General Guidelines for 1099-MISC Reporting

PAYMENTS SUBJECT TO 1099-MISC REPORTING

File **Form 1099-MISC**, miscellaneous Income, for each person to whom you have paid (1) at least \$10 in royalties or broker payments in lieu of dividends or tax-exempt interest; (2) at least \$600 in rents, services (including parts and materials), prizes and awards, other income payments, medical and health care payments, crop insurance proceeds, or cash payments for fish (or other aquatic life) purchased from anyone engaged in the trade or business of catching fish, (3) any fishing boat proceeds; or (4) gross proceeds paid to an attorney.

Reportable payments are captured on the 1099-MISC form in boxes 1 through 14. Agencies will have until **January 19, 2021** to make online changes or corrections to the amounts to be reported in each box on form 1099-MISC. Agencies will have until **January 21, 2021** to request manual corrections to amounts to be reported in each box on form 1099-MISC before 1099-MISC forms are mailed to the vendors.

Following are descriptions of reportable expenditures by box for reporting on form 1099-MISC. Each vendor is reportable for aggregated amounts of \$600 or more from all state agencies in one calendar year (unless otherwise specified).

Form 1099-MISC is not required for:

1. Payments to a corporation, except medical and health care payments, payments of attorneys' fees and gross proceeds paid to attorneys
2. Payments for merchandise, telegrams, telephone, freight, storage, and similar payments
3. Payments of rent to real estate agents
4. Wages paid to employees (report of Form W-2)
5. Business travel allowances paid to employees (may be reportable on Form W-2)
6. Fees paid to informants for information about criminal activity
7. Scholarships or fellowship grants
8. Difficulty-of-care payments to foster-care providers
9. Canceled debt

Form 1099-MISC is required for:

See page 6 for a complete list of types of reportable payments.

SCHOLARSHIPS:

Do Not use Form 1099-MISC to report scholarship or fellowship grants. Scholarship or fellowship grants that are taxable to the recipient because they are paid for teaching, research, or other services as a condition for receiving the grant are considered wages and must be reported on Form W-2. Other taxable

scholarship of fellowship payments (to a degree or non-degree candidate) are not required to be reported by you to the IRS on any form.

CORPORATIONS:

The following payments made to corporations generally must be reported on Form 1099-MISC:

1. Medical and health care payments (box 6)
2. Gross proceeds paid to an attorney (box 14)

BOX 1 - RENTS

Reportable rents include payments made for real estate rentals paid for office space (except rentals paid to real estate agents), machine rentals, pasture rentals. Rents paid for coin-operated amusements. Public housing agencies must report in box 1 rental assistance payments to owners of housing projects.

BOX 2 - ROYALTY PAYMENTS

You are not required to report payments to pharmacies for prescription drugs. Account Number – State of Oregon reports the vendor number in this field. This field may contain an algorithm number. The vendor TIN is reported as the RECIPIENT’S identification number.

To determine which box a comptroller expenditure object reports to, agencies may look at the D10 Comptroller Object Profile. The values assigned to the **1099 IND** field determines which box to report in on the 1099-MISC form and the corresponding line on Screen 43M.

1099 REPORTABLE CHARGES FOR FIXED ASSETS

Occasionally an agency will incur charges that are both capitalized fixed asset and should be reported on a 1099-MISC. Some examples include costs to prepare a site to receive a new piece of equipment, or costs to repair a capital asset if that repair will materially add to the value, life or functionality of the asset. Such costs may be charged to a capital outlay account and capitalized. If such costs are charged to service and supplies accounts and then capitalized please use the comptroller object that is 1099 reportable (5105 - 5905). This allows the costs to be captured for 1099-MISC reporting and capitalization. The accounts payable personnel responsible for 1099-MISC reporting should collaborate with the fixed asset accountant to verify that all reportable sums are captured for reporting.

PAYEES SUBJECT TO 1099-MISC REPORTING

Payees subject to reporting are any payees that are not corporations, except for medical corporations, or non-profit organizations. Payments to companies, sole proprietorships, estates, trusts, partnerships, medical corporations, attorneys, or individuals are all reportable.

