ARTICLE 1 - PARTIES TO THE AGREEMENT

This Agreement is entered into between the Association of Engineering Employees of Oregon (Association) and the State of Oregon, acting by and through the Department of Administrative Services (Employer) on behalf of the Oregon Department of Transportation, Oregon State Department of Forestry and the Oregon Parks and Recreation Department (hereinafter called the "Agency"), for the purpose of establishing matters of employment relations covered by this Agreement for employees in the bargaining unit.

ARTICLE 2 - RECOGNITION

The Employer recognizes the Association as sole and exclusive bargaining agent for all employees within the appropriate bargaining units, both existing and to be determined in the future, for which the Association is certified or recognized, except temporary employees and those employees excluded by law or by determination of the Employment Relations Board.

Classifications represented by the Association within the Oregon Department of Transportation (ODOT), the Oregon Parks and Recreation Department (OPRD) and the Department of Forestry (FORESTRY) are listed in Appendix A, including such other classes as may from time to time be determined as appropriate through the Employment Relations Board (ERB) process.

The Employer shall notify the Association when the Agency excludes a filled bargaining unit position based on supervisory, managerial or confidential status. Any dispute regarding such exclusions shall be resolved by the Employment Relations Board.

ARTICLE 3 - SCOPE OF AGREEMENT

Section 1. This Agreement binds the Association and any person designated by it to act on behalf of the Association. Likewise, this Agreement binds the Employer and its employees and any other person designated by it to act on its behalf.

The terms of this Agreement shall apply to all members of certified or recognized bargaining units, represented by the Association, both existing and as determined in the future.

Section 2. This Agreement supersedes all prior agreements negotiated between the Association and the Employer unless those agreements specify a different term.

Section 3. The parties acknowledge that during the negotiations which resulted in this Agreement, each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the area of collective bargaining, and that the understandings and agreements reached by the parties after the exercise of that right and opportunity are set forth in this Agreement.

Section 4. All statewide policies currently being applied by the Employer relating to employment relation matters, rights, and benefits of this bargaining unit's members shall be continued for the life of this Agreement.

Section 5. This does not constitute a commitment by the Employer to continue benefits mandated under personnel rules in effect prior to the adoption of this Agreement or to extend statewide any policies or practices affecting isolated areas or specific circumstances.

ARTICLE 4 - TERMS OF AGREEMENT

Section 1. Except as otherwise indicated herein, this Agreement takes effect on July 1, 2009, or such date the Agreement is signed, whichever is later, and expires on June 30, 2011.

Section 2. For the purpose of renewing, renegotiating, or amending at the expiration of the existing agreement, negotiations shall begin on January 2, 2011, or as agreed by the parties.

ARTICLE 5 - EFFECT OF LAW AND RULES

Section 1. This Agreement is subject to all applicable existing and future laws of the State of Oregon including rules or regulations promulgated under the provisions of the Administrative Procedures Act of the State of Oregon.

Section 2. In the event that any provision of this Agreement shall at any time be declared invalid by any court of competent jurisdiction or through government regulations or decree, such decision shall not invalidate the entire Agreement, it being the expressed intent of the parties hereto that all other provisions not declared invalid shall remain in full force and effect. That provision declared invalid shall be subject to renegotiation by the parties.

Section 3. No new Employer Personnel Rule or change in any existing Employer Personnel Rule that addresses subjects that are mandatory issues for bargaining shall be adopted unless the change has been first agreed to by the other party in negotiations. The Association shall be notified in advance of all proposed rule changes regardless of bargain-ability, and shall be given an opportunity to comment prior to processing the proposed change.

ARTICLE 6 - COMMUNICATIONS ON EMPLOYMENT RELATIONS MATTERS

The Employer shall not issue any directives or written statements that have any effect on the standards of employment relations matters established by this Collective Bargaining Agreement unless such directives or statements have been agreed upon with the Association. Nothing in this Article is intended to inhibit the Employer from issuing directives and/or statements which interpret or effectuate a contractual obligation; however, a copy of such statements and directives shall be sent to the Association.

ARTICLE 7 - ADMINISTRATION OF THE AGREEMENT

Section 1. Except as provided in Article 36 – Grievance and Arbitration, the parties retain all remedies provided to them by law, including but not limited to complaints to the Employment Relations Board or resort to the courts. However, it is agreed that before either of the parties makes use of these remedies, it will make a reasonable effort to settle the matter through such procedures as may be provided by the Agency.

Section 2. Any personnel action taken by the Employer, which is thereafter agreed by that Employer or found by an arbitrator, the Employment Relations Board or a Court to have been improper or contrary to a provision contained in this Agreement, shall be fully corrected after fully exhausting the appeal remedies.

ARTICLE 8 - EMPLOYEE ASSISTANCE PROGRAM

Section 1. The Employee Assistance Program is a confidential service:

- (A) To help employees identify problems that are or may become a factor in job performance;
- (B) To refer employees to proper community agencies for help;
- (C) To provide support and follow-up for the employee.

Information obtained by the Employee Assistance Program is not released to anyone without written consent of the employee and it is not recorded in the employee's personnel file. There is no cost to the employee for this assistance. If the employee is referred to other agencies, there may be a fee charged by those agencies. Every effort is made to make referrals compatible with the financial resources of the employee.

Section 2. Management recognizes that the most valuable resource the agency has is its experienced employees at all levels in the organization. At the same time, it is recognized these employees can have problems which affect their job performances. These difficulties can be medical, legal, marital, family, alcohol or drug abuse, financial, psychological, or job-related. To retain its employees, the goal is to help those with problems so they can continue to make their valuable contributions to the agency. That goal can be achieved by identifying the problem, referring the employee to the proper treatment agency, and the employee completing the treatment.

Section 3. Referrals to the Employee Assistance Program are made as follows:

- (A) **SELF-REFERRALS** – employees often recognize they need help before their problems affect their job performances, and they want to discuss the problem with an impartial, confidential individual who is aware of the resources available to help solve the problem. Employees who voluntarily seek or accept referrals to Employee Assistance Programs do not, by doing so, place their jobs or future in jeopardy. By recognizing problems and seeking help early, employees may maintain their good job records and eligibility for promotions;
- (B) **SUPERVISOR REFERRALS** – a supervisor's responsibility is to evaluate job performances, not to diagnose the problems or become involved with the problems themselves. However, a supervisor may refer an employee to the Employee Assistance Program because of the employee's job performance;
- (C) **ASSOCIATION REFERRALS** – job representatives of the Association of Engineering Employees may also refer employees to the Employee Assistance Program when those employees have problems.

ARTICLE 9 - ASSOCIATION PRIVILEGES AND LIMITATIONS

Section 1. The internal business of the Association shall be conducted by the employees during their nonduty hours, unless by special permission of the Agency in limited instances involving the mutual benefit of the Agency and the employees.

Section 2. The Association's Retirement Committee Chairman and Insurance Committee Chairman or their delegate will be allowed thirty-six (36) hours of Agency time annually for attending regular meetings of their appropriate Retirement Board or Employee Benefit Board. Transportation and other expenses resulting from attendance at these meetings shall be borne by the Association.

