2. Ethics Training (Stephanie Heffner, Oregon Government Ethics Commission) .	

Adjournment

The Board may meet in executive session under authority of ORS 192.660 from time to time. The specific statutory basis for the executive session will be announced on the record prior to the commencement of the executive session. Executive sessions are closed to the public. The Board may recess the public meeting, in order to deliberate privately, under authority of ORS 192.690(1). The public meeting will then reconvene for the purpose of decision-making. The meeting location is accessible to persons with disabilities. A request for an interpreter for the hearing impaired or for other accommodations for persons with disabilities should be made at least 48 hours before the meeting; call Sara Heinz (503) 934-2217 to make arrangements.

**MINUTES OF THE December 1, 2021
CONSTRUCTION CONTRACTORS TELECONFERENCE
BOARD MEETING**

The Construction Contractors Board (CCB) met on Wednesday, December 1, 2021, via teleconference from the 6th floor at 201 High Street SE, Salem, Oregon.

Attendees:

Board members appearing: Chair Dylan Bochsler, Vice Chair Eric Olsen, Rosa Martinez, Kurt Bolser, Deb Flagan, Susan Steward, Patty Dorroh (until 9:21am) and Andrea Noble

Board members absent excused: Abel Carbajal

Staff: Administrator Chris Huntington, Board Secretary Sara Heinz, Licensing Manager Dana Zeimantz, Enforcement Manager Stan Jessup, IT Manager Noel Magee, Communication/Education Manager Leslie Culpepper and Assistant Attorney General Catriona McCracken

Guests: Ben Ruef

A. MEETING CALLED TO ORDER:

Chair Bochsler called the meeting to order at 8:31 a.m.

B. APPROVAL OF AGENDA:

MOTION: Rosa Martinez moved to amend the agenda. Andrea Noble seconded the motion. Motion to approve the agenda carried unanimously.

C. APPROVAL OF MINUTES:

MOTION: Eric Olsen moved to approve the minutes from 10/27/2021. Rosa Martinez seconded the motion. Motion to approve carried unanimously.

D. DATE OF NEXT REGULARLY SCHEDULED MEETING: The next meeting is scheduled for February 23, 2022 via teleconference from the 6th floor at 201 High Street SE, Salem, Oregon.

F. PUBLIC COMMENT:

No public comment

G. NEW BUSINESS:

MOTION: Patty Dorroh made a motion to approve the Notices of Intent on the Enforcement Consent Agenda. Rosa Martinez seconded the motion. Motion to approve carried unanimously. Andrea Noble recused herself.

MOTION: Andrea Noble made a motion to approve the Final Orders on the Enforcement Consent Agenda. Susan Steward seconded the motion. Motion to approve carried unanimously. Eric Olsen recused himself. The budget report was presented and discussed. Presentation of what the IT System project procurement process will look like presented by Chris Huntington and Tamara Dohrman.

H. AGENCY REPORTS:

Chris Huntington, Agency Administrator provided an update regarding the reopening to the public on January 1, 2022. The agency is moving forward with the planning to reopen on that date unless different guidance is received. Stan Jessup has given his retirement notice and the agency is currently in the recruiting process for his replacement.

Dana Zeimantz, Licensing Manager reported that there will be additional updates on projects licensing is working on at the February meeting. The focus right now is figuring out what the front counter will look like upon reopening to the public in January.

Noel Magee, Information Technology Manager reported that there are no new projects but status updates on current projects are included in the memo within the packet. IT focus has shifted back to the new license system preparations.

Leslie Culpepper, Communication/Education Manager advised that the memo in the packet is an overview of 2021 for the Education section. Discussion was also had regarding updates to the website for Spanish speaking contractors, in addition brochures and the Toolbox have been translated into Spanish currently.

Stan Jessup, Enforcement Manager noted there was no memo in the packet this time in regards to statistics. Our Southern Oregon Field Investigator position is actively being recruited for. The next board meeting in February will have a new Enforcement Manager.

I. OLD BUSINESS:

None

The meeting adjourned at 9:39 a.m.

CCB Board Meeting Calendar, 2022		
DATE	NOTED ITEMS	LOCATION
February 23, 2022		1st Floor Hearings Room or Teleconference via GoTo Meeting
April 27, 2022	Election of Officers	1st Floor Hearings Room or Teleconference via GoTo Meeting
June 22, 2022	New Officer Terms Begin	1st Floor Hearings Room or Teleconference via GoTo Meeting
August 24, 2022	KPM Best Practices Survey Finalized	1st Floor Hearings Room or Teleconference via GoTo Meeting
October 26, 2022		1st Floor Hearings Room or Teleconference via GoTo Meeting
December 7, 2022		1st Floor Hearings Room or Teleconference via GoTo Meeting

The following dates will be reserved for potential meetings in the event that urgent matters arise requiring immediate action by the Board. Board members and the public will be notified in advance when a meeting is going to occur, and whether it will be held in Salem or via teleconference.