Generally, payments to payees who are independent contractors are reportable on form 1099-MISC. Internal Revenue Service Publication 937, Employment Taxes and Information Returns, describes in detail how to determine if someone is an independent contractor or an employee. Key points include:

- a) Control: Employees are subject to employer control which may cover when, where, and how they work. The number of hours required. Materials or tools used. Training required or administered on the job. Submission of reports to the employer.
- b) Integration: Employees' services tend to be integrated into the organization's operations. Employees perform their services personally on the employer's premises, and those services are generally an integral part of the employer's operations. An independent contractor may perform services personally, or may hire assistants who may perform part or all of the contracted services. A contractor's services may be performed onsite or offsite; also, while an employee tends to perform services continually for the same employer, an independent contractor offers services to the general public, and may perform services for numerous customers.
- c) Payment: Employees tend to be paid by the hour, week or month. Independent contractors are paid by the job or on commission. A contractor may make a profit or suffer a loss. They are responsible for their own costs of travel, materials waste or spoilage, or other costs associated with fulfilling the terms of the contract. An employee travels at the employer's direction and is reimbursed for related expenses. Employees do not supply materials nor are they financially responsible for waste or spoilage.
- d) Right to quit or fire: An employee may be fired by the employer, or may quit at their own discretion. An independent contractor may not be fired so long as they produce a result that meets the specifications of the contract. An independent contractor is bound by contract to perform specified services, and if the contractor quits before fulfilling the terms of the contract, they may be held legally liable for the balance of the contract.

General Guidelines for 1099-NEC Reporting

PAYMENTS SUBJECT TO 1099-NEC REPORTING

File **Form 1099-NEC**, non-employee compensation, will capture any payments to nonemployee service providers, such as independent contractors, freelancers, vendors, consultants and other self-employed individuals.

Reportable payments are captured on the 1099-NEC form in boxes 1 through 7. Agencies will have until **January 19, 2021** to make online changes or corrections to the amounts to be reported in each box on form 1099-NEC. Agencies will have until **January 21, 2021** to request manual corrections to amounts to be reported in each box on form 1099-NEC before 1099-NEC forms are mailed to the vendors.

Following are descriptions of reportable expenditures by box for reporting on form 1099-NEC. Each vendor is reportable for aggregated amounts of \$600 or more from all state agencies in one calendar year (unless otherwise specified).

Form 1099-NEC is required for:

1. Payments to an independent contractor
2. Transit passes and parking for independent contractors if their value in any month is greater than \$21
3. Director's fees
4. Commissions paid to lottery ticket sales agents

BOX 1 - NONEMPLOYEE COMPENSATION

Includes fees, commissions, prizes and awards for services performed, or other forms of compensation for services by nonemployees. Include oil and gas payments for a working interest, whether or not services are performed. (This pertains only to oil wells where the vendor gets daily updates on operations.)

Payments to be reported in box 7 include:

- a) professional service fees (attorneys, accountants, architects)
- b) fees paid by one professional to another
- c) payments by attorneys to witnesses or experts in legal adjudication
- d) payments for services, including payment for parts or materials used to perform the service if supplying the parts or materials was incidental to providing the service
- e) commissions paid to nonemployee salespersons that are subject to repayment but not repaid during the calendar year
- f) a fee paid to a nonemployee and travel reimbursement for which the nonemployee did not account to the payer (if at least \$600)
- g) payments to nonemployee entertainers for services
- h) exchanges of services
- i) taxable fringe benefits for nonemployees
- j) gross oil and gas payments for a working interest
- k) payments to an insurance salesperson who is not your common law or statutory employee
- l) directors' fees
- m) commissions paid to licensed lottery ticket sales agents
- n) golden parachute payments

DAFRE099 Report

Generated: 1/19/2020

This is a report of state employees that received payments using reportable comptroller objects (D10-COBI). Reportable payments that were made to employees that did not pertain to their job are reportable on form 1099-MISC and 1099-NEC.

i.e. A State of Oregon employee provides firefighting services, equipment, or equipment operation services to Dept. of Forestry during Wildfire season. This is reported on a 1099-MISC using SSN.

Any payments to employees that do not pertain to their regular job must be paid using their SSN, not their employee ID number.

A 1099-MISC or 1099-NEC Change Request form is required if the total amount of the reportable payments are \$600.00 or more. If the payment is reportable, but is less than \$600.00, you do not need to complete a 1099-MISC or 1099-NEC Change Request Form.

Reimbursements for employee travel (on an accountable plan), fringe benefits, and awards are not reportable to the employee on form 1099-MISC or 1099-NEC. These payments are employee expenses and if they are eligible to be reported to the IRS, should be included on the employee form W-2.

Please review the DAFRE099 report and verify that payments to employees were made as an employee expense.

- If payments made (to an employee) were payments or reimbursements for employee expenses, do not request a form 1099-misc or 1099-NEC
- If payments made for reportable, non-employee related expenses, but are not for more than \$600, do not request a form 1099-misc or 1099-NEC

Do not request a form 1099-MISC or 1099-NEC using an employee id number. The vendor number (begins with 3 not 1OR) must be a valid SSN.
