

2025-2027 Grant Solicitation for Tribal Governments Improving People’s Access to Community-Based Treatment, Supports, and Services (IMPACTS) Grant Program

Application Due Date: January 23, 2026, at 11:59 PM PST

Purpose:

The Improving People’s Access to Community-based Treatment, Supports and Services (IMPACTS) Program is established in recognition of the shortage of comprehensive community supports and services for individuals with mental health or substance use disorders, leading to their involvement with the criminal justice system, hospitalizations and institutional placements. The purpose of the program is to address this need by awarding grants to Oregon’s federally recognized Indian tribes and counties to establish tribal-based and evidence-based programs to provide the needed supports and services.

Eligible Applicants:

Eligible applicants include Oregon’s federally recognized tribal governments. An applicant may submit a multi-jurisdictional application on behalf of a consortium of government partners. Eligible regional consortia may be comprised of tribal governments applying jointly and/or a tribal government or governments applying jointly with a county or counties.

Program Goals and Priorities:

The IMPACTS grant program seeks to fill a service gap for individuals who have behavioral health diagnoses and are high utilizers of criminal justice and healthcare resources. For consideration by all applicants, the Grant Review Committee seeks to operate this grant program in accordance with the following goals, and may give additional priority thereof:

1. Reduce the number of jail bookings and emergency department hospitalizations for the target population in favor of diversion to coordinated community-based treatment, supports, and services;
2. Improve data collection, tracking, and evaluation for IMPACTS program outcomes;
3. Invest in jurisdictions that:
 - a. Have evaluated their local service gaps;
 - b. Can sustain comprehensive services with IMPACTS funding while demonstrating program success or proposed program success, anchored in data that is locally available and/or reported to the statewide database;
 - c. Are willing to participate in statewide data sharing and analysis;
 - d. Implement program designs which may be replicated statewide; and
 - e. Can use limited funds with significant impacts in local communities.

For returning applicants only (those who have previously been awarded IMPACTS funding): previously reported program data and/or expenditures may be evaluated and/or examined for adherence to these priorities.

For questions regarding this grant solicitation please contact Kaysea Beck at kaysea.beck@cjc.oregon.gov.

Please acknowledge that you have read and understand the following statement: **[required checkbox]**

- ☐ The proposed program will comply with this requirement, and any member of the target population benefitting from IMPACTS funds will be screened for public medical assistance eligibility.

Data Collection and Reporting Requirements

Applicants awarded IMPACTS program funds will be required to report to the statewide data system provided by the CJC for enrolling participants and when participants are seen at follow-up services in subsequent months. The database is structured to provide each enrolling participant with a baseline form containing information relating to their demographic data, their participant system histories, their behavioral health conditions, their social determinants of health, and their service receipt. Follow-up forms must be completed for each month on enrollment for each client and

contain items relating to behavioral health conditions, recent system encounters, social determinants of health, and service receipt.

The CJC will modify the IMPACTS statewide data system in 2026; additional opportunities for input on the data system will be available in 2026. These modifications will change the database, and all funded programs must utilize the correct version of the database as directed by the CJC.

Further, award recipients will be subject to additional program requirements such as quarterly financial and program reporting, as well as any other reporting required by the CJC to complete CJC's statutory obligations, legislative requests, or requests from the Governor's Office.

Please acknowledge that you have read and understood the following statements: **[required checkboxes]**

- ☐ I understand that receipt of IMPACTS funds requires that baseline and any follow-up forms be completed for all participants in a timely manner, which the CJC defines as monthly.
- ☐ I acknowledge our program will comply with the CJC's relevant IMPACTS data tracking and reporting requirements.
- ☐ I acknowledge our program will comply with the CJC's research partner, the OHSU-PSU SPH research team, in reporting to the statewide data system, including the attendance of trainings or webinars or other offerings by the CJC or SPH team relating to the IMPACTS database.
- ☐ I understand that data compliance will be routinely monitored by the CJC, and that I will comply with CJC's data quality and data improvement efforts, including but not limited to database improvement work.

