

Statistical Transparency of Policing (STOP) Project Tier 2 Kick-Off Sessions

Presented by: Integrated STOP Project Team—Oregon State Police STOP Project Team, Criminal Justice Commission, Department of Public Safety Standards and Training
Presented on: October 01, 2018 Session A; October 02, 2018 Session B

Welcome

Major Tom Worthy,
Oregon State Police

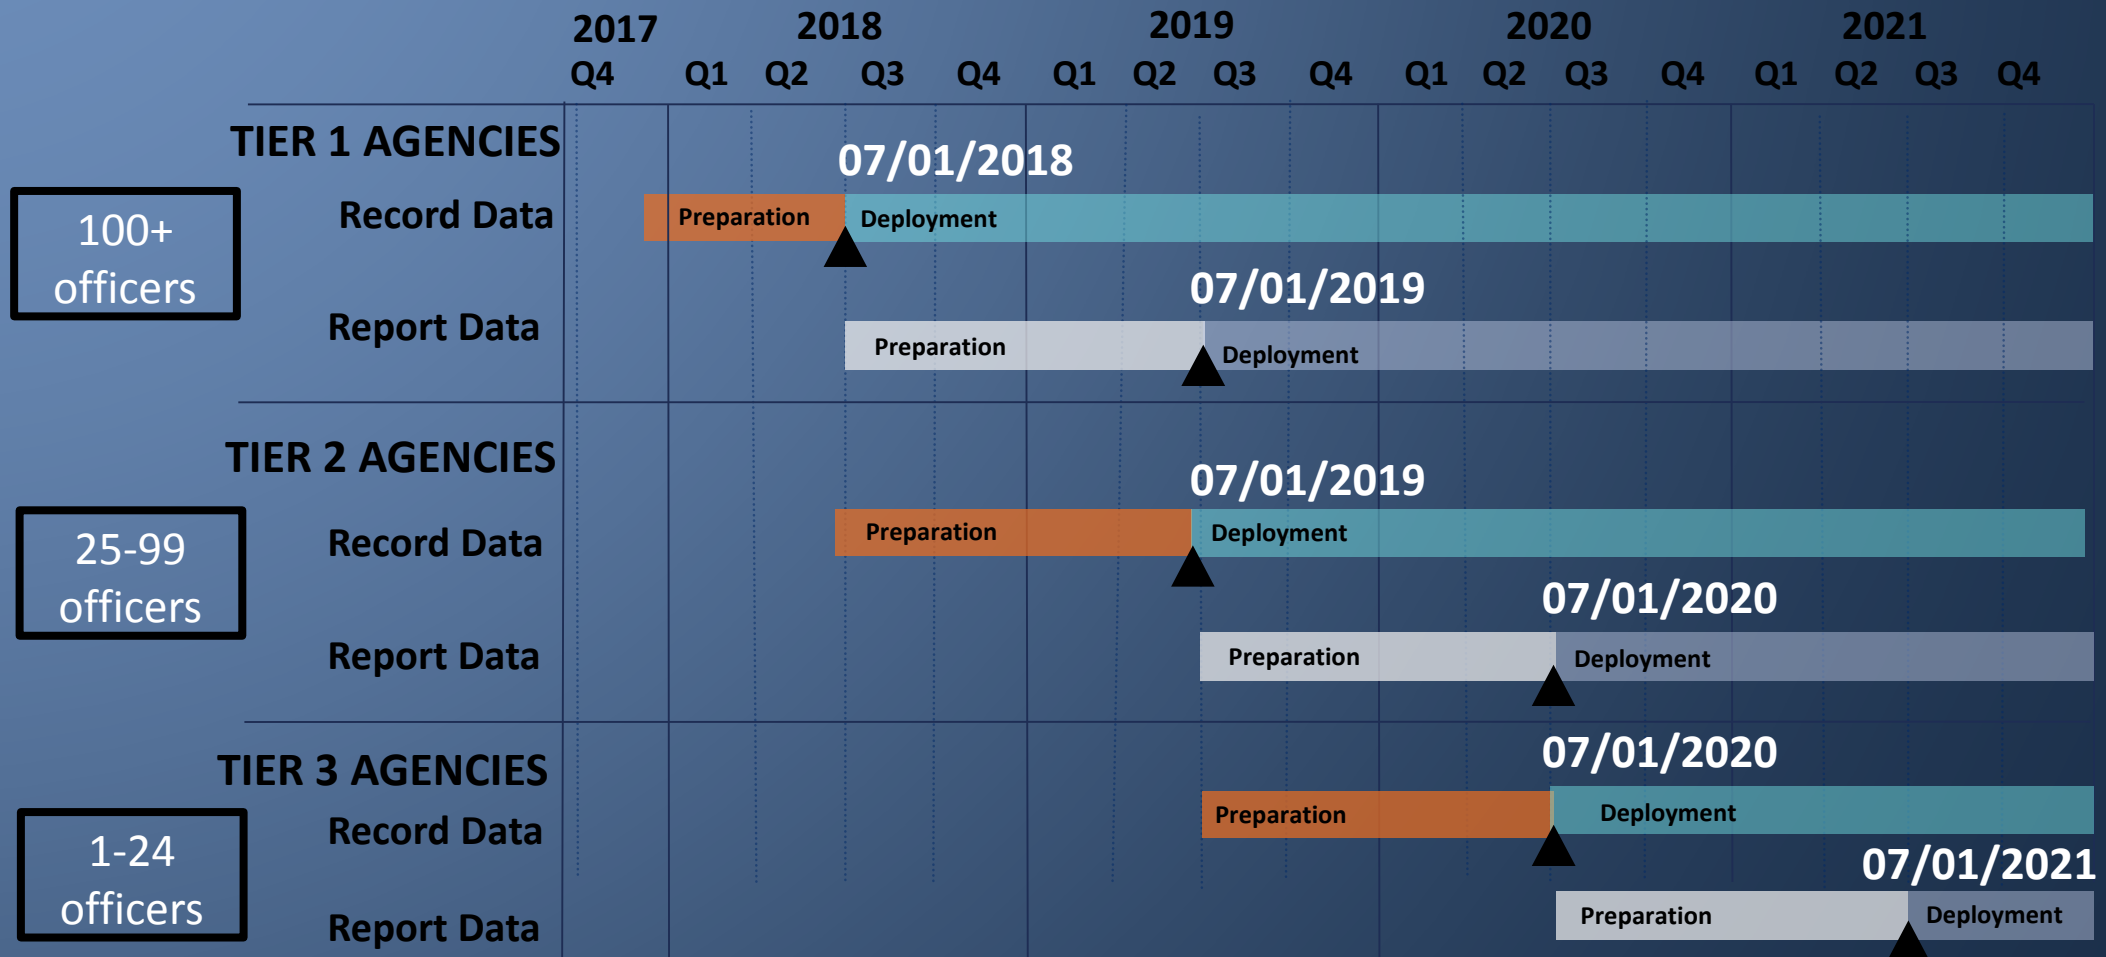

HB 2355 (2017)

- Made into law during 2017 Legislative Session.
- Two-part bill that changes classification of certain drug crimes and requires collection of certain data elements from officer-initiated pedestrian and officer-initiated traffic stops by all Oregon Law Enforcement Officers.

HB 2355 Rollout Dates

HB 2355 (2017)

STOP SOLUTION (OSP)

- Implementation by July 1, 2018

REPORTING (CJC)

- Ongoing Reporting starting in 2019

TRAINING (DPSST)

- Ongoing Training starting July 1, 2018

HB 2355 (2017)

STOP SOLUTION (OSP)

- Technical and Administrative Support through June 2018

REPORTING (CJC)

- Program/Project Management starting in October 2018
- Ongoing Reporting starting in 2019

TRAINING (DPSST)

- Ongoing Training starting July 1, 2018

INTRODUCTIONS: STOP Team Members

Oregon State Police
Five Point Solutions

Criminal Justice Commission

Department of Public Safety
Standards and Training

FivePoint Solutions: Who We Are

- Marla Kosier, Project Manager
- Wayne Green, Technical Lead
- FivePoint Solutions is a software products and services company focused on delivering solutions to State and Local agencies; primarily Courts and Law Enforcement.
- Headquartered in Lexington, SC just outside of Columbia, with staff located in Columbia SC, Atlanta GA, Boston MA, San Diego CA and New Hampshire.