Section 3. Chapters or Committees of the Association shall be allowed the use of the facilities of the Agency for meetings at the discretion of the Agency and when such facilities are available and the meetings would not conflict with the business of the Agency. Employees may conduct business during their lunch period.

Section 4. The Agency shall provide reasonable bulletin board space for the use of the Association in communicating with the employees.

Section 5. The Agency shall, semi-annually, furnish the Association a listing of names, headquarters and complete addresses of the employees in the bargaining unit, and will, upon request, furnish supplemental lists required by special elections or other unusual circumstances.

Section 6. Time Off for Association Business. The Employer recognizes the right of the Association to conduct its own affairs and that the Association's President and 1st Vice President may desire to be easily accessible to the Employer, the Agency and the employees alike. To maintain this accessibility, the Association's President and 1st Vice President shall be allowed up to one hundred (100) hours a year (each) of vacation, compensatory time, or leave without pay to conduct this business, when requested by the individual employee. When assistance is requested by the Employer, time required for such assistance will not be considered to be leave.

Section 7. The President, 1st Vice President or Grievance Committee Chairman may assume responsibility for a grievance at any level but normally not until the grievance is at the second (2nd) step or above. Each will be allowed up to forty (40) hours per month of total time on vacation, compensatory time, or leave without pay for time spent during the regularly scheduled hours of employment or the appropriate Job Representative may assign in writing to the President, 1st Vice President or Grievance Committee chairman a portion of his/her twenty-four (24) hours paid time per month for handling grievances from their region. In no event shall the paid time exceed the twenty-four (24) hours per month allocated to the Job Representative.

Section 8. In the event that notice of layoff is given, the President and 1st Vice President and/or their delegate shall be allowed up to eight (8) hours per day of vacation, compensatory time, or leave without pay for Association business commencing with the date of notice and for the duration of the layoff process. When assistance is requested by the Employer or the Agency, time required for such assistance will not be considered to be leave.

Section 9. Appropriate personnel referred to in this Article shall maintain a monthly record of dates and time spent during working hours on activities described in this article. Upon request a copy of this monthly record shall be furnished to the immediate supervisor.

Section 10. Fair Share

- (A) All employees in the bargaining unit who are not members of the Association shall make fair share payments in lieu of dues to the Association. Fair share payments shall not exceed regular Association monthly dues assessment.

- (B) Fair share deductions shall be made in the first full month of employee service but shall not be made for any month in which an employee works less than thirty-two (32) hours. An employee shall have fair share deducted from his/her check for each month or part month in excess of thirty-two (32) hours they work thereafter.
- (C) Bargaining unit members who exercise their right of nonassociation, only when based on a bona fide religious tenet or teaching of a church or religious body of which such employee is a member, shall pay an amount of money equivalent to regular monthly Association dues to a nonreligious charity or to another charitable organization mutually agreed upon by the employee and the Association and such payment shall be remitted to that charity by the employee in accordance with ORS 243.666. At time of payment, notice of such payment shall simultaneously be sent to the Agency and the Association by the employee.
- (D) An alphabetical listing of Association fair share deductions for the previous month by Agency shall be forwarded to the Association by the 3rd workday of each month with the month's remittance. The listing shall be compiled and mailed by the Joint Payroll and shall show employee's name (last, first, middle initial), Social Security Number, amount deducted, base pay, classification number, and representation code.
- (E) Fair Share Adjustment Summaries for Association Members. Summaries will be forwarded by the Agency payroll office to the Association by the 10th workday of the following month. The fair share adjustment summary will reconcile the previous month's remittance with the current month's remittance. The Fair Share Adjustment Summary will be an alphabetical listing and shall show the following:
- Name (last name first, full first name, middle initial)
 - Formatted Social Security Number (000-00-000)
 - Prior month deduction
 - Current month deduction
 - Variance (difference between prior month deduction and current month)
 - Reason for change in fair share amount (correction for previous month's error and explanation: salary increase, salary decrease, hourly, part time, new member, cancellation, transfer to or from which Agency, layoff, retirement, termination, name change, leave of absence without pay, end or beginning of season for seasonal employee).
 -
- The Association recognizes that the above information may require hand editing and/or notations. Therefore, only repeated errors or omissions will be considered a violation of this section.
- (F) The Association shall indemnify and hold the Employer and Agencies or persons acting on behalf of the Employer and Agencies harmless against any and all claims, damages, suits, proceedings or any other forms of liability which may arise out of any action taken or not taken by the Employer and Agencies for the purposes of complying with provisions of this section.

ARTICLE 10 - REPRESENTATION

Section 1. The Association is recognized and shall serve as exclusive representative of all employees in the bargaining unit heretofore described, except temporary employees and those employees properly excluded from the unit in accordance with the rules of the Employment Relations Board or by agreement of the parties.

Section 2. The Employer shall not enter into any agreements regarding employment relations matters with any other organization or individual purporting to represent any group of employees in the bargaining unit, and shall not furnish any facilities or engage in any type of conduct which would imply recognition of any group other than the Association as a representative of the employees in the unit.

Section 3. Reference to the – ASSOCIATION – as representative of the employees means the Association of Engineering Employees and the Employer shall have no obligation to bargain with and shall not bargain or enter into agreements with any committee or district organization of the Association in matters covered by this contract, unless such persons or bodies are specifically designated by the Association as authorized representatives for such purposes.

Section 4. Nothing in this Agreement shall preclude an individual employee from representing himself in individual personnel matters. However, this does not include the right for employees to proceed to grievance arbitration without representation or authorization of the Association.

Section 5. It is agreed by the Employer and the Association that excluded employees shall not engage in or participate in the bargaining unit activities nor hold a position on any employee representation committee.

Section 6. In the event the Agency allocates bargaining unit employees into new/revised classifications not covered in the Association bargaining unit, the Agency will give written notice to the Association within fourteen (14) calendar days of reporting allocations to the Department of Administrative Services.

Section 7. The Agency shall give written notice to the Association when a bargaining unit employee's representation status changes as a direct result of a change in the employee's classification. * Intent Note: Notice to the Association will be prior to or at the same time that the documentation or paperwork is given to DAS for consideration.

ARTICLE 11 - HIGH WORK DIFFERENTIAL

When an employee is required to perform work more than twenty (20) feet directly above the ground or water and is required to use safety ropes, scaffolds, boatswain chairs, safety harnesses or other safety devices for support, the employee shall receive seventy-five cents (\$.75) per hour for all hours worked.

- (A) (ODOT) Two Association represented employees will meet with the Agency's Statewide Safety Leadership Committee to discuss and review high work safety standards.
- (B) Association represented employees will be on Agency paid time if the meeting coincides with the employees' work schedule.

The Agency will not be liable for mileage, lodging, meals or overtime.

- (C) (Forestry) Two Association represented employees will meet with the Agency's Safety Manager to discuss and review high work safety standards.

Association represented employees will be on Agency paid time if the meeting coincides with the employees' work schedule.

The Agency will not be liable for mileage, lodging, meals or overtime.

ODOT/Forestry meetings shall not be considered bargaining under PECBA and the parties shall not be required to follow the dispute resolution procedures.

