Public Comment	I wish to submit my support for the Pacific City Airport and ask that you consider its contribution to the area. The airport provides access to the tourism opportunities in the surrounding area. As a pilot I have utilized the airport for vacation access to lodging at Cape Kiwanda Inn as well as dining opportunities in the area. Without the airport, it is unlikely that I would visit. I feel that the airport is well placed and an important resource for the area. Once access of this type is lost, it seldom comes back. This airport is highly regarded by pilots of the northwest, observed by the volunteers who show up for work parties. It seems like a lot has been accomplished by these work parties. Please give this airport the attention it deserves. Rick Young