FivePoint Solutions: What We Do

- FivePoint's Core Competencies include:
 - Systems Integration
 - Data Exchanges
 - Dashboards
 - Federated Searches
 - Document Management and Workflow
 - Specialty Court Case Management
 - Conversion Services
 - Payment Processing

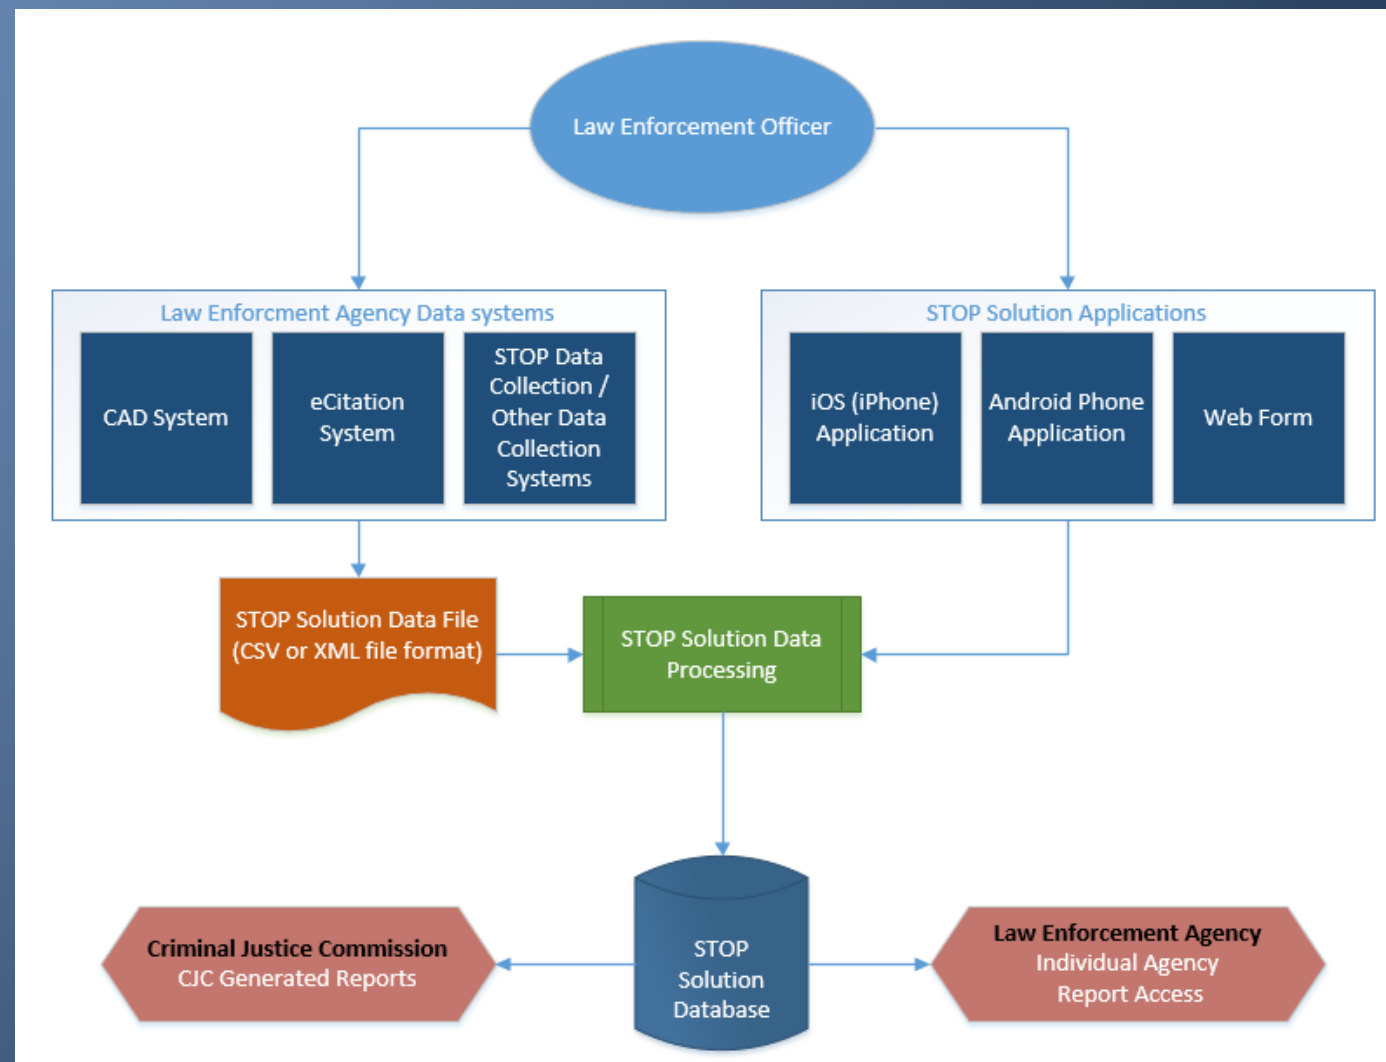

FivePoint Solutions: Law Enforcement Projects

- Jail List Dashboard
- Arrest and Search Warrant Application with online electronic signature
- Evidence Query Dashboard
- Probation Kiosk
- Warrant Query Dashboard
- Federated Search Query
- Data Exchanges