ARTICLE 12 - NO STRIKE OR LOCKOUT DURING TERM OF AGREEMENT

Section 1. The Employer agrees that during the term of this Agreement the Agency shall not cause or permit any lockout of employees from their work. In the event an employee is unable to perform his/her assigned duties because equipment or facilities are not available due to a strike, work stoppage or slowdown by any other employees, such inability to provide work shall not be deemed a lockout.

Section 2. The Association agrees that neither it, nor its officers or employees covered by this Agreement will encourage, sanction, cause, support or engage in any strike, walkout, refusal to report to work, picketing, or other interruption of work during the term of this Agreement provided, however, that if at the expiration of this Agreement, the Employer and the Association have not reached agreement on a renewal extension or new Agreement, the Association, and its officers and employees covered by this Agreement may engage in any type of strike activities which is not unlawful.

Section 3. Upon notification, confirmed in writing by the Employer to the Association that certain bargaining unit employees covered by this Agreement are engaging in strike activity in violation of this Article, the Association shall, upon receipt of a mailing list, advise such striking employees in writing (with a copy to the Employer) to return to work immediately. Such notification by the Association shall not constitute an admission that it has caused or counseled such strike activity. The notification to employees covered by this Agreement by the Association shall be made solely at the request of the Employer.

Section 4. Employees covered by this Agreement who engage in strike activity prohibited by this Article will be subject to disciplinary action by the Agency.

ARTICLE 13 - MANAGEMENT'S RIGHTS

Except as may be specifically modified by the terms of this Agreement, the Employer retains all rights of management in the direction of its work force. These rights of management shall include, but not be limited to, the right to:

- (A) Direct employees.
- (B) Hire, promote, transfer, assign and retain employees.
- (C) Suspend, discharge or take other proper disciplinary action against employees.

- (D) Reassign employees.
- (E) Relieve employees from duty because of lack of work or other reasons.
- (F) Schedule work.
- (G) Determine methods, means, and personnel by which operations are to be conducted.

ARTICLE 14 - OUTSIDE EMPLOYMENT

Section 1. No employee shall pursue any outside employment which will in any way reduce his/her efficiency during working hours or interfere in any way with his/her availability during emergencies or that would give any ground for suspicion or criticism by the public. For example, no employee may work for a highway contractor on the ODOT list of pre-qualified contractors.

Section 2. (ODOT only.) Any employee involved in the acceptance of a gift, loan or any other item of value, or who accepts employment with a contractor on the ODOT list, will be subject to appropriate discipline. ARTICLE 21A,C - EDUCATION AND TRAINING (ODOT/OPRD ONLY)

Section 1. Basic Agreement. The Oregon Department of Transportation and Parks and Recreation Department will make training and education available to its personnel to ensure top level job performance throughout the Department and to respond to developmental needs of the individual employee. This will be accomplished through on-the-job training, in-house classes, and external training and education.

The Agency and the Association believe that opportunity for training and education should be available to employees regardless of race, creed, color, national origin, sex, age or handicap, and will actively affirm and enforce that belief.

Self-improvement and development efforts of employees will be encouraged and supported. When education and training is determined to be appropriate by the training team and as funds are available, employees may receive financial assistance in these efforts.

Section 2. Guidelines, Training and Education Budget. The budget may be used in a variety of ways: to contract for in-house instruction; to enhance on-the-job training; to design, develop, and deliver ODOT/OPRD conducted in-house programs; and to enroll employees in courses at external training or educational sources.

(A) ACCEPTABLE EXPENSES:

- (1) Tuition and registration fees.
- (2) Course materials, except textbooks.
- (3) Workbooks (non-reusable).
- (4) Rental of classroom facilities.
- (5) Rental and purchase of training aids and devices.
- (6) Salaries, fees, transportation, meals and lodging of instructors. Usually this applies only to non-employees, but special cases may include ODOT/OPRD employees used as instructors.
- (7) Instructor's guides or textbooks used as instructor's guides.
- (8) Services such as graphics, slide development, script-writing, etc., used in connection with production of training programs.

- (B) UNACCEPTABLE EXPENSES: (NOTE: This means that the items below cannot be paid for from the Training and Education budget; however, this does not preclude their being paid for from other Department funds.)
 - (1) Most of the tools, equipment, textbooks, etc., that are retained by course participants at the conclusion of training.
 - (2) Salaries, transportation, meals, and lodging of course participants.
- (C) METHODS OF PAYMENT: Either purchase orders or expense statements may be used for training and education expenditures. In either case, prior written approval must be obtained before funds are committed, or the employee committing such funds may be obligated to pay for the training.

Section 3. External Training and Education. To supplement on-the-job training and in-house classroom training, employees may be directed to attend training or educational programs outside of ODOT, or may request to do so. When an employee is directed to attend, the Department will pay all costs. When the employee requests such training, a determination must be made by the responsible manager, or by the training team, whether the Department will share in the cost, and to what extent.

This determination can be affected by too many variables to list here. However, a major consideration will be the amount of money available, versus the priority of the various training needs, and number of people requesting financial assistance. And, unless it can be shown that there will be benefit to the Department, either through job improvement or career development within ODOT/OPRD, the Department will not participate in the cost.

- (A) Following are some general guidelines for determination of amount of assistance:
 - (1) If the proposed training or study is job-related, and can be applied to work that the employee is engaged in, the Department may pay one hundred percent (100%) of acceptable expenses. (See Section 2 for definition of suitable expenses.)
 - (2) If the training is not related to the current job, but is related to the employee's career progression within the Agency or to a developmental assignment within the Agency, the Department may pay up to fifty percent (50%) of acceptable expenses.
 - (3) Every case will be unique in some aspect; therefore, it will be incumbent upon managers, supervisors, and training teams to use logic and good common sense in determining the amount of financial assistance to be given. Additionally, they shall see that educational assistance money is utilized equitably among employees in the organizational unit, so that a small percentage of employees are not using a large percentage of available funds.
- (B) ELIGIBILITY: There are two (2) major criteria for obtaining educational assistance money:
 - (1) Employees must obtain prior approval in writing from their supervisor before registering or enrolling. Approval is limited to proposals for courses of no more than four months duration, unless approved by the Agency.

- (2) Employee must successfully complete the course, as evidenced by one (1) or more of the following:
 - Passing score;
 - Certificate of completion;
 - Satisfactory attendance, in those cases where neither grades nor certificates of completion are given. Failure to attend a major portion of the course, without good cause, may result in the employee's having to pay for the training.

(C) TIME LIMIT ON REIMBURSEMENT:

- (1) When an employee has paid for training and education services, and is to be reimbursed, the expense statement must be submitted no later than three (3) months after services have been received.
- (2) When International Correspondence School (ICS) studies are involved, the employee should submit an expense statement within one (1) month after each unit is completed and examination scores received. No reimbursement will be made if the expense statement is submitted later than one (1) year after the date shown on the employee's "ICS Application Form."

