Code review committee members

The Board of Boiler Rules is appointing a code review committee and is seeking interested parties to participate as committee members. The purpose of the committee is to provide a technical recommendation to the board for the next edition of the codes. The board will review the committee's recommendation and make a final recommendation to the division administrator for the adoption of the code and the associated rulemaking.

The following is anticipated for the code review committee:

- Number of members:** 5 to 7 committee members
Number of meetings: 1 to 2 meetings for approximately 5 hours each
When / Where: April 2024
Where: Virtual / in-person at Building Codes Division in Salem

If you are interested in participating on the committee, you must submit the Code Review Committee Interest Form before **Feb. 18, 2024 at 5 p.m.**

Code amendment proposals

The division is also providing notice of the public's opportunity to submit code amendment proposals for the 2024 Oregon Boiler and Pressure Vessel Specialty Code.

Proposals will be accepted from Feb. 9, 2024 to March 25, 2024.

Instructions for submitting code amendment proposals are available on the division's website. Completed Code Amendment Proposal Applications with any supplemental materials may be emailed to BCD.PTSptech@dcbs.oregon.gov or mailed to the post office box noted on the application.
