The following is a new report required by the passage of 2017 House Bill 3253. HB3253 requires the Commission to “Not later than January 15 of each year, submit an annual report on the performance of the Commission’s Business Enterprise Program (BEP) to the interim committees of the Legislative Assembly related to health and human services.” This report contains the performance data for the Business Enterprise Program, site survey results, refusals by public entities to participate in the program and reports submitted to the Federal Rehabilitation Services Administration. As this is the first report submitted by the Commission after the passage of HB3253, we welcome your comments.
The Oregon Commission for the Blind (OCB) was established in 1937 as a state agency. OCB has evolved over time to become a consumer-focused organization with a citizen governing body appointed by the Governor. The agency receives policy direction and oversight from a seven-member Commission representing consumer organizations, educational institutions, ophthalmology and optometry professionals, business leaders, and individual citizens. It is required that a majority of the seven members of the Commission are persons who are blind.

**OCB PROGRAMS**

**VOCATIONAL REHABILITATION**

The OCB Vocational Rehabilitation (VR) Program provides Oregonians with job readiness assistance. Experienced VR counselors help clients hone many of the skills necessary to obtain employment.

**ORIENTATION & CAREER CENTER**

In-depth residential training center in Portland where students receive adaptive technology, techniques of daily living, and orientation and mobility (O&M) instruction.

**YOUTH/TRANSITION SERVICES**

Experienced OCB counselors work with students who are legally blind (or have a condition that will lead to blindness) to help ensure a successful transition from high school to college or the workforce.

**INDEPENDENT LIVING**

Rehabilitation Instructors provide home and community based training, techniques of daily living, and resources to residents age 55 and over who experience vision loss and want to maintain a greater level of independence.

**BUSINESS ENTERPRISE**

Business Enterprise (BE) staff promotes client independence by providing opportunities and training in food service and vending operations management to Oregonians who are legally blind.
The Oregon Commission for the Blind is the designated State Licensing Agency for the Business Enterprise Program (BEP) under the federal Randolph-Sheppard Act. BEP operates by the authority of Oregon Revised Statutes 346.510 – 346.570.

PROGRAM PURPOSE
The BEP was designed to provide for-profit business management opportunities for Oregonians who are legally blind and to provide customers with high-quality food service and vending programs. These business owners are called Vending Facility Managers, or VFMs.

ENABLING LEGISLATION/PROGRAM AUTHORIZATION
Established in 1936, the federal Randolph-Sheppard Vending Stand Act Public Law 74-732 granted priority to VFMs for the operation of vending facilities in federal locations. In 1957, Oregon passed ORS 346.510-570, which stated Oregon shall operate the Business Enterprise Program, allowing VFMs a preference and opportunity to bid on facilities in state and municipal locations. Amendments were made under HB 3253 in the 2017 Legislative Session.

BE PROGRAM DESCRIPTION

As the state licensing agency, the BEP has the following Federal and State mandated responsibilities:

- Selecting, training, and licensing of qualified individuals
- Surveying new locations for new opportunities on federal, state, and other public properties
- Continuing education of all licensed individuals
- Processing monthly financial information for all facilities, including billing and collections of required fees
- Inspecting and evaluating all facilities annually
- Gathering data on potential new facilities being built or acquired
- Establishing new opportunities on federal, state, and other properties
- Ensuring licensees are in compliance with federal and state agreements
- Negotiating agreements with federal, state, and other agencies
- Managing agreements with federal, state, and other agencies
- Enforcing the Randolph-Sheppard Act and the Code of Federal Regulations, part 395
- Enforcing Oregon Revised Statutes 346.510 – 346.570
- Ongoing maintenance of established facilities
Governor Brown has prioritized focusing on education and prevention services as a long-term investment that will produce improved outcomes and reduce costs to the State. Vocational Rehabilitation has consistently demonstrated a substantial return on investment. Individuals who are blind and successfully gain or retain employment pay back the cost of their rehabilitation through taxes and by investing their earnings into the economy as consumers.

*The Business Enterprise Program is directly aligned with Governor Brown’s vision for the future.*

Each day, entrepreneurs who are blind operate businesses in public buildings throughout Oregon and function as ambassadors of the agency. These individuals demonstrate that with training and support, Oregonians who are blind are fully capable of running successful, profitable businesses.

**EXPANSION & MODERNIZATION**

HB 3253 is the most significant piece of legislation in decades for the Business Enterprise Program. HB 3253 indicates that “persons who are blind . . . have priority in managing vending facilities in or on any public buildings or properties where, in the discretion of the agency, department or political subdivision in charge of the maintenance of the public buildings or properties, vending facilities may properly and satisfactorily operate.” Before HB 3253, public entities only had to grant a preference for the blind. HB 3253 creates a “right of first refusal” for the blind to operate vending facilities.

**OCB KEY OBJECTIVES**

One of the Commission’s key objectives is to provide business opportunities for Oregonians who are blind via public food service/vending locations throughout the state. The Commission anticipates many new opportunities will develop as a result of this priority. As part of the budget process, the Commission has requested additional funds to help develop and expand the BEP.
