Public Comment Topic	Pacific city airport
Public Comment	This is a small community that needs a venue to attract business, tourism and adventurers. As you know the coast is an incredible location of travel. The desire to head to Pacific City and enjoy the community and the return to home base is highly desirable. Now, not to mention that the weather on the coast is unpredictable and any alternative landing strip of venue to wait out the elements is obligatory! Keep Pacific City Open! We need it.
