

2026 Grant Solicitation

Restorative Justice Grant Program: Supplemental Funding

Application Due Date: October 25, 2026, at 11:59 PM PST

Purpose:

In 2021, the Oregon Legislature passed House Bill (HB) 2204, which created the Restorative Justice (RJ) grant program. The purpose of the Restorative Justice Grant Program is to provide public and private entities with financial support for restorative justice programs.

Eligible Applicants:

Eligible applicants for supplemental funding are Oregon public and private entities. To be eligible for RJ supplemental funding, an applicant must have a current RJ 25-27 grant agreement. Only one application may be submitted per entity. Recipients of the RJ grant are not required to apply for supplemental funding, but any part of an applicant's supplemental award allocation not requested as part of the supplemental application will be forfeited by that applicant.

Program Goals and Priorities:

Supplemental funding must be used to support RJ programming previously approved by the Commission. Funding is intended to strengthen existing Restorative Justice programs capacity to collect, manage, and report program data. Programs must give priority to activities and expenses that improve data collection processes, data quality, reporting capacity, or the systems and resources necessary to meet CJC reporting requirements.

Supplemental funds may also be used to increase existing line items that support direct restorative justice service delivery when a program has established sufficient processes, systems, and resources to meet CJC data collection and reporting requirements. Programs proposing to use any portion of supplemental funds for direct services must attest that sufficient data collection and reporting capacity is in place.

Availability and Duration of Funding:

This is a one-time solicitation offering financial support to existing Restorative Justice grant recipients for the grant period beginning July 1, 2025, and ending September 30, 2027. Applicants awarded funds may allocate award funding for costs incurred at any point during the grant period, so long as those funds meet all program rules and requirements found in the [CJC Grant Administration Guide](#) and as outlined in [statute](#) and [rule](#).

A total of \$173,500 is available for supplemental funding. Existing RJ grant programs may request up to a maximum of \$20,000 each. Final award amounts will be determined by the number of eligible programs that apply. If all existing programs apply, the available funds will be distributed evenly, resulting in an award of \$15,773 per program.

2026 Grant Solicitation

Restorative Justice Grant Program: Supplemental Funding

Application Timeline:

October 7, 2026	Supplemental application opens
October 25, 2026	Application period closes
November 2-6, 2026	Grant Advisory Committee meets to approve applications
December 1, 2026	Criminal Justice Commission meets to authorize awards

Application Requirements:

1. Applicants must review the [CJC Grant Administration Guide](#) for specific policies and procedures related to allowable uses of grant funds, review processes, and compliance regulations.
2. Existing RJ grant program supplemental funding applications must include the following:
 - a. Responses to all supplemental questions;
 - b. A supplemental budget adjustment sheet with all applicable sections completed. Applicants must submit spreadsheets in the original formatting and without any revisions of formulas. Spreadsheets with any alterations to formatting or formulas will not be accepted. Requested supplemental funding must align with the purpose and goals of the grant program; and
 - c. Data Collection Capacity Attestation (as applicable)
3. Successful applicants will be required to execute an amendment to their existing 2025-27 RJ Grant Agreement.

How to Apply:

Applications must be submitted online through CJC's grant management system: <https://cjc-grants.smapply.io>.

Restorative Justice Grant Program: Supplemental Funding

Sample Application

CJC Comments Regarding Application Questions:

It is strongly recommended that applicants first read through all application questions and closely review the list of required documentation listed in the Grant Solicitation.

Existing Grantee Supplemental Application Questions:

1. Describe your program's current capacity to collect, manage, and report the data required by CJC. Identify any gaps, challenges, or resource needs related to data collection and reporting and explain how supplemental funding will be used to address those needs. If your program does not have identified data collection or reporting needs, explain why your current processes, systems, and resources are sufficient. (Word limit: 200 words)
2. Describe how the requested supplemental funding will be used to strengthen your program. Include the specific activities, resources or expenses that will support data collection and reporting and/or direct restorative justice service delivery. If funds will support direct services, describe how the funding will maintain, restore or increase service delivery or program capacity during the remaining grant period. (Word limit: 200 words)
3. Describe how your program will implement the proposed activities and expend the full amount of supplemental funding requested by the end of the grant period, September 30, 2027. Include key activities or anticipated timelines, as applicable. (Word limit: 200 words)

Data Collection Capacity Attestation:

Applicants proposing to use any portion of supplemental funding for direct restorative services must acknowledge the following:

I attest that our program currently has sufficient processes, systems, and resources necessary to collect, manage, and report the program data required by CJC. Our organization has assessed its current data collection and reporting capacity and determined that the portion of supplemental funding proposed for direct services will not prevent the program from meeting CJC data collection and reporting requirements.

☐ I acknowledge and attest to the statement above.
