State Plumbing Board

Meeting agenda

Thursday, June 17, 2021, 9:30 a.m.

Live-virtual board meeting

Live audio-streamed via the [Internet](#)

I. Board business

- A. Call to order
- B. Roll call
- C. Approval of agenda and order of business
- D. Approval of the [draft board meeting minutes](#) of April 15, 2021
- E. Date of the next regularly scheduled meeting: Aug. 19, 2021

II. Public comment

The division is taking extra precautions for public meetings given concerns regarding the Coronavirus/COVID-19. Board members and staff will be connected by “GoToMeeting.” Because of these unusual circumstances, the division is taking steps to ensure an opportunity for written testimony and remote oral testimony for the public. Send your written testimony or request to provide oral public testimony to the boards coordinator 24 hours in advance of this meeting date. Requesting oral testimony for this meeting has a cutoff date of **June 16, 2021**, at noon. *(Additional instructions are at the end of the agenda).*

III. Reports

Plumbing program update

IV. Communications - None

V. Appeals - None

VI. Unfinished business - None

VII. New business

- A. Board review and approve [committee recommendations](#) for new continuing education course and instructor applications
- B. Board review [application denial](#) for a reciprocal Journeyman Plumber license request from Sam Maknoui

VIII. Announcements – None

IX. Adjournment

Please read carefully

Temporary instructions for submitting public testimony for board meetings:

- Please submit written testimony for consideration by noon the day before the scheduled meeting by email to debra.j.woods@oregon.gov.
- Include your name and the organization you represent (if any).
- List the board and agenda item to which your comments are related.
- Please include all related material.
- Expect an email from the boards coordinator, the chief, or the chair of the board acknowledging that your testimony has been received and will be presented to the board.
- *If you would like to be connected by the GoToMeeting for oral testimony, please send an email to debra.j.woods@oregon.gov and the boards coordinator will send you specific instruction on the process by email. Please include your name, organization, and the agenda item to which your testimony relates. The board Chair will manage public testimony during the meeting. Testimony will be limited to 5 minutes.*
- If you do not receive confirmation of your testimony within one business day or by 8:30 a.m. on the date of the board meeting, please resubmit your testimony.

Thank you for working with us to ensure the health and safety of all participants.

Note: For information regarding re-appointments or board vacancies, please visit the Governor's [website](#).

State Plumbing Board
***Virtual* meeting minutes**
April 15, 2021

Members audio: Travis Argue - 10-year journeyman plumber, Chair
Matthew Rozzell – Building official, Vice-chair
Craig Anderson - Licensed plumbing contractor
Corey Frazier - Registered professional mechanical engineer
Molly Keller - Employee of the Oregon Health Authority
Melissa Gitt - Local plumbing inspector with journeyman license

Members absent: None

Staff audio: Alana Cox, Building Codes Division Administrator
Andy Skinner, plumbing program chief, Policy and Technical Services (PTS)
Andrea Simmons, fiscal and customer services representative
Julia Hier, senior policy advisor, PTS
Andy Boulton, policy analyst, PTS
Megan Sachet, contested case representative, Enforcement Services
Laura Burns, support coordinator, PTS
Debi Barnes-Woods, board administrator/coordinator, PTS
Melissa Stiles, policy development coordinator, PTS

Public connected: Darrell Fuller, executive director, PHCC
Truman Mann, self
Brad Senecaut, IAPMO Cascade Chapter
Kraig Stevenson, ICC international Code Council
Mckenzie James, plumbing instructor
Lisa Reynolds, House District 36, Portland

I. Board business

A. Call to order

Chair Travis Argue called the April 15, 2021, State Plumbing Board meeting to order at 9:32 a.m. All board meetings will be held as virtual GoToMeetings and streamed live through the division webpage until further notice. The division is taking extra precautions for public meetings given concerns regarding the Coronavirus/COVID-19, pandemic.

B. Roll call

All board members were connected.

C. Approval of agenda and order of business

Chair Argue ruled the agenda and order of business approved.

D. Approval of the draft board meeting minutes of Feb. 18, 2021

Chair Argue ruled the draft board meeting minutes of Feb. 18, 2021, final.

E. Date of the next regularly scheduled meeting: June 17, 2021.

II. Public comment

Policy Analyst Andy Boulton announced that no public comment was received.