CJC: Reporting for HB2355

CJC

THE CRIMINAL JUSTICE COMMISSION

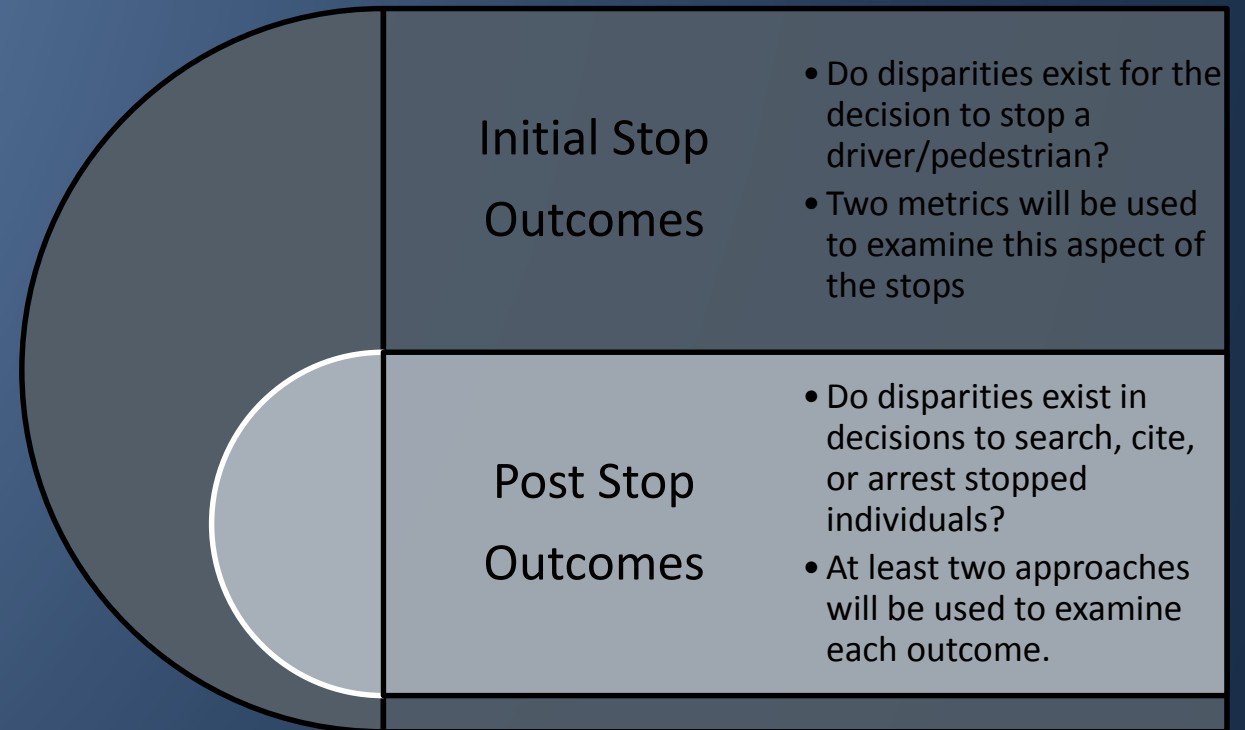

- The mission of the Criminal Justice Commission is to improve the legitimacy, efficiency, and effectiveness of state and local criminal justice systems in Oregon.
- The CJS consists of two divisions:
 - The **CJC Programs Team**: (1) administers state and federal public safety grant dollars, (2) funds and evaluates specialty courts, and (2) administers the state's Justice Reinvestment Program.
 - The **CJC Research Team**: (1) conducts impartial research and evaluations of criminal justice practices and interventions; (2) provides fiscal analyses for proposed public safety legislation, and (3) assists stakeholders in obtaining criminal justice system data.
- In HB 2355, the CJC was tasked with analyzing traffic stop data collected by the STOP program and reporting its findings to the Legislature annually.

DATA ANALYSIS PLAN

- CJC will utilize several data analysis methods to examine STOP data. Why?
 - All data analysis techniques have their strengths and weaknesses—no analysis can determine if racism determines behavior.
 - No single data analysis technique can examine the entire stop.
 - The use of multiple analyses ensures that more than one touch point will provide a balanced picture of STOP outcomes when reported to stakeholders—this is not a “pass/fail” approach.
- Greater detail regarding the selected analyses is available on the STOP website:

www.oregon.gov/cjc/stop

DELIVERABLES

- As mandated in HB 2355, CJC will submit an annual report on STOP data outcomes starting in December 2019.