Tribal Notification Process

A tribal notification process must be in place for program partners, including participating jails and hospitals, to:

- i. Provide information upon admission or at intake about the potential risks and benefits of tribal notification; and
- ii. Offer tribal members the opportunity to disclose their statuses and situations to the federally recognized Indian tribe of their choosing.

Please select one [multiple choice]

- ☐ The proposed program has a tribal notification process in place among program partners that meets the requirements above and will submit a description of that process. **[open text box, 150-word limit]**
- ☐ The proposed program does not yet have a tribal notification process in place and will submit a description of a proposed tribal notification plan, per the stated requirements above, and agree that, if IMPACTS funds are awarded, the proposed plan will be implemented prior to disbursement of those funds. **[open text box, 150-word limit]**

Section B: IMPACTS Grant Program Operating Profile (GPOP)

[proceed to following page]

IMPACTS

2025 – 2027 Grant Program Operating Profile

The Grant Program Operating Profile (GPOP) is used to identify and define program characteristics, with the aim of creating consistent practices and providing guidance for local IMPACTS programs. This tool will assist the Criminal Justice Commission (CJC) and Grant Review Committee (GRC) to understand program uniqueness, highlight the use of evidence-based practice, and identify areas for potential future program development.

Responses may be used by the GRC to make funding decisions.

Tips for Completion:

1. All responses should be related to the proposed program for the 2025-2027 biennium's solicitation only (project period: July 1, 2025 – August 31, 2027). If you are a returning IMPACTS applicant, please fill out this GPOP for the program you propose for the 2025-2027 biennium only.
2. Allow all team members to review and contribute to these items before submission.
3. Be honest; no local program is perfect or has perfect plans. This tool is to help the GRC and the CJC better understand your program goals and operational flow, as well as to identify areas for potential improvement in program operation or planning over time, and further for evaluation purposes.
4. Programs not yet operational must complete this GPOP to the best of their ability, with an understanding that some more minor elements may be modified at or after the potential program becomes operational.
5. As all IMPACTS programs (and potential programs) demonstrate unique strategies or methods to meet the program's goals, each applicant must complete these items as part of the application process. If your program will be administered by a consortium, only the designated primary applicant needs to complete a GPOP.
6. If you are applying for IMPACTS funds to partially support another ongoing effort (e.g., extending staffing, extending hours of operation, building additional capacity, etc.) please respond to items about program details for the ongoing effort.
7. Some items have follow-up questions asking for additional detail about a previous response. If you see additional questions populate based on your selections through this GPOP, please answer those as well.
8. If you have a question about the intent of a specific item or are unsure of how to respond to a specific item, please contact the CJC.
9. The CJC will reach out to the individual listed in Section 1 if we have questions about the elements outlined in this GPOP.

6. - Cold outreach – staff attempt to reach potential participants via phone or text or other information on file
- Mail/letter – staff send brochures or letters to the last known address
- Facility intercept – staff approach potential participants in a facility (e.g., in the waiting room at ED, or in jail, or court lobby)
- Field/Street Outreach – staff go to the potential participant's home, encampment, or neighborhood to find them
- Warm handoff – a trusted provider (e.g., probation officer or physician) introduces the program staff to the participant in real-time
- Peer-led approach – initial contact is specifically made by a staff member with lived experience to build trust.

16. Select the primary way participants enter the program or move from being an eligible potential participant to engaged in services? **[multiple choice]**

- a. Formal voluntary enrollment (e.g., participant actively consents and completes paperwork)
- b. Low-barrier/informal enrollment (e.g., participant verbally agrees to engage, but has not signed formal paperwork)
- c. Legal diversion/conditional enrollment (e.g., participant agrees to participate as an alternative to a negative consequence like prosecution)
- d. Proxy enrollment (e.g., guardian or power of attorney consents on the participant's behalf)
- e. Passive/administrative tracking (e.g., staff track individual participants or progress for coordination or surveillance, but the participant is not aware they are enrolled)
- f. Presumptive enrollment (e.g., enrolled for a short, fixed period reflecting a crisis stabilization period based on immediate need, with continued enrollment being opt-in)

17. At what specific point does an individual formally count as a "Participant" in your program? **[multiple choice]**

- a. At first contact: as soon as there is a meaningful interaction, even if they don't enroll

- b. At formal intake: only after the participant completed an intake interview and signs release forms
- c. At care plan creation: only after the participant receives an assessment and agrees on specific goals
- d. At first service delivery: only after the participant receives a tangible service (e.g., housing voucher), not just a conversation.