Memorandum

To: Construction Contractors Board
From: Dana Zeimantz, Licensing Manager
Date: February 23, 2022
Subject: Licensing Report

- New Application records for November/December 2021 (avg 329/mo.) are approximately the same as recorded in November/December 2020 (avg 335/mo.). January 2022 new applications came in at 411 compared to January 2021 at 378 new applications, showing a slight uptick.
- Project update for email reminders for renewals. Implemented eReminders for contractors due to renew CCB license. Contractors will receive two email reminders and then a post card reminder in the regular USPS mail. Once the contractor renews their license, they will stop receiving email/post card reminders. Good response/results so far.
- Agency and statewide re-opening to the public was postponed. Licensing section front counter physical reconfiguration has been completed in preparation for new re-opening date TBA.

Very polite and easy to talk to at the CCB. Very helpful

The woman who helped me was Awesome !!!

I have dealt with various other State agencies and CCB is amazing. If only the others would follow suit. Phone calls are returned and the staff is helpful and kind.

I haven't received any renewal post cards for any of the entities that I am responsible for, and two of my licenses expired before I received notice that they had expired. Can't you send a real reminder out?

The Secretary Of the State of Oregon made us pay twice saying they did not receive payment, I sent them a copy of the first Ck I sent them that they deposited. I called them sent them Email about this, they said they do not give refunds ? What ever that means. So you pay 2Times for the same thing. You guy should be more enter connected since you are both State of Oregon Agency's. This last renewal cost a lot of time and extra money to me By no fault of mine. Of course I'm not very happy with the lack of

didn't receive renewal notice caught me by surprise

Yes, I renewed my lead lic. and the threatening letter I received was surprising and irritating. We who get lead certification are abiding by the rules and laws and there are probably 20,000 or more licensees who are NOT getting it, one would think THEY would be the ones to receive a threatening letter , not the people who are abiding by the rules. Furthermore, the mode in which I got my half day class for renewal was very problematic . First the cost was as much as I pay to renew my Gen.Contractors lic. and second they did not send info to you guys for renewal. It used to be easy and seamless to get this done.... now, not so much.

I appreciate all the help I received

When I called in, Darla went out of her way to be helpful! 😊

Great service

Consider giving those of us who have been licensed for 20 plus years a break on the continuing education, assuming we are staying out of trouble.

All staff except for one individual who I had multiple calls with were great. The other individual was no help whatsoever.

Customer Service Survey
October 1, 2021 – December 31, 2021

Please do not send out just a post card to renew licenses. It was easily overlooked 2 months before the license renews and made it difficult to scramble and get everything done. It is easier to send an invoice then to send expired licenses and deal with a phone call and unhappy people.

Please force your employees to return to the office and resume productive work if they have not already. ZERO actual construction workers have been able to "Work" from home, ever. Please respect the people you serve by doing your jobs. Why does it take 1-2 weeks for you guys mail an envelope?

The staff was very helpful.

The customer service was top notch. They helped me go through the process step by step. Thank you.

When I sent in my first CE certificate I was told not to send them in because they would be automatically added to my account but the automatic uploading of CE credits did not work and as a result my license was made inactive due to a lapse until I sent in all my certificates again and had to get reinstated.

Lady that helped was wonderful - supportive, helpful and a great resource. Thank you!

Whoever administers your exam (ppi) although polite needs to be more organized and understand the process better. I took the exam online and OMG! What a disaster. They said I couldn't use my passport card wasn't valid ID - it is! They also would ask me to show them my surroundings which I did repeatedly and they kept asking. I understand a few times, but I had to keep doing it over and over again. I did everything they asked clearly they weren't paying attention or got distracted. It's one thing if I wasn't doing what they asked but I did every time. Also I got the feeling that the ppl administering the exam were not in this country, in other words this was being outsourced to folks in another country. Normally that would be fine but when it's such an important test and you are showing all kinds of ID it makes the whole thing very questionable especially with all the scams and identity theft.

