Business Services Status Update:
2027-29 Budget Development – Oregon's 2027-29 Budget and Legislative Concept process is finishing Phase 2 Pricing and Drafting and has begun Phase 3 Governor's Recommended Budget:
October-November – Phase 3 - Governor's Recommended Build Out – *to be continued*
December – Governor's Recommended Budget (GRB) published – *to be continued*
January-February – GRB Legislative review for approval – *to be continued*
Fiscal Year End June 30, 2026 – CCB Central Services staff in collaboration with CCB's Collections staff, CCB's Program Accountant from DAS Shared Financial Services (SFMS) and guidance from DAS state-wide accounts receivable leadership proactively worked towards an efficient Q4 Accounts Receivable (A/R) Performance

Metrics (ARPM) report and fiscal yearend Legislative Fiscal Office (LFO) report before their respective interim deadlines in September and October 1 statutory deadline.

Information Technology Status Update:

IT continues to work with Data Center Services (DCS) (formerly State Data Services [SDC]) and Enterprise Information Services (EIS) to enhance CCB's data backup and recovery capabilities. Minimizing the risk of potential data loss between backups is the goal. CCB has now implemented every available data security safeguard provided by DCS.

Enterprise Security Office (ESO) reports 100% systems scanned, 0% vulnerability detected (October 13).

CCB IT together with State of Oregon EIS and vendor F5 kicked off implementation of a Web Application Firewall to add state-of-the-art security and protection behind CCB public-facing applications/sites.

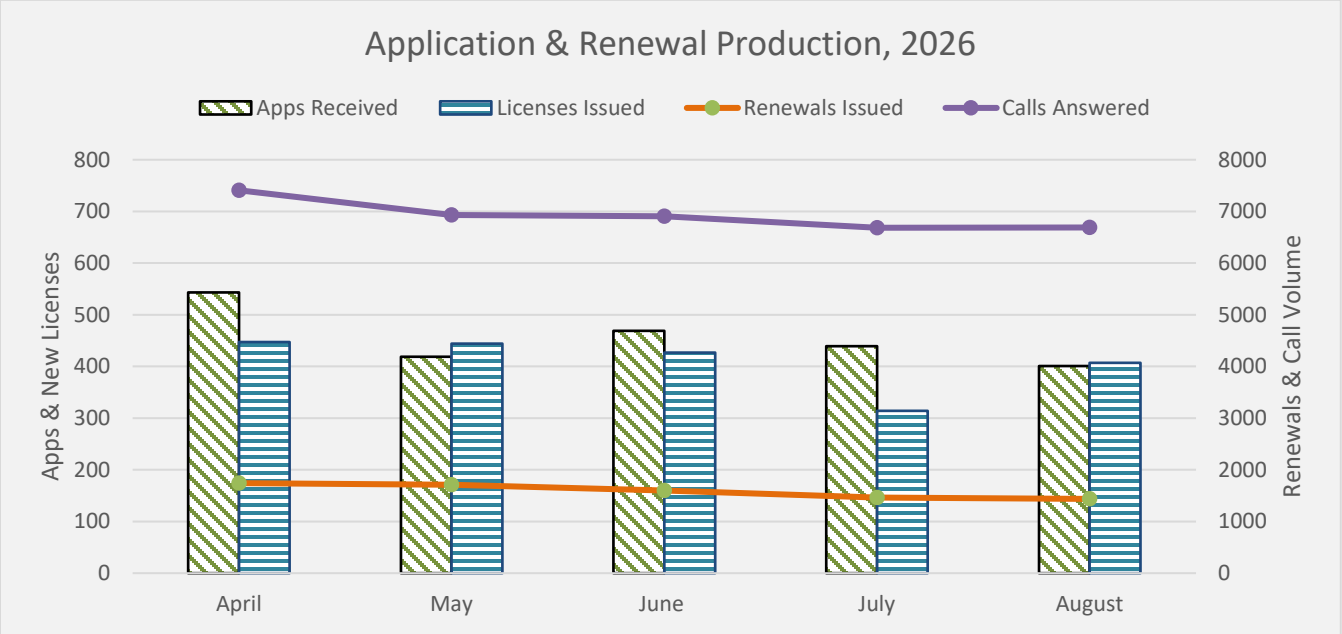

System Modernization / Licensing System Replacement (Project Status Report attached)

CCB leadership working with DAS Procurement continues to lead the RFP evaluation team through collaborative exercises and discussions leading to reviewing 5 vendors (from original 15 proposals). Round 2 evaluations including live vendor interviews and demonstrations are now scheduled Oct-Nov.

Dana Zeimantz, Licensing Manager

Application and Renewal Production:

Month	Apps Received	Licenses Issued	Renewals Issued	Calls Answered
April	543	447	1742	5667
May	419	444	1714	5218
June	469	427	1602	5307
July	439	314	1464	5220

The graph above shows the highest production environment in the Licensing section of the CCB. While staff process new applications, issuing new licenses, and managing daily calls; licensees are renewing their current license(s), daily.

In September, Licensing honored 2 retirements and welcomed 2 new hires to the unit. The Licensing team is doing quick work to onboard and train it's new members. They are a welcome addition and already contributing to workflow.

Licensing continues to partner with CCB IT to enhance processes; making them less labor-intensive.

Licensing is working to adjust call center hours in order to better accommodate, training, meetings and data entry. We hope to have this in place within the month.

Licensing Manager is participating in Round 2: Vendor Selection with the CCB Leadership team to develop interview questions and demonstration scenarios.

Update
The Education section updated the fall and winter schedule with 3-hour contractor webinars; these webinars have been posted to our website. The Education section also released a Toolbox newsletter which has been included in this board packet.
Recently, the Education section began the work of creating an online library of previous homeowner webinars for the public to access. Public record requests are a growing body of work in the education section, and we're continuing to refine and streamline our processes. We currently have several projects underway, including a project to update the CCB's 3-hour webinar presentation and a project to add new webinars to the home improvement month line up next year.

The graph above shows the highest production environment in the Licensing section of the CCB. While staff process new applications, issue new licenses, and manage daily calls; licensees are renewing their current license(s), daily online.

In November, the call center adjusted its hours. The call center is closed from 12pm -5pm on Wednesday of each week to allow for data entry, training and unit meetings. At this time, we have not received any constructive feedback from customers, nor have we noticed increased volume of calls on the preceding business day. We will be gathering data to document the ability to increase production and reduce the need for customers to call us for assistance.

This month, the Licensing unit will honor one more retirement. Due to effective succession planning, we will not need to hire another employee to replace the retiree.