18. Which of the following statements *best* describes how long and how often your program typically works with a participant (the expected intensity and duration of program engagement)? While some cases may fall outside of the selected response, the aim is to capture the *most common* expected engagement.

[multiple choice]

- a. Crisis stabilization/brief intervention (short-term) – *We work with participants intensely for a very short period of time (days or weeks) to resolve an immediate crisis (like detox), then close the case.*
- b. Critical time intervention (transitional) – *We work with participants for a set period of time (e.g., up to 9 months) to help them transition or link to other services, with a plan to discharge the participant by a certain date*
- c. Long-term chronic management (similar to ACT) – *We expect to work with participants indefinitely, or as long as they need us, like an assertive community treatment team, or permanent supportive housing*
- d. Progressive engagement (step-down) – *We work with participants daily or weekly to stabilize them, then intentionally reduce frequency to monthly or quarterly check-ins, but the case is kept open long-term*
- e. Episodic/drop-in (participant-driven) – *We don't have timelines for participants, the participant comes to us when they need or want help, and we help them at that moment.*

19. Under what circumstances does a participant 'complete' the program or move to 'alumni status' in your design? **[multiple choice]**

- a. Time-based (fixed duration) – participants are discharged automatically after a set period of time, regardless of goal completion
- b. Milestone-based (goal achievement) – participants are discharged only when specific goals are met, like housing secured, regardless of how long it takes
- c. Crisis-resolution (event driven) – participants are discharged immediately once the acute crisis is resolved, without long-term follow-up
- d. Open-ended (long-term) – participants are generally not discharged from the program, it is designed to provide indefinite and ongoing maintenance (e.g., ACT)
- e. Drop-in (no caseload) – participants do not have formally 'open' or 'closed' cases; participants engage periodically on their own.

20. What is/are the primary outcome(s) for the IMPACTS target population the program aims to achieve? Budget Projection Sheet

Funding distributed to IMPACTS program awardees must be spent on costs associated with increasing access to comprehensive community supports and services for the IMPACTS program target population(s) with the goal of **reducing the number of jail bookings, emergency department hospitalizations, and institutional placements for the target population in favor of diversion to coordinated community-based treatment, supports, and services.** Funds must be used to establish, improve, and advance evidence-based and tribal-based programs to provide needed supports and services that benefit the target population in local communities. As the CJC is the administering agency for this grant, the use of grant funds must comply with the [CJC Grant Administration Guide](#).

Acknowledgement of Supplanting Regulations

Funds must be used to supplement existing funds and not replace (supplant) funds that have been appropriated for the same purpose. Grant funds may not be used to pay for program activities the grant recipient is already obligated to pay or has already funded. Grant funds must be used to increase the total amount of funds available to deliver program services. The rules governing supplanting also apply to any funds used as a match. Please acknowledge that you have read and understood the following statement: **[required checkbox]**

- ☐ I acknowledge the requested funds will supplement our agency's existing funds and will not be used to supplant funds.

- (1) Subagreements. Recipient may enter into agreements with subcontractors and subrecipients ("Subagreements") for implementation of portions of the Project. Recipient shall notify CJC of each Subagreement and provide CJC with a copy of a Subagreement upon request by CJC. Any material breach of a term or condition of a Subagreement relating to Grant funds provided under this Agreement must be reported by Recipient to CJC within ten (10) days of its discovery.
- (2) Subagreement indemnity.

Each Recipient Subagreement shall require each other party to such Subagreement, that is not a unit of local government as defined in ORS 190.003, or a unit of state government as defined in ORS 174.111, to indemnify, defend, save and hold harmless the CJC and its officers, employees and agents from and against any and all claims, actions, liabilities, damages, losses, or expenses, including attorneys' fees, arising from a tort, as now or hereafter defined in ORS 30.260, caused, or alleged to be caused, in whole or in part, by the negligent or willful acts or omissions of the other party to the Subagreement or any of such party's officers, agents, employees or contractors ("Claims"). It is the specific intention of the Parties that CJC shall, in all instances, except for Claims arising solely from the negligent or willful acts or omissions of the CJC, be indemnified by the other party to the Subagreement from and against any and all Claims.

