# STAFF REPORT

For Meeting of August 22<sup>nd</sup>, 2016

MAYOR AND MEMBERS OF THE CITY COUNCIL

Agenda Item #

NO. 2016-

**SUBJECT: Building  
Permit minimum fee  
increase**

## Subject

Building permits fee changes/additions.

## Summary and Background

The City of Hermiston's Building Department is utilizing a free building permit program provided by the State of Oregon called Accela. One of the conditions when using this program is cities must have their fee schedule up to date with requirements set forth by the State of Oregon. Currently, the City of Hermiston is not current with the established fees required by the State of Oregon.

Also, to help provide adequate funds and other resources necessary to administer and enforce the City of Hermiston's inspection program, the City is asking to raise the minimum building permit fee. The last fee increase was 15 years ago.

## Fiscal Information

The minimum fee would be raised from \$13 to \$42.25 for work being done with a valuation between \$1-\$500. In-turn, this will slightly raise all permits.

## Alternatives and Recommendation

### Alternatives:

No longer use the State of Oregon's free program and find another permit program that will work for the current fees. These programs generally cost up to \$35,000 or more for a one time purchase fee. If any upgrades or customer service is needed that could be additional costs.

### Recommendation:

Staff recommends the adoption of the fee schedule modification to utilize Accela provided free of charge by the State of Oregon and to increase the minimum building permit fee.

## Requested Action/Motion

Motion: Approve increase to fee schedule as mandated by the State of Oregon and raise the minimum permit fee.

## FEE SCHEDULE

The final determination of valuation, occupancy, and/or construction type under any of the provisions of this order shall be made by the Building Official.

### A. Building Permits

The cost per square foot of carports, decks, 1 & 2 Family Dwelling pole buildings, and covered porches/patios shall be 50% of the valuation indicated for "Private Garages" on the City's valuation table.