Thanks you for all your help

Very nice people every time I called

Thank you for everything

CCB was great at answering all my questions

CONSTRUCTION CONTRACTORS BOARD
LICENSING SECTION
Customer Service Survey
October 1, 2021 – December 31, 2021

it was easier than I thought it would be. that was my first time renewing online

Cannot reach by phone, limited response by email.

Oregon Dept O Revenue has messed up every year for over 20 yrs. now; They say I owe money, I pay it, then they mail it back to me. I wish you could teach them how to operate. Thanks,.. Barney Sullivan

Because we were trying to add and remove members we could have benefited from an open office. A big building with nobody in it is a waste of money. I feel that our application could have been easier if we had an employee working with us for questions we don't know answers to or are entirely unfamiliar with. Clarity could have been provided in the areas we aren't fluent. It felt like the phone call was a nuisance to the person who answered. Because CCB staff works with license renewals as their job we could have used the help instead of staff taking to us like we're stupid. We're not stupid we just deal with this paperwork once every 730 days. CCB staff works with the renewal applications dozens of times everyday.

Karla was extremely helpful!

Great customer service went extra mile to facilitate online renewal.

The people who helped me are always vary helpful, thank you. However, it is completely unnecessary to have so many government departments we have to pay money to tell us we have permission to work and provide for our families. Less government, more freedom

The CCB system online is very easy to use.

The folks at the CCB were incredibly helpful even through my technical difficulties

This was the easiest renewal I've ever had. I appreciate being to accumulate education credits throughout a given term.

I'm not a big fan of dealing with most government agencies, but the CCB was a True Pleasure! Thank You!

My application was approved Nov 8th, i was not informed until Nov 29th. While my business does show up on the CCB search, it can only be found by sorting through 400 other results. Searching my name, phone number or address doesn't yield any results.

October 1, 2021 – December 31, 2021

There has never been a time when I called CCB that they were not extremely helpful...I panicked when I got a letter that my license was not valid...but customer service assured me that I'm not the only one who lapsed their renewal...I thought the \$100 renewal I got earlier was renewing my CCB license...it was for my LLC...back in business & thank you!

needed a good online example or video for new contractors filling out the proper forms for the specific CCB license had to do this on my own and made some mistakes that took longer to correct than anticipated. Over all Construction Board Helped me through the process

The renewal process is nice, easy, and so convenient. I acknowledge the importance of in-person classes, of which I will plan to take later, but the online Continuing Education classes are so awesome. The renewal process was great. Thank you.

paying online using credit card very difficult and confusing

Very easy process to apply for a license. The steps were very well spelled out making the application process simple.

I had 1 small glitch on line, but after calling the office 10 minutes later the process was completed. I'm extremely happy about how fast the process took. Thanks!

Very nice experience.

5 weeks to acquire a state license is ridiculous. Most other states have a person that will interact with you and be able to work through problems and process the application in a timely manner. Other states also have a way to expedite the application by paying a fee. We were only able to find one person that was helpful enough to process our application after calling almost everyday for 4 weeks. Kudos to Kevin.

none at this time

I was working Will Maggie... She was Awesome!

Could use an email reminder / notification when license expiration is nearing.

Excellent notifications by mail and email for License Renewal process and completion.

the renewal online was easy and quick hope that service continues

we had not change for the RMI for renewal, but the online form did not show Zach

CONSTRUCTION CONTRACTORS BOARD

Customer Service Survey
October 1, 2021 – December 31, 2021

Erdmann listed as RMI, nor give the option to add his name as a detail. for the renewal. Not sure this is an issue or not as renewal was approved
There was a confusing requirement for more education hours that disappeared once previous license was referenced. That could be made more clear in the initial requirements page.

very easy process to navigate through

It is not fair to punish contractors for insurance certificates that maybe missing information such as holding the CCB as the policy holder. I have a bad record now because of my agents error. I deserve the chance to correct the issue before I'm punished publicly!

my only problem has been w/ receiving the renewal post cards. Some have slipped through the cracks, or gotten lost in the mail. Maybe an email reminder could be set up, or send an actual letter instead of a postcard?

Problems with the videos timing out & not resetting to the stopping point. Had to review the entire video when at the end.

Good experience, all went well.

My ccb# appears not active at this moment can you guys check that out for me thanks

Nice persons are working at ccb!

My only concern is the issue with my Bond. It was always in force. I spoke with someone on the phone that stated it needed to be "re-instated". The next time I called and talked to the "Bond Expert" she stated they NEVER ask for a re-instatement. This issue caused my renewal to take weeks longer than needed.

PSI testing VERY unprofessional and unorganized.