 - This report will not be designed to “call out” law enforcement agencies.
 - As has been done in other states, our report will present STOP data in a way that:
 - Organizes STOP data and analyses in a way that can be understood by stakeholders.
 - Identifies instances where performance may show racial disparities (analyses are not dispositive).
- Under HB 2355, if an agency stands out, DPSST “may provide advice or technical assistance to any law enforcement agency mentioned in the report” (§4(2)). If assistance is provided, DPSST will report on the advice or technical assistance to the appropriate LPSCC (§4(3)).

DPSST: Training for HB2355

DPSST

DPSST: Training for HB2355

- DPSST's Center for Policing Excellence (CPE) develops and delivers training and resources that promote the use of research related to building public trust and confidence, decreasing crime or disorder, and increasing offender accountability.
- CPE staff for the STOP Project
 - Ryan Keck, CPE Manager
 - Annie Rexford, Criminal Justice Researcher
 - Upcoming Recruitments:
 - Legitimacy Coordinator
 - Research Analyst
 - Public Safety Training Specialist

DPSST: Training for HB2355

- Statistical Transparency of Policing (STOP) Training – currently available on iLearn
- Supplemental trainings, as requested
- Research and topic summaries on the OKB
- Technical assistance and training to any requesting agency

TIER 2 EARLY ADOPTERS—GROUP A

November /
December
2018

- Up to 14 Law Enforcement Agencies
- Integrated Team will work with Individual Agencies for On-Boarding Scheduling and Activities