(D) EDUCATIONAL LEAVE: In special instances, and with the approval of the Agency, an employee may be granted educational leave. Eligibility shall be limited to those who have been employed in the State service for a period of at least one (1) year. Leave may be granted for a period of up to one (1) calendar year. The following shall apply:

- (1) Without Pay
 - The proposed studies must be Agency related;
 - The employee must be attending an accredited institution;
 - The employee shall be entitled to return to the same, or equal, position held prior to the leave.
- (2) With Pay
 - There must be showing that the proposed studies will serve a specific need of ODOT/OPRD;
 - The employee must be attending an accredited institution;
 - There must be a showing that the need can best be served by granting education leave with pay, as opposed to alternate methods, such as hiring someone with the necessary skills, or contracting for the service;
 - There must be a signed agreement between ODOT/OPRD and the employee, which shall discuss ODOT's/OPRD's commitment to the employee, and the employee's obligation to ODOT/OPRD upon completion of studies. Each request shall be considered on its own particular merits, and such things as amount of pay, amount of tuition, reinstatement rights, employee's work commitment after educational leave, etc., shall be governed by circumstances of the individual case.

ARTICLE 21B - EMPLOYEE EDUCATION AND TRAINING (FORESTRY ONLY)

Section 1. Agreement. The Oregon Department of Forestry will make training and education available to its employees to ensure top level job performance and to respond to developmental needs of the individual employee. This may be accomplished through on-the-job training, special assignments, department courses, State Personnel Division courses, College, University and Community Colleges, or technical training through correspondence.

Section 2. Self improvement and development efforts of employees will be encouraged and supported. When education and training is determined to be appropriate by the Agency, and as funds are available, employees will receive financial assistance in these efforts.

Section 3. Responsibilities.

- (A) SUPERVISORS: Individual supervisors have responsibility to see that employees receive whatever training is necessary to adequately perform their job and keep pace with changes in technology.
- (B) EMPLOYEES: Employees have a responsibility to inform their supervisors of any training they feel they need to help them better perform their job or to prepare them for possible future job assignments. Employees also have a responsibility to actively participate in any training session they attend, and to apply their new information, knowledge, or skill to their job assignment.

Section 4. Assistance.

- (A) EMPLOYEE REQUIRED TO ATTEND: If an employee is required or directed to attend a training program, the Agency will pay full salary plus appropriate travel expenses and any tuition and books required by the course. If an employee is directed to attend a training session outside of regular work hours, the employee will be eligible for overtime as defined in the overtime Article.
- (B) VOLUNTARY ATTENDANCE: If a course or training program has direct application to the employee's present position, the Agency will pay full tuition and books. Travel, meals and associated expenses, and overtime provision will not apply. Reimbursement for tuition and books may be made when the employee presents evidence of satisfactory completion of the training.
- (C) COURSES NOT RELATING TO PRESENT ASSIGNMENT: If a course or training program has no direct application to the employee's present job but may prepare the employee for future assignments within the Agency, the Agency will pay one-half (1/2) of the tuition. Books, travel, meals, and overtime provisions will not apply. Reimbursement for one-half (1/2) the tuition may be made when the employee presents evidence of satisfactory completion of the training.

Section 5. Approval. All applications, where reimbursement for education and training expense is involved, must have received prior approval of the employee's immediate supervisor, the Program Director, and the Administrative Services Division Chief.

ARTICLE 22 - DUES DEDUCTION

Section 1. The Agency shall deduct monthly the Association membership dues from the pay of those employees who individually request in writing that such deductions be made. The

amounts to be deducted shall be certified to the employee's designated payroll office by the Association. The aggregate deductions of all employees, including the prior month's adjustments, shall be remitted together with the itemized payroll computer printout by the Agency to the Association no later than the fifteenth (15th) of the month following the month for which the deductions were made. Any discrepancy in the amount remitted to the Association shall be identified insofar as possible by a coded itemized statement sent to the Association no later than the twenty-fifth (25th) of the month following the month for which the deductions were made. Employees on Agency deductions and not on the Association billing shall have a copy of their membership application furnished to the Association with the Agency's coded itemized statement.

Section 2. The written request for dues deduction is not terminated when an employee is placed on a leave of absence without pay or placed on lay-off status. The Agency shall reactivate the monthly Association dues authorization commencing with the first (1st) paycheck following the employee's return to paid status.

Section 3. The Agency shall continue to deduct dues from employees as long as the employee remains on the same designated payroll, except when the employee requests in writing cancellation of the dues deduction. The Association shall be furnished monthly a copy of all written cancellations.

Section 4. The Association shall indemnify and save the Employer harmless against claims, demands, suits or other forms of liability which may arise out of actions taken by the Agency for the purpose of complying with the provisions of this Article.

ARTICLE 23 - PERFORMANCE APPRAISALS

Section 1. Employees shall be granted annual performance pay increases on their eligibility date provided the employees are not at the top of the salary range of their classification and provided the employee's work performance has not been deficient.

Performance shall include the following criteria:

- (A) Classification specifications developed and promulgated by the Employer.
- (B) A written position description, delineating specific duties consistent with the classification specification. A copy of the position description shall be given to the employee. The position description shall be subject to at least one (1) annual review with the employee and any changes shall be developed by his/her supervisor. A copy of the current specifications shall be available to the employee at any time at the employee's request. Nothing contained herein shall compromise the right or the responsibility of the Agency to assign work consistent with the classification.
- (C) Written memoranda including letters of instruction and disciplinary actions.
- (D) Coaching and performance feedback given to the employee.

Section 2. The performance appraisal shall be prepared in the following manner:

All regular status, full-time employees must be rated annually each year by June 1. No criticism or derogatory remarks can be included in the performance appraisal that is not based upon the criteria in section 1 of this article.

Section 3. The above criteria shall be the primary factors upon which an employee's performance is judged and upon which annual performance pay decisions are determined. All performance appraisals shall be prepared by the employee's immediate supervisor. When an employee has been supervised by two (2) or more immediate supervisors during the appraisal period, the performance appraisal shall reflect the evaluations of the current supervisor following consultation with the previous supervisor(s). The immediate supervisor shall discuss the evaluation with the employee and both shall sign the copy to be retained in the personnel file, indicating that the evaluation has been discussed. If a higher authority changes the evaluation after the employee has seen the evaluation, notification thereof and reason therefore shall be given to the employee. If the employee desires to submit a written statement in explanation or mitigation of any remark on the performance appraisal, the statement shall be attached to the performance appraisal. Salary denial based upon any factor other than those listed above, except those based upon a statutorily defined disciplinary action, shall be invalid. Every employee shall receive a performance appraisal at the end of a trial service period and annually each year by June 1.

ARTICLE 24 - DISCIPLINE AND DISCHARGE

Section 1. The Employer and the Association agree that the conduct of employees must reflect the best interest of the public. Conduct shall be measured by the employee's performance, safety record and attitude. Disciplinary action shall follow the principles of progressive discipline when appropriate.

Regular status FLSA non-exempt employees reprimanded in writing, reduced in pay, demoted, suspended without pay or terminated and regular status FLSA exempt employees reprimanded in writing, suspended without pay in full work week increments, demoted or terminated will be for just cause.

Every letter of reprimand, suspension, demotion, reduction in pay or dismissal for disciplinary reasons given to any employee shall have attached or shall include a statement that the employee has fifteen (15) calendar days from the effective date of the action in which to exercise the right of appeal. Such letters and statements will be hand delivered and/or sent by certified return- receipt mail to the employee, except letters of reprimand, and a copy sent to the Association.