III. Reports

Plumbing program update

Andy Skinner, plumbing program chief, announced the promotions of Alana Cox and Dawn Bass:

Congratulations to Alana Cox in her appointment as BCD Administrator! Alana has served as interim administrator since September 2020. Alana has been with the division since 2016, first as the senior policy advisor, then as the manager of Policy and Technical Services. She has worked closely with the division's seven advisory boards on code adoption and other rulemaking initiatives, and has been very involved in legislative tracking and implementing bills that impact the division.

Congratulations to Dawn Bass in her appointment as BCD Deputy Administrator! Dawn has been at BCD over five years, first as financial operations manager, then as interim deputy administrator. Dawn has extensive state government experience spanning over 25 years, including as deputy administrator at the Oregon Health Authority, where she managed operations of a half-billion-dollar state construction project, on time and under budget (not something you hear every day!).

Chief Skinner said the new 2021 Oregon Plumbing Specialty Code (OPSC), based on the 2021 Uniform Plumbing Code (UPC), is effective April 1, 2021. The integrated read-only version of the new codebook will be available soon. A summary of changes has been prepared for the 2021 OPSC.

- [2021 OPSC - Significant changes summary](#)
- [Code update training video 1](#)
- [Code update training video 2](#)

IV. Communication - None

V. Appeals - None

VI. Unfinished business - None

VII. New business

A. Board review and approve committee recommendations on new continuing education course and instructor applications

Andy Boulton, policy analyst, Policy and Technical Services, said that the one course submitted for review by the committee was recommended for approval.

Until further notice, all agenda items that require a vote, will be taken by roll call.

Motion by Chair Travis Argue to approve committee recommendations for approval or denial of courses and instructors.

Aye: Craig Anderson; Corey Frazier; Melissa Gitt; Molly Keller, Joe Lebold; Matthew Rozzell, Vice-chair; and Travis Argue, Chair.

Nay: None.

Motion carried unanimously.

B. Boar review request from HSI to be recognized as a national organization and a nationally accredited continuing education provider for all courses submitted for the current code cycle

Health and Safety Institute (HSI) was asking the board to be recognized as a national organization removing the requirement to submit specific course approvals to the division to include the newly approved submitted courses.

Motion by Joe Lebold to approve request made by HSI with no changes.

Aye: Craig Anderson; Corey Frazier; Melissa Gitt; Molly Keller, Joe Lebold; Matthew Rozzell, Vice-chair; and Travis Argue, Chair.

Nay: None.

Motion carried unanimously.

C. Board review request from Plumbing-Heating-Cooling Contractors to be recognized as a nationally accredited continuing education provider for all courses submitted for the current code cycle

Darrell Fuller, executive director, Oregon, Plumbing-Heating-Cooling Contractors (PHCC), asked the board to renew PHCC's authority to provide journeyman plumbing continuing education for code related education, 16 hours required. PHCC request was specific:

“(1) Up to eight hours at our state convention, and
(2) Two hours for each local presentation. Currently, they are listed as Columbia and Willamette Chapter dinners. However, we are holding lunch/dinner meetings across the state, and would prefer a single “contractor’s dinner” designation for our meetings with two hours CE credit.

In addition, due to COVID, I would like the Plumbing Board to authorize Oregon PHCC to offer continuing education through live video presentations and recordings. For example, we might provide a Zoom opportunity for people across the state who cannot attend one of our contractor dinners in person.

Those Zoom meetings are recorded and could also be accessed by JPs on our

website. Finally, Oregon PHCC has access to a library of potential classes and seminars from the National PHCC. These are very high quality presentations on important topics.”

Mr. Fuller was available to answer any questions from the board.

Motion by Craig Anderson to approve request made by PHCC with no changes.

Aye: Craig Anderson; Corey Frazier; Melissa Gitt; Molly Keller, Joe Lebold; Matthew Rozzell, Vice-chair; and Travis Argue, Chair.

Nay: None.

Motion carried unanimously.

D. Board review request from IAPMO Cascade Chapter to be recognized as a national organization and a nationally accredited continuing education provider for all courses submitted for the current code cycle

Brad Senecaut, IAPMO Cascade Chapter, was asking the board to extend approval of the current course approval through the 2021 Oregon Specialty Code cycle. IAPMO’s application included that until the pandemic restrictions are lifted for group meetings, the meetings will be held virtually. They will be using Zoom meetings and Mckenzie James and Brad Senecaut will be the instructors that have both been previously approved as instructors.