Any such indemnification shall also provide that neither the other party to such Subagreement nor any attorney engaged by such party shall defend a Claim in the name of the State of Oregon or an agency of the State of Oregon, nor purport to act as legal representative of the State of Oregon or any of its agencies, without the prior written consent of the Oregon Attorney General. The State may, at any time at its election, assume its own defense and settlement in the event that it determines that the other party to such Subagreement is prohibited from defending State or that such other party is not

adequately defending State's interests, or that an important governmental principle is at issue or that it is in the best interests of State to do so. State reserves all rights to pursue claims it may have against the other party to such Subagreement if State elects to assume its own defense.

(3) Insurance.

Recipient shall maintain, or cause to be maintained, insurance policies with responsible insurers or self-insurance programs, insuring against liability and risk of direct physical loss, damage or destruction of the Project, at least to the extent that similar insurance is customarily carried by similar entities engaged in similar activities. Upon request, Recipient shall provide to CJC a Certificate(s) of Insurance required under this Agreement or, as applicable, require each subrecipient to, upon request, provide to CJC a Certificate(s) of Insurance required under this Agreement. Nothing in this provision precludes Recipient from exerting a defense against any party other than CJC, including a defense of immunity.

(4) Procurements.

Recipient shall make purchases of any equipment, materials, or services for the Project under procedures that comply with Oregon law, including all applicable provisions of the Oregon Public Contracting Code, ORS chapters 279A, 279B and 279C.

SECTION 7: DEFAULT

A. Recipient Default. Any of the following constitutes an "Event of Default" of Recipient:

- (1) Misleading Statement. Any materially false or misleading representation is made by Recipient or a person authorized to speak on its behalf, in this Agreement or in any document provided by Recipient related to this Grant.
- (2) Failure to Perform. Recipient fails to perform, observe or discharge any of its covenants, agreements, or obligations under this Agreement, other than those referred to in subsection (1) of this section, and that failure continues for a period of 30 calendar days after written notice specifying such failure is given to Recipient by CJC. CJC may agree in writing to an extension of time if it determines Recipient instituted and has diligently pursued corrective action. Acts or omissions of subgrantees shall not constitute an Event of Default unless ratified or knowingly induced by Recipient.

B. CJC Default. CJC will be in default under this Agreement if it fails to perform, observe or discharge any of its covenants, agreements, or obligations under this Agreement.

SECTION 8: REMEDIES

A. CJC Remedies. Upon the occurrence of an Event of Default, CJC may pursue any remedies available under this Agreement, at law or in equity. Such remedies include, but are not limited to, termination of CJC's obligations to provide Grant funds or further disbursements, return of all or a portion of the Grant Amount, payment of interest earned on the Grant Amount, and declaration of ineligibility for the receipt of future awards from CJC. If, because of an Event of Default, CJC demands return of all or a portion of the Grant Amount or payment of interest earned on the Grant Amount, Recipient shall pay the amount upon CJC's demand.

CJC may also recover all or a portion of any amount due from Recipient by deducting that amount from any payment due to Recipient from the State of Oregon under any other contract or agreement, present or future, unless prohibited by state or federal law.

CJC reserves the right to turn over any unpaid debt under this Section 8 to the Oregon Department of Revenue or a collection agency and may publicly report any delinquency or default. These remedies are cumulative and not exclusive of any other remedies provided by law.

- B. Recipient Remedies. In the event of default by CJC, Recipient's sole remedy will be for disbursement of Grant funds for Eligible Costs of the Project, not to exceed the total Grant Amount, less any claims CJC has against Recipient.