Section 2. Suspension. The Appointing Authority or his authorized representative may suspend a regular status FLSA non-exempt employee for disciplinary reasons and without pay for a period not exceeding thirty (30) calendar days in any twelve (12) months. Notice of suspension, with specific reasons for the action, shall be in writing and may be given personally by the Appointing Authority or his/her representative to the employee or may be mailed to the employee seventy-two (72) hours prior to the suspension.

Section 3. Termination. An employee may be terminated for just cause. A written pre-dismissal notice shall be given to a regular status employee against whom a charge is presented. Such notice shall include the known complaints, facts and charges, and a statement that the employee may be dismissed. The employee shall be afforded an opportunity to refute such charges or present mitigating circumstances to the Agency or his/her designee at a time and date set forth in the notice which date shall not be less than seven (7) calendar days from the date the notice is received. The employee shall be permitted to have an official representative present. At the discretion of the Agency, the employee may be suspended with

Section 5. Temporary Relief from Duty. An Appointing Authority may relieve employees from duty temporarily with pay for a period of up to thirty (30) calendar days to permit the Appointing Authority to investigate or make inquiries into charges and allegations concerning the employee, if in the judgment of the Appointing Authority the employee's continued presence at work during the period of investigation is detrimental to the best interests of the State, the public, the ability of the office to perform its work in the most efficient manner possible, or well-being or morale of persons under his care. The period of Temporary Relief from Duty may be extended with pay by the Appointing Authority. Employees temporarily relieved from duty shall be notified in writing within seventy-two (72) hours with specific reasons given as to the nature of the investigation, charges, and allegations.

A complaint by an employee who has not attained regular status concerning any type of disciplinary action or dismissal shall not be grievable under the provisions of this agreement.

Section 6. Absence Without Leave. Any unauthorized absence of an employee from duty shall be deemed to be an absence without pay and may be made grounds for disciplinary action by the Appointing Authority. In the absence of such disciplinary action, any employee who absents himself for five (5) consecutive work days without authorized leave shall be deemed to have resigned. Such absence may be covered, however, by the Appointing Authority by a subsequent grant of leave with or without pay, when extenuating circumstances are found to have existed.

Section 7. Valid Drivers License Required.

If an employee loses his/her drivers license or commercial driver's license, the Agency will take one or both of the following actions at the Agency's discretion:

ARTICLE 27B - FILLING OF VACANCIES (FORESTRY ONLY)

Section 1. Vacancies will be filled based on merit principles with a commitment to upward mobility through the use of lists of eligible candidates, except for direct appointments, transfers, demotions, or reemployments. Lists shall be established through the use of tests which determine the qualifications, fitness and ability of the person to perform the required duties.

Section 2. Except for the Agency Layoff List, the Agency retains all rights to fill a vacancy using any of the following methods or lists as appropriate. The appropriate Agency Layoff List shall take precedence over all other lists and reemployment, direct appointment, and severely handicapped appointments.

AGENCY LAYOFF LISTS: Names of regular status employees of the Agency who have separated from the service of the State in good standing by layoff or who have demoted in lieu of layoff shall be placed on lists established by classification from which the employee was laid off or demoted in lieu of layoff.

The term of eligibility of candidates placed on the lists shall be two (2) years from the date of their separation from the classification in which they earned layoff rights.

Section 3. The Employer will provide promotional announcements on bulletin boards and shall give employees a minimum of two (2) weeks' notice regarding open examinations. The notice shall include duties and pay of the positions, the qualifications required, the time, place, and

manner of making application, and other pertinent information. The Employer further agrees to notify employees of their examination results. Application forms shall be available to all employees who wish to apply for these examinations.

Section 4. Selection of employees and positions for limited duration developmental assignments, cross-training, and career development shall be made by the Agency and Sections 1, 2, and 3 above will not apply. Employees interested in these opportunities may notify the Agency's Personnel Section and will be considered for such assignment. Limited duration assignments shall not exceed two (2) years; however, extension of these assignments may be agreed to by the Association and the Agency.

ARTICLE 28 - APPOINTMENTS

Section 1. (ODOT and OPRD only.) Seasonal Appointments. Positions which occur, terminate and recur periodically and regularly regardless of the duration thereof shall be designated as seasonal positions, and employees regularly certified for and serving satisfactorily in such positions for six (6) full calendar months shall be entitled to regular status as regular seasonal employees.

The Agency's Personnel Services Section shall maintain a record defining the normal duration of all seasonal positions commonly in use in that Agency and shall provide eligible lists and establish procedures necessary for the certification and appointment of employees to such positions.

Section 2. Limited Duration Appointment. Persons may be hired for special studies and projects of uncertain or limited duration which are subject to the continuation of a grant, contract or award or legislative funding for special projects. Persons may also be hired to backfill behind an employee on approved leave including illness, injury, temporary reassignment to a developmental or rotational opportunity or for workload issues. Such appointments shall be for a stated period not exceeding two (2) years, but shall expire: 1) upon the earlier termination of the special study or project, 2) when the permanent employee returns to his position, or 3) when the workload issue is resolved. Successive appointments may be approved by the Agency. No newly hired person for a limited duration appointment shall be entitled to layoff rights. A person who accepts a limited duration appointment who was formerly a classified employee is entitled to rights under the layoff procedure starting from the prior classification. A person accepting such appointment shall be informed of the conditions of the appointment and acknowledge in writing that he/she accepts the appointment under these conditions.

Section 3. Job Sharing. "Job sharing position" means a full-time position that may be held by more than one (1) individual on a shared time basis whereby each of the individuals holding the position works less than full time.

- (A) Job sharing is a voluntary program. Any employee who wishes to participate in job sharing may submit a written request to the Appointing Authority to be considered for job share positions. The Appointing Authority shall determine if job sharing is appropriate for a specific position and will recruit and select employees for job share positions. Where job sharing is determined appropriate, the Appointing Authority agrees to provide written notification to all job share applicants of available job share positions in their office in the Agency.
- (B) Job-sharing employees shall accrue vacation leave, sick leave, and holiday pay based on a proration of hours worked in a month during which the employee has

worked thirty-two (32) hours or more. Individual salary review dates will be established for job-share employees.

- (C) Job-sharing employees shall be entitled to share the full Employer paid insurance benefits for one full-time position based on a proration of regular hours scheduled per week or per month whatever is appropriate. In any event, the Employer contribution for insurance benefits in a job-share position is limited to the amount authorized for one (1) full-time employee. Each job-share employee shall have the right to pay the difference between the Employer paid insurance benefits and the full premium amount through payroll deduction.
- (D) If one (1) job-sharing partner in a job sharing position is removed, dismissed, resigns or is otherwise separated from State service, the Appointing Authority has the right to determine if job sharing is still appropriate for the position. If the Appointing Authority determines that job sharing is not appropriate for the position or the Appointing Authority is unable to recruit qualified employees for the job-share position, the remaining employee shall have the right to assume the position on a full-time basis. Upon approval of the Appointing Authority, the remaining employee may elect to transfer to a vacant part-time position in the same classification or to voluntarily demote. If the above conditions are not available or acceptable, the employee agrees to resign.