Motion by Melissa Gitt to approve request made by IAPMO Cascade Chapter with no changes.

Aye: Craig Anderson; Corey Frazier; Melissa Gitt; Molly Keller, Joe Lebold; Matthew Rozzell, Vice-chair; and Travis Argue, Chair.

Nay: None.

Motion carried unanimously.

VIII. Announcements - None

IX. Adjournment

Acting-chair Rozzell adjourned the meeting at 9:50 a.m.

Respectfully submitted by Debi Barnes-Woods
Division Boards Coordinator/Administrator

State of Oregon

Board memo

Building Codes Division

June 17, 2021

To: State Plumbing Board

From: Andy Boulton, policy advisor, Policy and Technical Services

Subject: Continuing Education Applications

Action requested:

State Plumbing Board consideration of the Continuing Education Committee's recommendations regarding continuing education courses and instructors.

Background:

The State Plumbing Board establishes continuing education requirements for all plumbing licensees in order to ensure licensees possess up-to-date knowledge of the code and administrative requirements. The board sets standards for approval of courses and instructors in order to have a sufficient number and variety of continuing education courses available to licensees.

The board's continuing education committee has been evaluating courses and instructors on the board's behalf. In May, the committee reviewed 56 applications from 9 organizations:

- 33 courses were recommended for approval.
- 2 courses were not recommended for approval
- 18 instructors were recommended for approval.
- 1 instructor was not recommended for approval.

See attached summary for more information.

In addition to the Oregon Rule and Law criteria, the committee uses the following when reviewing applications:

- For correspondence courses – Provider must submit complete course and some method of verification that student has completed course.

- For online courses – Provider must submit a log-on or screen shots of course content.
- OSHA 10 and 30 courses are eligible for a maximum of 10 hours code-related credit.
- First Aid, CPR, AED, and OSHA related safety courses are eligible for a maximum of eight hours code-related credit.

Options:

- Approve the committee's recommendations for approval or denial of courses and instructors.
- Amend and approve the committee's recommendations for approval or denial of courses and instructors.
- Disapprove the committee's recommendations for approval or denial of courses and instructors.

18	Jennifer Walton, Just in Time Training, LLC	Approve for the 2021 code cycle	
19	Bruce Manclark, Northwest Energy Efficiency Alliance	Approve for the 2021 code cycle	

Hi Mr. Chief Skinner,

I am sending you the Plumbing diploma I got in Iran. As I mentioned that training was technical high school that was complete and extensive academical and hands on technical classes to make one a plumber or to continue education to become an engineer.

Our training started with drawing dimensional objects, then drawing building plans, then designing all plumbing for big buildings on the plans. We had to learn mathematics, physics and geometry. In class, we were thought codes, design and installation techniques of hot, cold, Natural gas, refrigeration gas and drain. In our workshop we started with manufacturing objects with raw unfinished solid metal by only hand tools like hack saw and file. Then we learned about welding black pipes for gas system, soldering copper pipes, flaring, threading galvanized pipes for hot and cold, Cast iron with lead and oakum, ABS and so on.

Also we have been reading the Oregon statues and it says about the reciprocity that needs apprentice completion or other work experience. I am sending you the Oregon statute with the highlighted parts that shows other experience. It never says that the only way to get plumbing license is apprentice program. It gives other options and that is what I have been getting from BCD and your staff at the licensing for few years and some of them are Becky and Graham Roney, and there was another lady who used to answer the phone before Covid, but I don't have her name.

Roseanne and you confirmed that other applicants before me got the reciprocal license without completion of apprentice.

I also would like to request to appeal my case to the Plumbing Board. But I hope that you can reconsider my case so I do not have to wait for that long.

Best Regards,
Sam Maknoui

Re: NOTICE OF APPLICATION DENIAL

Dear Mr. Maknouni,

The Building Codes Division has reviewed your application for a reciprocal Journeyman Plumber license. In order to qualify for a reciprocal Journeyman Plumber license, an applicant must meet the following minimum requirements of the Oregon Revised Statutes and Oregon Administrative Rules:

- **Submit documentation that the applicant possesses an equivalent or higher license from a reciprocal state.**
- **The license must be active and current with no violations within the last three years.**
- **The applicant is to be qualified for the equivalent or higher license through the required work experience; defined in OAR 918-030-0045 as obtained through a registered apprentice program.**
- **By passing an examination with a score of 75% or better.**
- **The applicant has work experience totaling a minimum of 1,000 hours under the license in the reciprocal state.**
- **Work experience shall be verified in the manner established by OAR 918-030-0040**

The documents submitted with your application do not meet these requirements because:

- You did not qualify for licensure in Idaho by completion of an apprenticeship program. The reciprocal agreement between Oregon and Idaho require licenses to be obtained in the same manner as **required by OAR 918-030-0045.**

Because this letter constitutes an official denial of your application, the Division wants to make you aware of your rights under Oregon law. Read the following material regarding your rights closely. In order to preserve your rights, you must take the following steps within the time periods specified below.