TIER 2 EARLY ADOPTERS—GROUP A

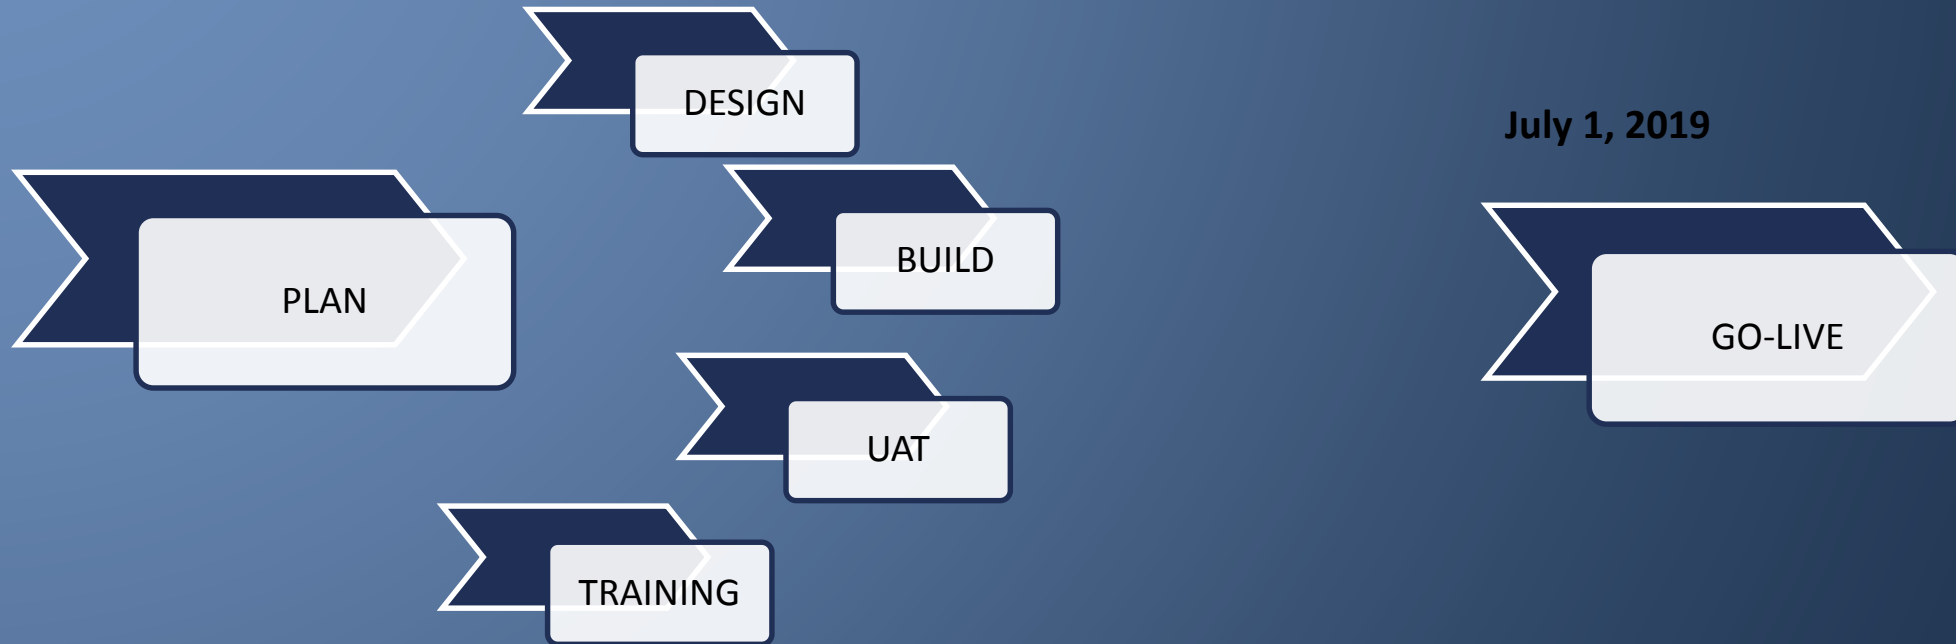

Initial Check- List

- Approach is known (Both Collection and Sending methods)
- Key People Identified (Decision Maker, Technical Contact, User Administrator)
- Dedicated Time and Bandwidth (Dedicated on-boarding time)
- Roll-Out Ready (Organizationally ready to submit real data to Test Environment)
- Production Decision is known (Options: 1) Now or 2) at Go-Live)

TIER 2 SCHEDULE

ON-BOARDING GROUPS B AND C

DATA COLLECTION AND VERIFICATION