There was a disconnect between the licensing department and enforcement department. Enforcement correctly provided information to licensing that a fine had been paid in full, but licensing either did not see that information or ignored that information. The result is that our license showed as expired on the website for 32 hours. As a small business, we are already challenged with getting work during the winter and keeping employees busy. Our customers are savvy and DO look up the license status. The stress that those 32 hours caused is immeasurable. I don't know what's going on at the CCB, but this isn't the first

CONSTRUCTION CONTRACTORS BOARD

time I had a serious issue where an error caused me stress. This isn't just my livelihood, it's my employees as well. You need better protocols and you damn well shouldn't mark a license as inactive before checking off all the boxes.

The CCB staff was friendly and helpful

Very smooth process and the CE requirements were well defined too which added to the overall satisfaction with the renewal process. Well done CCB staff!

Classes were totally out of date and essentially worthless.

Please send better reminders of the need for renewal. The post cards get lost in the mail or thrown away as junk.

Thank you to the staff and CCB for approving my license.

This was one of the most challenging experiences I have had with a state agency. Having a license in the state can be a difference between working and not, and I didn't sense that anyone I spoke with or coordinated with cared whether or not I was working. I am sure you are short-staffed, and that's unfortunate. It causes challenges across the board for many. But it's not a reason to be courteous and responsive. There were times through out the process that I never received an email or call back well after the 2 weeks that was quoted, and so I continued to follow up. I am disappointed at the lack of empathy and expedience in the department to process the paperwork so my license could be reinstated.

I renewed on telephone after some questions were answered. Very pleased.

After renewing, I called into CCB directly and the phone staff was incredibly helpful. The guys name was Kevin and was super helpful and made it so easy to understand. The call went into after business hours and I'm so happy that he didn't rush me and continue to help me.

for a first time renewing, everything was very clear and streamlined. Impressed how straightforward it was, and happy that I didn't have to reach out to anyone for questions. thank you!

I hold licenses in several states, the Oregon renewal less time consuming than most.

Very polite and easy to talk to at the CCB. Very helpful.

Memorandum

To: Construction Contractors Board
From: Noel Magee, IT Manager
Date: 23 February 2022
Subject: Information Technology Report

Ongoing Activities

We have again started to validate system requirements and (also) business rules for the licensing system upgrade. We are also addressing change management to prepare for the eventual transition. We began, resumed, or continued three statewide initiatives. These initiatives will improve data availability, security framework and employee security preparedness across all agencies, boards, and commissions. Primarily work continued on the new notification software. The email reminders for license renewal went live and is returning valuable data.

Current Period Changes

- Restart licensing replacement process, Automated DOR Transaction posting
- Statewide Initiatives

Details

1. Enhanced notification of pending license renewal/Insurance
 - a. Data structure design – **Completed**
 - b. Data structure implementation – **Completed**
 - c. Coding specification and execution – **Completed**
2. Transition network support to EIS (DAS)
 - a. Step 1, rework wiring, replace switch gear – **Completed**
 - b. Logical redesign in preparation for Step 2 – **Capture proposed state, In Progress**
 - c. Step 2, replace CCB firewall, rework building paths – **Not yet sched.**
3. Statewide initiatives requiring CCB participation
 - a. Email phishing tests – restarted 1 Feb 2022 - **Ongoing**
 - b. Open Data initiative – inventory due 1 March 2022 - **In Progress**

4. Automated DOR transaction posting
 - a. Post payments made at DOR to CCB books – ***Completed***
 - b. Automate sending accounts to DOR – ***Completed***

- **Security reported status - Reported monthly by EIS/Enterprise Security Office (ESO)**
 - ◆ 04 October 2021 – EIS problems with upgrade, no report, no reports since, no status from DAS.
 - ◆ 02 August 2021
 - 100% of systems scanned (statewide 78%)
 - 19% have critical vulnerabilities (statewide 37%)
 - ◆ 14 June 2021
 - 97% of systems scanned (statewide 91%)
 - 11% have critical vulnerabilities (statewide 40%)
 - ◆ 5 April 2021
 - 98% of systems scanned (statewide 91%)
 - 4% have critical vulnerabilities (statewide 45%)

Memorandum

To: Construction Contractors Board
From: Chris Huntington, on behalf of Leslie Culpepper
Date: February 2022
Subject: Education Program Update

Enhanced Resources for Consumers and Contractors in Spanish

The Education Program has continued our ongoing efforts to provide improved information, resources and services to contractors and consumers that speak Spanish.