ARTICLE 29 - EMPLOYEE TRANSFER, DEMOTION AND PROMOTION

Section 1. Promotions. Employees shall be eligible for promotions, within the Agency, to any position for which they meet the minimum qualifications.

Section 2. (ODOT only.) When opportunities for transfer or promotion of employees become open, those employees eligible for interview shall receive notice at least five (5) days before the scheduled date of interview. The employee, after receiving such notice, will be allowed a maximum of two (2) working days to accept or reject the interview offer. Fair consideration for the promotion or transfer shall be given to employees who are eligible. All transfers shall be considered to be for the benefit of the employer except those covered by Section 4 of this Article.

Section 3. (ODOT only.) When the position is filled, each unsuccessful employee applicant shall be mailed notification within five (5) days of the appointment that the position has been filled.

Section 4. (ODOT only.) Employees may volunteer for transfer. It is the responsibility of any employee wishing to transfer to another location to make a written request to the Agency Personnel Operations Section clearly indicating the reasons for desiring a transfer. Requests based on medical or family welfare situations will be given priority and, at the discretion of the Agency, may be considered to be for the benefit of the Agency.

Section 5. (ODOT only.) In filling vacancies, excepting lack of work situations, and except in career development, cross-training or other developmental situations, as defined in Article 27A, Section 2, Vacancy and Promotions, it is the intent of the Agency to fill such vacancies by promotion rather than by transfer. All transfers shall be at the discretion of the Agency. Requests for transfer may be considered separately or in combination with candidates for promotion at the discretion of the Agency.

Section 6. Any transfer or promotion granted as the result of a competitive interview will be considered to be for the benefit of the Agency. A request for transfer which is granted without the competitive interview procedure, or without a notice of vacancy being circulated to eligible employees, shall be considered to be for the benefit of the employee and any employee desiring this type of consideration shall agree to this condition when requesting transfer.

Section 7. (ODOT only.) If, because of lack of work, it is necessary to geographically transfer an entire crew, it shall be considered "at the request of or for the benefit of the Agency" and the crew may be transferred as a unit with no seniority consideration to individual members of that crew.

Section 8. If, because of lack of work, it is necessary to transfer an individual employee out of the work unit, it shall be done as follows:

- (A) The Agency shall first select from the list of volunteer employees who hold equivalent positions. The Agency may deny a request if the employee does not possess the basic skills for the position or is currently essential to the job he/she is presently on.
- (B) If there are no employees on the volunteer list for transfer, the Agency shall select an employee for transfer. If selected employees do not wish to transfer, then the service credit points shall be computed only for those qualified employees in the equivalent position at the geographical location, and the one (1) with the least service credit shall be transferred. If there is more than one (1) crew or work unit at the geographical location, then the service credit in a particular equivalent position would apply to all the crews treated as one (1) unit.

Section 9. In any other non-voluntary geographic transfer situation an employee selected who does not want to transfer shall be entitled to a meeting at Step 2 of the grievance procedure to determine if the transfer is appropriate. Such meeting shall occur at the employee's option and shall be held prior to the transfer becoming effective.

Section 10. A transfer requested by an employee because of a medical condition resulting from job connected injury shall not be considered to be a transfer for the benefit of the employee, but, when made, shall be considered to be for the benefit of the Employer.

Section 11. Any change of an employee from a position in one (1) class to a position in a class of lower rank shall be considered a demotion.

Section 12. Voluntary Demotion. An employee may make a request in writing to the Appointing Authority for demotion from a position in one (1) class to a position in a class of lower rank. If an employee is qualified, the Administrator or Appointing Authority may approve the request, provided it would not result in the layoff of a regular employee in the lower class. An employee so demoted may at a later date request that his/her name be placed on an appropriate reemployment list for the higher class in which he/she has gained status as a regular employee.

Section 13. Transfer of employees from and to work units within the same geographic area may be at the discretion of the Agency and shall not require seniority consideration or a meeting. For the purposes of this Article, a geographical area is that area within a radius of thirty-five (35) miles from the assigned official work station.

Section 14. Except in the case of an emergency, the Agency shall give the employee a minimum of three (3) days' notice in advance of the reporting date when the employee is being

assigned to work at a temporary headquarters. The employee shall be given maximum possible notice when returning to permanent headquarters.

Section 15. An employee not presently represented by this Agreement who transfers to a bargaining unit position represented by the Association shall be covered by the terms of this Agreement as of the effective date of the appointment. Unless otherwise determined in advance by the Agency, a voluntary transfer into a position represented by the Association of Engineering Employees Bargaining Unit shall be considered to be for the benefit of the employee.

ARTICLE 30 - TRIAL SERVICE

Section 1. Each employee appointed to a position in the bargaining unit by initial appointment, promotion, lateral transfer inside his/her Agency and between agencies, reinstatement or reemployment shall, with each appointment, serve a trial service period.

Section 2. The trial service period is an extension of the selection process and is the time immediately following appointment and shall not normally exceed six (6) full calendar months of actual service in the position. Trial service may last less than six (6) months or may be extended up to an additional six (6) months. Trial service may be extended only in instances where a trial service employee may need additional training to qualify for the position or when the employee has been on a cumulative leave with pay or without pay for fifteen (15) days or more and then only by the number of days the employee was on such leave.

Section 3. When, in the judgment of the Employer, performance has been adequate to clearly demonstrate the competence and fitness of the trial service employee, then, at the end of three (3) months, the employer may appoint the employee to regular status. In these cases, salary adjustments will be made according to Article 52, Section 1 (B) (Salary Administration).

Section 4. Trial service employees may be removed from service when, in the judgment of the Employer in accordance with ORS 240.410, the employee is unable or unwilling to perform his/her duties satisfactorily or his/her habits and dependability do not merit continuance in the service. Removals under this Article are not subject to appeal or to the grievance procedure.

Section 5. An employee who is transferred to another position in the same class or a different class at the same or lower level in the same agency prior to the completion of his/her trial service period, shall complete his/her trial service period in the latter position by adding thereto service in the former position.

Section 6. An employee who is transferred to another position in the same class, or a different class at the same or lower level in another agency prior to the completion of his/her trial service period, shall serve a six (6) month trial service period in the latter position without regard to service in the former position.

Section 7. A bargaining unit employee who accepts a promotion or a lateral transfer within the Agency and is removed during trial service shall be returned to his/her former classification pursuant to the same procedure described in Article 31 – Return to Classified Service, unless terminated under Article 24 – Discipline and Discharge.

Section 8. Nothing in this Article shall limit an employee's eligibility for a salary increase.

ARTICLE 31 - RETURN TO CLASSIFIED SERVICE FROM EXEMPT OR UNCLASSIFIED SERVICE

A regular employee who is appointed to a position in the unclassified or exempt service or a regular employee whose position is placed in the unclassified or exempt service by statute shall, after separation from the unclassified or exempt position, have the right to return to a position in the same Agency and in the same class as the position last held in the classified service provided that a request is made within thirty (30) days from the date of separation. Should there be no vacant position available, a layoff shall occur. Should the employee who is seeking to return to the classified service have the least service credit among those in the class, that employee shall be laid off and his/her name shall be placed in order of service credit on both the Agency Layoff List and the Reemployment List for the class in which the layoff occurred.

