Washington	11.59%	\$ 114,581	\$ 12,731
Wheeler	0.03%	\$ 250	\$ 28
Yamhill	2.75%	\$ 27,144	\$ 3,016

*24 of the 34 existing county recipients opted in to apply for supplemental funds.

**This percent formula is derived from the Department of Corrections Grant-in-Aid Formula for 2025-27 and adjusted to only account for opted-in existing county government JRP programs.

***Remaining opted-in counties' Formula Funding and Minimum Victim Services Funding shares increased proportionally to listed supplemental Grant-In-Aid (GIA) percentages until all supplemental funds available to award were partitioned amongst opted-in counties. This table represents *up-to* amounts, meaning that county requests *must not exceed, but may be less than*, each respective share listed. Each county should only request the amount which it needs to operate *and* has the ability to spend during the project period, as any unspent funds will need to be returned to the CJC within 30 days of the project period end date.