SECTION 9: TERMINATION

- A. Mutual Termination. This Agreement may be terminated at any time by mutual written consent of the parties.
- B. Termination by CJC. In addition to terminating this Agreement upon an Event of Default as provided in Section 8, CJC may terminate this Agreement with notice to Recipient under any of the following circumstances:
- (1) If CJC anticipates a shortfall in applicable revenues or CJC fails to receive sufficient funding, appropriations or other expenditure authorizations to allow CJC, in its reasonable discretion, to continue making payments under this Agreement.
 - (2) There is a change in federal or state laws, rules, regulations or guidelines so that the uses of the Grant are no longer eligible for funding.
- C. Termination by Recipient. Recipient may terminate this Agreement with notice to CJC under any of the following circumstances:
- (1) After conferring with CJC, Recipient has determined that the requisite local funding to continue the Project is unavailable to Recipient or Recipient is unable to continue implementation of the Project as a result of circumstances not reasonably anticipated by Recipient at the time it executed this Agreement and that are beyond Recipient's reasonable control.
 - (2) There is a change in federal or state laws, rules, regulations or guidelines so that the uses of the Grant are no longer eligible for funding.

SECTION 10: MISCELLANEOUS

- A. Contribution.
- (1) If any third party makes any claim or brings any action, suit or proceeding alleging a tort as now or hereafter defined in ORS 30.260 ("Third Party Claim") against CJC or Recipient relating to this Agreement or the Project and with respect to which the other Party may have liability, the notified Party must promptly notify the other Party in writing of the Third Party Claim and deliver to the other Party a copy of the claim, process, and all legal pleadings with respect to the Third Party Claim. Each Party is entitled to participate in the defense of a Third Party Claim, and to defend a Third Party Claim with counsel of its own

choosing. Receipt by a Party of the notice and copies required in this paragraph and meaningful opportunity for the Party to participate in the investigation, defense and settlement of the Third Party Claim with counsel of its own choosing are conditions precedent to that Party's contribution obligation with respect to the Third Party Claim.

- (2) With respect to a Third Party Claim for which CJC is jointly liable with Recipient (or would be if joined in the Third Party Claim), CJC shall contribute to the amount of expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred and paid or payable by Recipient in such proportion as is appropriate to reflect the relative fault of the CJC on the one hand and of Recipient on the other hand in connection with the events which resulted in such expenses, judgments, fines or settlement amounts, as well as any other relevant equitable considerations. The relative fault of CJC on the one hand and of Recipient on the other hand shall be determined by reference to, among other things, the Parties' relative intent, knowledge, access to information and opportunity to correct or prevent the circumstances resulting in such expenses, judgments, fines or settlement amounts. CJC's contribution amount in any instance is capped to the same extent it would have been capped under Oregon law, including the Oregon Tort Claims Act, ORS 30.260 to 30.300, if CJC had sole liability in the proceeding.
- (3) With respect to a Third Party Claim for which Recipient is jointly liable with CJC (or would be if joined in the Third Party Claim), Recipient shall contribute to the amount of expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred and paid or payable by CJC in such proportion as is appropriate to reflect the relative fault of Recipient on the one hand and of CJC on the other hand in connection with the events which resulted in such expenses, judgments, fines or settlement amounts, as well as any other relevant equitable considerations. The relative fault of Recipient on the one hand and of CJC on the other hand shall be determined by reference to, among other things, the Parties' relative intent, knowledge, access to information and opportunity to correct or prevent the circumstances resulting in such expenses, judgments, fines or settlement amounts. Recipient's contribution amount in any instance is capped to the same extent it would have been capped under Oregon law, including the Oregon Tort Claims Act, ORS 30.260 to 30.300, if it had sole liability in the proceeding.

B. No Implied Waiver. No failure or delay on the part of CJC to exercise any right, power, or privilege under this Agreement will operate as a waiver thereof, nor will any single or partial exercise of any right, power, or privilege under this Agreement preclude any other or further exercise thereof or the exercise of any other such right, power, or privilege.

C. Governing Law; No Waiver. The laws of the State of Oregon (without giving effect to its conflicts of law principles) govern all matters arising out of or relating to this Agreement, including, without limitation, its validity, interpretation, construction, performance, and enforcement. In no event shall anything in this Agreement be construed as a waiver by either party of any form of defense or immunity, whether sovereign immunity, governmental immunity, Tribal immunity, immunity based on the eleventh amendment to the Constitution of the United States or otherwise, from any Claim or to the jurisdiction of any court. Notwithstanding the foregoing, nothing in this Agreement shall be construed as an agreement by either party that, in the event

of a lawsuit filed by one party against the other, the party filing the lawsuit is immune from counterclaims filed by the other party.

