Cardholder signature _____	Expiration date _____
Name of cardholder as shown on credit card _____	
Credit card number _____	\$ _____ Amount

**DCBS FISCAL USE ONLY**

## PERMIT REQUIREMENTS

If an installation, alteration, or repair will be performed by the owner of the boiler or pressure vessel or an employee of an owner, an installation permit is required only if a boiler or pressure vessel is located in a structure that is classified as an Educational Group “E” Occupancy, Institutional Group I-2 Occupancy, or has an occupant load greater than 100, as calculated in the Oregon Structural Specialty Code.

However, an installation permit is not required for a boiler or pressure vessel that is installed, altered, or repaired by its owner or an employee of its owner in a location that is staffed 24 hours a day, seven days a week, by people knowledgeable in the operation and maintenance of the boiler or pressure vessel.

In case of an emergency, a permit is not required in advance of boiler or pressure vessel installations or repairs, as long as a *Request for Boiler/Pressure Vessel Permit for Installation, Alteration, or Repair* is submitted to the Building Codes Division (BCD) BCD within five days after starting the emergency work. If there is a need for emergency work, you **MUST** immediately notify the boiler permit technician by phone at 503-373-7538. An emergency is defined as “an unplanned circumstance requiring immediate repair, installation, replacement, or shutdown because of risk to health, life, or property.”

The acceptance of a permit application by BCD does not signify that the installation, repair, or alteration is approved. The authorized inspector must approve all installations, alterations, or repairs.

Installations, alterations, or repairs must be completed according to the Oregon Boiler Specialty Code.

Any boiler or pressure vessel that is installed, repaired, or altered without a license is considered an unauthorized installation, repair, or alteration – unsafe to operate until all code requirements have been met.

Violations of licensing requirements can result in the assessment of civil penalties of up to \$5,000 for each violation (ORS 480.670 and ORS 455.895).

**Questions:** Contact the boiler program at 503-373-7538 or email [BCD.boiler@dcbs.oregon.gov](mailto:BCD.boiler@dcbs.oregon.gov)