- **Spanish Language Information Hub** – We created a Spanish information hub on the website that consolidates all of the Spanish language information and resources the agency currently has. It includes Spanish translations of our key consumer information packets about selecting a contractor and avoiding scams. It also includes information about how to become a contractor and consolidates the Spanish language education resources approved by the agency for continuing education.

If you have not already, take a moment to view the site (you can also get there from the blue button prominently viewable on the agency's main web page):

[State of Oregon: Oregon Construction Contractors Board - Recursos y Informacion en Español](#)

- **Website Translator** – A translator tool was added to the website that will translate any of the pages on the website into a multitude of languages, including Spanish, Russian, Vietnamese and others.
- **Spanish Language Toolbox Newsletter** – The section plans to begin providing our Toolbox Newsletter in both English and Spanish moving forward. The date for the next newsletter is not established but look for the Spanish language version to accompany the English language newsletter at its next issuance.

New One-hour Class

The section is currently developing and has almost completed a new one-hour class for contractors to add to the offering currently available. The section is always trying to consider new topics that will be useful to contractors and make their businesses successful and keep them in compliance.

The new class should be available soon.

Memorandum

To: Construction Contractors Board
From: Vena Swanson, Enforcement Program Manager
Date: February 10, 2022
Subject: Enforcement Update

2021 Accomplishments and 2022 plans and goals for the Enforcement Division.

2021 Accomplishments and Updates

- Filling Staff Vacancies: Enforcement Manager position has been filled, southern area Field Investigator/Mediator position is currently in training, newly promoted Dispute Resolution Analyst.
- Dispute Resolutions “Paperless” correspondence program was completed. We now have the ability to store and add documents as necessary in an automated environment. DRS was able to clear the system of outdated letters and notices from about 200 to about 30.
- Collections now has a paperless system for payment and reconciliation
- Collections stores everything electronically vs. on paper and this allows a more complete and streamlined process for reconciling, the system has a nightly back up process.

2022 Goals and Plans

- Reinstate field sweeps statewide after the end of 1st quarter dependent upon COVID limitations.
- Work towards achieving an online DRS Complaint Process using 2-way electronic communication, our goal is to move closer to communication via email vs. sending letters USPS.
- Work closely with the Building Codes Division as a partner in creating a more current training program. We are also looking forward to a combined sweeps plan across the state.
- Update the new hire training process, our plan is to also appoint a LW in the field to implement ongoing coaching and training.

**Construction Contractors Board
Dispute Resolution Services
2nd Quarter - 2021-2023 Biennium
October 1, 2021 - December 31, 2021**

Dispute Resolution Services provides a process designed to resolve construction disputes. It is available to persons or businesses alleging that contractors have breached a contract, performed improper work, or failed to pay for work performed or materials supplied. This service involves a mediation service to try to keep disputes out of the court system. If the dispute must be resolved by a court and the consumer who filed the complaint receives a court judgment but the contractor fails to pay the judgment, then the consumer has access to the contractor's bond for payment. Owners of construction companies are prevented from starting new construction businesses until all amounts awarded in the judgments are paid in full. When both parties participate in the mediation process, over 60-70% of those mediations result in a settlement agreement.

**Construction Contractors Board
Compliance Section
2nd Quarter - 2021-2023 Biennium
October 1, 2021 - December 31, 2021**

The Compliance section is charged with evaluating evidence to substantiate violations of ORS 701 and OAR 812. Violation tips and complaints come from the Field Investigation Section (FIS), Dispute Resolution Services (DRS), on-line tips, phone tips as well as from local jurisdictions. The Compliance staff verifies a violation and determines whether an administrative warning or civil penalty is warranted. When warranted Compliance staff has the ability to enter into settlement agreements on behalf of the agency which is usually for a first time offenses. Respondents have a choice of entering into a settlement agreement which is conditional or opting to have an administrative hearing where the Compliance staff would represent the agency as a lay representative.

Construction Contractors Board Field Investigation Section Quarterly Report for the 2021-2023 Biennium

Knowing that unlicensed and illegal construction activity is bad for consumers and legitimate contractors, the CCB established the Field Investigation Section in 2007, to provide statewide coverage and immediate response to complaints of unlawful activity in the construction industry. The staff includes 10 Investigators, each assigned to their own district in the state, where they are positioned to respond to complaints of illegal construction activity and conduct random checks of local construction sites. Sweeps are executed to find those involved in unlawful construction activity. The Field Investigation Section also participates in joint investigations with other state, county, and city agencies, some of which lead to the filing of injunctions or criminal charges.