ARTICLE 32 - REVIEW OF CLASSIFICATION SERIES

Section 1. The Agency shall notify the Association of intended classification studies at least sixty (60) calendar days prior to submitting the proposal under Section 2 of this Article.

Section 2. Whenever a change in class specifications or a new classification is proposed, it is agreed that the Employer will submit the proposal to the Association to provide opportunity for its review and comments. In the development of new or revised classification specifications, the Employer shall give full consideration to recommendations of the Association.

Within thirty (30) days of its receipt of the proposal, the Association will meet with the Employer and may present arguments and recommendations where there are objections raised on behalf of the represented employees. Any extension of time specified shall be mutually agreed upon in writing.

Section 3. Reclassification must be based on a finding that the duties and responsibilities of a position have been significantly enlarged, diminished, or altered, which may or may not require a similar change in the knowledge, skills and abilities required. Appeals of denied upward reclassifications shall be processed under the procedures and timeframes outlined in Article 33, Section 3 of this Agreement.

Section 4. The parties shall negotiate the salary range for new proposed classifications and for revisions in existing classifications which would substantially revise the existing classification specification. Negotiations shall commence no later than sixty (60) days after the initial receipt by the Association of the proposed class specifications. The amount of time may be extended by mutual written agreement.

Section 5. Implementation of a salary adjustment or rate change agreed upon in the salary negotiations shall be effective no later than thirty (30) days from the date of the Agreement unless otherwise specified in the negotiated Agreement.

Section 6. Any agreement reached during the term of this Agreement on a salary range or a new rate for classification will be submitted to the Legislative Review Agency for approval as prescribed in ORS 291.371.

Section 7. The Association may recommend classification studies to be conducted by the Department indicating the reasons for the need for such studies.

ARTICLE 33 - UPWARD RECLASSIFICATION

Section 1. The parties shall use the following procedure to process upward reclassification requests:

A completed Human Resource Services Division Position Description form and written explanation for a proposed reclassification request and any additional supporting documentation required by the Agency shall be submitted by the employee to the Agency's Personnel Operations Section with a copy to the immediate supervisor.

Section 2. The Agency shall review the merits of the request within forty-five (45) days after receipt of the reclassification request. The Agency shall notify the employee of its decision, unless otherwise mutually agreed in writing to extend the time limit. Should the duties of the position support the proposed reclassification, the Agency shall make a determination whether to seek legislative approval for reclassification or remove the duties.

Section 3. If the Agency denies an upward reclassification request, an appeal may be filed at Step 2 of the grievance procedure within fifteen (15) calendar days from the date of the Agency's decision. Such an appeal shall follow the procedure outlined in Article 36 – Grievance & Arbitration, beginning at Step 2 of the grievance procedure. If the arbitrator does not sustain the Agency's decision, the issue shall be returned to the Agency for either assignment of the employee to the appropriate class or removal of duties.

Section 4. If a reclassification request approved by the Agency does not receive the legislative approval required by ORS 291.371, the employee will receive a lump sum payment for the difference between the current salary rate and proposed salary rate, for the time period beginning the first of the month following the month in which the reclassification request was received by the Agency's Personnel Services Section to the date the duties were removed.

Section 5. If approved by the Legislative Review Agency, the effective date shall be the first of the month following the month in which the reclassification request was received by the Agency's Personnel Services Section.

Section 6. Rate of pay upon upward reclassification shall be in accordance with the provision of Article 52, Section 7 – Salary Administration.

Section 7. The Agency's Personnel Operations Section shall furnish position description forms at the request of the Association.

ARTICLE 34 - DOWNWARD RECLASSIFICATION

Section 1. Sixty (60) days in advance of downward reclassification of any position, the Agency shall notify the employee in writing of the action and the specific reasons for doing so.

Section 2. When an employee is reclassified downward, the employee's rate of pay shall be that of the last salary rate earned in the salary range of the previous classification. It shall remain at that rate until a rate in the salary range of the new classification exceeds it. At that time, the employee's salary will be adjusted to that step and the salary review and eligibility date will be established one (1) year from that date provided the employee is not at the maximum of the salary range to which the employee was reclassified.

ARTICLE 35 - WORK OUT OF CLASSIFICATION

Section 1. When an employee has been temporarily assigned for a period of not less than ten (10) consecutive calendar days to a position of a higher classification, the employee shall be paid according to Section 2 of this Article.

When assignments are made to work out of classification for more than ten (10) consecutive calendar days, the employee shall be compensated for all hours worked beginning from the first day of the assignment for the full period of the assignment. No compensation for working out of classification consistent with the provisions of this Article shall be paid by the Agency without the authorization of the Agency's Personnel Section. Employees shall review and sign work out of classification agreements. These agreements will include a starting date and the expected duration of the assignment.

Section 2. Compensation for working out of classification shall be five percent (5%) above the employee's base rate of pay or the bottom step of the class in which the employee is assigned to work, whichever is higher.

Section 3. Assigned duties which constitute work out of classification for the purpose of providing bona fide training and developmental opportunities will not be considered compensable under the terms of this Article. Prior to such assignment, the Agency and the employee will mutually agree on the purpose and duration of the assignment.

Section 4. When an employee is underfilling a position in accordance with the rules and procedures of the Department's Human Resources Services Division, he/she shall not be considered to be working out of classification.

Section 5. Assignments of work out of classification shall not be made in a manner which will subvert or circumvent the administration of this Article.

ARTICLE 36 - GRIEVANCE AND ARBITRATION

Section 1. Grievances are defined as acts, omissions, applications or interpretations alleged to be violations of the terms or conditions of this Agreement. Grievances shall be initiated in writing within forty-five (45) calendar days of the time the employee knows, or by reasonable diligence should have known, of such alleged violation of the Agreement and shall include the following information: 1. Employee's Name; 2) Date Event Occurred or Discovered; 3) Statement of Grievance (Describe the incident that gave rise to the grievance - what happened?); 4) What Articles of the Agreement Were Violated?; and 5) What remedy is requested? Each grievance form shall be signed and dated by the employee.

Section 2.

- (A) If the Association or an employee desires a formal resolution of any grievance as defined in Section 1 (except complaints of unlawful discrimination), such grievance shall be processed as provided under Section 3 of this Article.
- (B) Employees have the right to appeal a disciplinary action within fifteen (15) calendar days of the effective date of the action when the following disciplinary actions are taken:
 - (1) Reprimand Appeals: Initiated at step 1.

- (2) Reduction, Suspension and Demotion Appeals: Initiated at step 2.
- (3) Dismissal Appeals: Initiated at step 3.

Section 3. Grievance Steps

Step 1 – Supervisory Level

The employee or his/her Association representative on behalf of the employee shall submit a written grievance to the grievant's immediate supervisor for resolution within the timeframes outlined in Section 1 of this Article. The immediate supervisor may meet and discuss the grievance with the employee and/or his/her Association representative. Failing to resolve the grievance, the immediate supervisor will respond to the grievance in writing within thirty (30) calendar days of receipt of the grievance.

