**2020 License Expiration Date Extension**

---

**Purpose of the rule:**

This rule extends the renewal deadline for licenses that were due to renew between April 1, 2020 and December 1, 2020, until January 15, 2021. This extension is in response to the ongoing, and anticipated continuing, difficulties license holders are facing due to Covid-19. This renewal extension is needed to ensure that license holders are able to complete the necessary continuing education courses and other license renewal requirements. These courses are either limited or are not currently available due to the closure of education provider locations due to Covid-19.

Adopt: OAR 918-030-3010  
This rule is effective June 10, 2020

**Background:**

Licenses typically renew on three-year cycles, with multiple different licenses scheduled for renewal throughout 2020. Due to the Covid-19 response, license holders may encounter difficulties complying with the license renewal requirements. The division recognizes that these issues are outside the control of license holders and has decided to extend the license expiration dates for the impacted licenses. All impacted licenses will now renew on January 15, 2021.

**Effect:**

This rule extends the expiration date and renewal deadline for certain license types until January 15, 2021.

**List of Impacted Licenses with Renewal Extended to January 15, 2021:**

- Boiler and Limited Maintenance HVAC/R Business
- Plumbing and Boiler Business
- Plumbing, Boiler, and General Electrical Business

*These licenses are in addition to the licenses extended by OAR 918-030-3005.*

**NEED FOR THE RULE(S):**

Recent Covid-19/Coronavirus closures and restrictions have resulted in various licensees having difficulty renewing their licenses, including completing relevant continuing education courses required for license renewal. This rule extends the deadline to renew three licenses that have not already renewed that would otherwise be due to renew in 2020 to January 15, 2021. Action is needed now to ensure license holders have adequate notice of the change, and so that the division can make necessary administrative changes to postpone the renewals.

**JUSTIFICATION OF TEMPORARY FILING:**

Recent Covid-19/Coronavirus closures and restrictions have resulted in various licensees having difficulty renewing their licenses, including completing relevant continuing education courses required for license renewal. This rule extends the deadline to renew three licenses that have not already renewed that would otherwise be due to renew in 2020 to January 15, 2021. This temporary rule is justified because it will allow license holders sufficient time to account for the change in their renewal date, and it will allow the division to take immediate action to make necessary administrative changes to prepare for the new one time renewal date.

**DOCUMENTS RELIED UPON, AND WHERE THEY ARE AVAILABLE:**
