***RE: Changes to Definitions***

Dear Lois:

I am writing to follow up with you concerning requested changes to the Bureau of Labor and Industries Definitions of Covered Occupations by the International Union of Operating Engineers (IUOE) Local 701.

The requested change affects the survey/layout crew lead position referred to as the Party Chief. The Pacific Northwest Regional Council of Carpenters (PNWRCC) feels this change may have potential impacts on the craft of Carpenter as it relates to the survey and layout of buildings prior to and during the construction phases.

This letter will serve as official notice that the PNWRCC is a “party of interest” in this matter.

We respectfully request notification of hearings that may be scheduled for the purpose of considering changes to the above referenced definitions.

Sincerely,

Ron Robbins