918-030-0030

Qualifying Criteria

All applicants must submit proof of qualifying criteria as required by the appropriate rules and in the manner established by this rule.

(1) Submit training and experience verification as follows:

(a) A certificate of completion from a registered apprenticeship program, or a referral letter from either the registered training committee or a board approved training program stating the applicant is qualified to take the examination. The division will accept completion from an apprenticeship program that is not registered only if it meets the Oregon standard for apprenticeship training.

(b) A copy of a valid license from a reciprocal jurisdiction or a letter from the reciprocal jurisdiction stating that the applicant is currently licensed. Only reciprocal jurisdiction licenses obtained through examination meet this requirement; or

(c) Other verification of equivalent training and experience submitted in the manner established in OAR 918-030-0040 and 918-030-0050.

(2) Electrical license applicants who are required to submit proof of related training classes may alternatively submit verification of twice the amount of equivalent work experience required for the license.

(3) Applicants required to take an examination must submit proof of a high school diploma, GED or international equivalent. A college degree will substitute for the requirements of this section.

(4) For purposes of qualifying for a license, the division will consider no more than 2,000 hours of experience per year.

(5) Only lawful work experience is accepted. The appropriate board or division determines whether an applicant's work experience is lawful. If an applicant disagrees with the determination, the applicant must provide evidence clearly demonstrating that, at the time the disputed work was performed, the work experience was lawful under the laws of the jurisdiction in which work was performed.

Stat. Auth.: ORS 183.335 Stats. Implemented: ORS 183.335 Hist.: BCD 19-2004, f. 9-30-04, cert. ef. 10-1-04; BCD 10-2005, f. 4-29-05, cert. ef. 5-1-05; BCD 10-2006(Temp), f. 6-30-06, cert. ef. 7-1-06 thru 12-28-06; BCD 13-2006, f. 9-29-06, cert. ef. 10-01-06

918-030-0040

Other Verification

(1) Applicants submitting other verification of equivalent training and experience under OAR 918-030-0030(1)(c), must provide verification from the following persons:

(a) Verification from a current or previous employer actively involved with the applicant's work; or

(b) If the current or previous employer is no longer in business, is deceased or otherwise cannot be located, verification from the individual that supervised the work; or

(c) Only if both the employer and the supervisor cannot be located, verification from a co-worker that was directly involved in the work performed. Co-worker verification must be accompanied by supporting documentation, such as employment records, showing that the verifier worked with the applicant and has knowledge of the work performed.

(2) The appropriate board may approve alternate verification of training and experience on a case-by-case basis.

918-030-0045

Oregon Reciprocal License Requirements

- (1) The purpose of these rules is to assist the citizens of Oregon and reciprocating states with substantially similar electrical and plumbing licensing criteria to obtain a license without examination.
- (2) For the purposes of this rule the following definitions apply:
 - (a) "Reciprocal Applicant" means a person applying for a reciprocal license.
 - (b) "Reciprocal License" means a license issued by Oregon to a person who qualifies under these rules.
 - (c) "Reciprocal State" means a state with a reciprocal licensing agreement with Oregon.
 - (d) "Work Experience" refers to work experience obtained through a registered apprenticeship program. Work experience may also refer to work experience verified in the manner established by OAR 918-030-0040 or OAR 918-030-0050.
- (3) To qualify for a license under these rules, a reciprocal applicant must prove that they:
 - (a) Possess an equivalent or higher license from the reciprocal state that is current and active with no violations or conditions attached within the past three (3) years;
 - (b) Qualified for the equivalent or higher license from the reciprocal state through required work experience and by passing an examination in the reciprocal state with a score of 75 percent or better;
 - (c) Have worked a minimum of six (6) months (1,000 hours) under the license in the reciprocal state;
 - (d) Have not taken and failed the Oregon examination within the past two (2) years for the license type they are applying to reciprocate.