- D. Notices and Communication. Except as otherwise expressly provided in this Agreement, any communication between the parties or notices required or permitted must be given in writing by personal delivery, email, or by mailing the same, postage prepaid, to Recipient or CJC at the addresses listed in Exhibit A, or to such other persons or addresses that either party may subsequently indicate pursuant to this Section.

Any communication or notice by personal delivery will be deemed effective when actually delivered to the addressee. Any communication or notice so addressed and mailed will be deemed to be received and effective five days after mailing. Any communication or notice given by email becomes effective 1) upon the sender's receipt of confirmation generated by the recipient's email system that the notice has been received by the recipient's email system or 2) the recipient's confirmation of receipt, whichever is earlier. Notwithstanding this provision, the following notices may not be given by email: notice of default or notice of termination.

- E. Amendments. This Agreement may not be altered, modified, supplemented, or amended in any manner except by written instrument signed by both parties.
- F. Work Product. To the extent it has the necessary rights, Recipient hereby grants to CJC a non-exclusive, irrevocable, perpetual, royalty-free, license to use, reproduce, prepare derivative works based upon, distribute copies of, perform and display for governmental purposes, all documents, reports and works of authorship created, produced or obtained as part of or in connection with the Project ("Work Product"). Recipient shall deliver copies of Work Product to CJC upon request. In addition, if applicable law requires that CJC own such intellectual property, then Recipient shall execute such further documents and instruments as CJC may reasonably request in order to assign ownership in the intellectual property to CJC.
- G. Independent Contractor. Recipient shall implement the Project as an independent contractor and not as an agent or employee of CJC. Recipient has no right or authority to incur or create any obligation for or legally bind CJC in any way. CJC cannot and will not control the means or manner by which Recipient implements the Project, except as specifically set forth in this Agreement. Recipient is responsible for determining the appropriate means and manner of implementing the Project. Recipient acknowledges and agrees that Recipient is not an "officer", "employee", or "agent" of CJC, as those terms are used in ORS 30.265, and shall not make representations to third parties to the contrary.
- H. Severability. If any provision of this Agreement will be held invalid or unenforceable by any court of competent jurisdiction, such holding will not invalidate or render unenforceable any other provision.
- I. Successors and Assigns. This Agreement will be binding upon and inure to the benefit of CJC, Recipient, and their respective successors and assigns, except that Recipient may not assign or transfer its rights, obligations or any interest without the prior written consent of CJC.
- J. Counterparts. This Agreement may be signed in several counterparts, each of which is an original and all of which constitute one and the same instrument.
- K. Integration. This Agreement (including all exhibits, schedules or attachments) constitutes the entire agreement between the parties on the subject matter. There are no unspecified understandings, agreements or representations, oral or written, regarding this Agreement.

- L. No Third-Party Beneficiaries. CJC and Recipient are the only parties to this Agreement and are the only parties entitled to enforce the terms of this Agreement. Nothing in this Agreement gives or provides, or is intended to give or provide, to third persons any benefit or right not held by or made generally available to the public, whether directly, indirectly or otherwise, unless such third persons are individually identified by name herein and expressly described as intended beneficiaries of the terms of this Agreement. Notwithstanding the foregoing, CJC acknowledges, agrees, and intends that Recipient will expend the Grant consistent with the Project.
- M. Survival. The following provisions, including this one, survive expiration or termination of this Agreement: Sections 6.D through 6.F, 7, 8, 10.A, 10.C, 10.D, and 10.O.
- N. Time is of the Essence. The parties agree that time is of the essence under this Agreement.
- O. Public Records. CJC's obligations under this Agreement are subject to the Oregon Public Records Laws.

The signatures of the parties follow on the next page.

Recipient, by its signature below, acknowledges that it has read this Agreement, understands it, and agrees to be bound by its terms and conditions.
