Minor Label Inspection Photo Guide

Photos submitted for digital inspection should clearly display the work to be inspected. The inspection needs will vary depending on the details of the job. Photo's that do not clearly display the work will NOT be accepted.

Examples of acceptable submissions are shown below for **Relocating grilles and air distribution inlets or outlets.**

Description	What to provide in photograph	Sample photo (sample photos size is reduced for this document)
Boot installed correctly	<ul style="list-style-type: none"> Provide a picture clearly showing that the inlet/outlet boot is installed correctly 	
Ducts moved appropriately	<ul style="list-style-type: none"> Provide a picture clearly showing that the ducts have been moved appropriately 	
Mechanical Minor Label	<ul style="list-style-type: none"> Provide a picture clearly showing the mechanical minor label has been affixed
