Public Comment Topic	legislative and budgetary action at state owner airports
Public Comment	It's important to protect our small-airport infrastructure, as it serves a vital community function during disasters. I encourage you to: 1. Protect essential airport services and safety infrastructure. 2. Honor existing airport improvement commitments. 3. Consult airport users before major decisions. 4. Create opportunities for aviation volunteers to reduce costs through public-private partnerships. 5. Develop a sustainable long-term strategy for Oregon's state-owned airports.
