Total Breakdown of Funding for the Oregon Behavioral Health Deflection Program		
County Funding	Tribal Government Funding†	Evaluation Funding††
\$35,511,776	\$2,618,920	\$1,869,041

*The Tribes represented here are those that opted in for Oregon Behavioral Health Deflection Program funding for the 2025-27 biennium.

**Decided by a majority consensus of the Federally Recognized Tribal Governments in Oregon in 2024, a formula was created based on the 2024 Indian Health Services user population, with a base amount of \$150,000.

† Proportion of funds available to federally recognized tribal government applicants. Amount determined by the Oregon Criminal Justice Commission on July 29, 2025, as instructed by House Bill 3069 (2025).

††According to House Bill 3069 (2025), 3% of funds (after funds for Tribal Governments have been set aside) shall be retained by the commission to support grant recipient data collection and analysis or evaluation of outcomes measures and 2% percent of the non-tribal funds shall be retained by the commission to support technical assistance for grant recipients.
