of my thousands of hours of exploring this amazing country by air.

Thank you so much.
