AGENDA ITEMS

- **Call to order and note of attendance**

Hsu, M; Arthur, A; Bailey, J; Lowry, G; Wu, M (guest); Taylor, J; Waddell, P, Williams, R

Chairperson's comments: Hsu, M.

- **Discussion of rules regarding SB1008 division 33 rules as it correlates to ORS144397** – “we had a public hearing on these rules already and got feedback by a Variety of stakeholders, and the public, and after considering all of the statements that were made, these are the rules that I am proposing we make amendments to.”
- **255.033.0020 subsection 2** – Changed verbiage of last sentence from “For scheduling purposes the Board **will** add time” to “Board **may** add time” citing only to the juvenile 144397 statute and not the other statutes that relate to other types of hearings for ordering psychological evaluations
- **Technical fix – 255.033.0030 – subsection 5** – we are making it more explicit that these factors correlate with **ORS144397 subsection 7** as to what we are considering these factors for. We are adding **criteria L** (suggestion made by ODAA) **“The person in parole would not be a threat to the safety of the victim, the victim’s family, or the community, and would comply with release conditions.”** These are the same standards that would be applied for a second look hearing.
- **Technical fix – After consulting with DOJ –255.033.0040** – we are listing each cross referenced rule by the totality of the citation number- we did decide it would be appropriate to list

provisions about victims' rights in subsection b. Subsection c to this match the statute for **ORS 144397** – this language is listed now. Under subsection D we are making sure that the language is the same for the statute for an appointment of attorney – specifically that we are removing criteria that the Board may only appoint if an AIC is without sufficient funds.

- **No comments** from board – board moved to unanimously adopt these rules and concluded the public meeting.