Step 2 – Agency Personnel Services

- (A) The employee or the Association representative on the employee's behalf, may appeal an unresolved grievance within fifteen (15) calendar days of receipt of the step 1 response to the Human Resources Manager or designee.
- (B) The Human Resources Manager or designee and the employee's supervisor shall meet with the Association representative and employee to discuss the grievance. The Human Resources Manager or designee shall respond within fifteen (15) calendar days from the date of receipt of the grievance. A telephone conference call can substitute for a meeting at this step of the grievance procedure.
- (C) Grievances raised by the certified Association representative and confirmed by the signatures of three (3) or more employees which are of general Region or Section concern shall be initiated at this step (Step 2) of the grievance procedure. The spokesman for the three (3) or more employees or their Association representative must give the names of at least three (3) employees involved to verify that it is a group grievance. If the group grievance is of general concern throughout the Agency the Association may introduce, by mutual agreement with the Agency, the petition at Step 3.

Step 3 – Labor Relations Unit.

If the grievance is not resolved at step 2, the employee or the Association may file, within fifteen (15) calendar days after receiving the response from the Agency Personnel Services Section Manager or designee, the grievance with the Department of Administrative Services, Labor Relations Unit, for determination. The Labor Relations Unit shall respond within fifteen (15) calendar days.

Step 4 – Arbitration

- (A) If the grievance is not satisfactorily resolved by the Labor Relations Unit, the Association may submit the issue to arbitration within fifteen (15) calendar days after receiving the response from the Labor Relations Unit.
- (B) The parties shall select an Arbitrator from the lists(s) requested from the State Mediation and Conciliation Service. The parties shall name a mutually acceptable Arbitrator from the requested list. If the parties do not select an

Arbitrator from the list, additional lists shall be requested until a mutually acceptable Arbitrator is named.

- (C) Any arbitrable grievance arising out of or relating to the interpretation or the application of this Agreement shall be submitted by either the Employer, or the Association. If the grievance is to be submitted to arbitration, a pre-arbitration meeting shall be held between the Employer, the Association, and the Arbitrator in order to discuss a framing of the issues for a consolidation of cases, or such other procedural matters as the Arbitrator deems pertinent. A hearing will be scheduled with the parties at a mutually agreeable time.
- (D) The arbitrator shall act in a judicial, not legislative capacity and shall have no right to recommend to amend, modify, nullify, ignore, add to, or subtract from the provisions of this Agreement. The arbitrator shall only consider and make a decision with respect to the specific issue submitted, and shall have no authority to make a decision on any other issue not so submitted to the arbitrator.
- (E) In the event the arbitrator finds a violation of the terms of this Agreement, the arbitrator shall fashion an appropriate remedy. The arbitrator shall be without power to make a decision contrary to or inconsistent with or modifying or varying in any way the application of laws and rules and regulations having the force and effect of law.
- (F) The arbitrator shall submit in writing the decision within forty-five (45) calendar days following the close of the hearing or the submission of briefs by the parties, whichever is later, unless the parties agree to a written extension thereof. The decision shall be based solely upon his interpretation of the meaning or application of the express terms of this Agreement to the facts of the grievance presented. A decision rendered consistent with the terms of this Agreement shall be final and binding.

Section 4. Where a grievance involves two (2) or more supervisors and is confirmed by the signatures of three (3) or more employees, such grievances shall be filed and processed at step 2 of the grievance procedure. When a grievance involves employees in more than one (1) Agency, such grievance shall be filed and processed in accordance with step 3 of this Article. The grievance shall specifically enumerate, by name, the affected employees and the Grievance Form shall show the employees' signatures.

Section 5. The Association shall not expand upon the original elements and substance of the written grievance. Further, all grievances submitted for arbitration shall be consistent with the statement of grievance identified on the Official Statement of Grievance Form.

Section 6. Time limits specified in this procedure must be observed, unless either party requests a specific extension of time, which, if agreed to, must be stipulated in writing and shall become part of the grievance record. The employee may appeal a grievance to the next step if the Employer fails to meet time lines prescribed herein.

Section 7. The arbitrator's fees and expenses shall be equally shared by the parties.

Section 8. If the parties agree to meet to discuss a grievance and the employee works in a location that is different than where the meeting will be held with the supervisor or other designated Agency or Employer representative or is otherwise unable to attend, then such meeting shall be conducted by telephone unless the parties agree to meet in person. When a

meeting is held in person at the request of the Association, the employee who attends shall use their accrued vacation, compensatory time off or leave without pay.

Section 9. Upon request, an employee shall have the right to Association representation during an investigatory interview that an employee reasonably believes will result in disciplinary action. The employee will have the opportunity to consult with an Association Job Representative or Association staff member before the interview but such designation shall not cause an undue delay.

ARTICLE 37– LAYOFF (All Agencies)

Section 1. A layoff is defined as a separation from service for involuntary reasons, other than resignation, not reflecting discredit on an employee.

Section 2. Layoffs shall be implemented in the following manner:

- (A) The Agency shall give the Association written notice of an impending layoff at the same time the employees are notified of the layoff as stated in section 3 of this article. Upon request, the Agency will meet with the Association to discuss the factors causing the layoff.
- (B) As soon as possible and upon request, the Agency and Association shall meet to discuss the need for an implementation of job search services.
- (C) Seniority will be calculated for all employees within the Agency in accordance with Section 6 of this Article, and lists for each classification series shall be prepared for:
 - (1) Part-time employees
 - (2) Full-time employees
 - (3) Seasonal employees

Section 3.

- (A) The Agency shall determine the specific position to be vacated and employees in those positions shall be notified of layoff. The Agency shall notify in writing all affected employees of his/her seniority and his/her contractual bumping rights. The Agency shall notify the Union of the seniority of all employees in all affected positions in writing. In addition the Agency shall provide each Union Steward in the geographic area affected by layoff with one (1) written copy of the seniority of the employees in all affected positions in that geographic area. The Agency shall also post a copy of the seniority of all affected positions in the geographic area on the employee bulletin board.
- (B) An employee notified of a pending layoff shall have one (1) opportunity to prioritize the following options and communicate such choices in writing to the Agency within ten (10) calendar days from the date the employee is notified in writing. If the date the employee's response is due falls on a Saturday, Sunday, or holiday or regularly scheduled day off, the employee will provide his/her choice to the Agency on the next business day.

Option 1 – The employee may displace the employee within the same Agency with the lowest seniority in the same classification in the same geographic areas as defined above where the layoff occurs.

Option 2 – The employee may demote to any classification within the same Agency in the same geographic areas as defined above where the layoff occurs.

Option 3 – The employee may accept layoff in lieu of either Option 1 or 2.

For purposes of bumping under Section 3 (B), a vacant position that management intends to fill is considered to have the least seniority.

- (C) The definition of geographic area shall be defined in Appendix A of this agreement. For all options, there shall be no cross bumping between AEE and any other Union in the Agency.

Section 4. To facilitate the process, employees electing to demote in lieu of layoff who do not have the lowest seniority in their classification, shall have all rights to return to their former classification via the layoff list.

An employee may volunteer to accept another employee's transfer under Options 1 or 2 if acceptable to the Agency.

The employee may request to go on the Agency layoff list, the order of which shall be in inverse order of seniority.

- (A) Before exercising any of the options under Section 3, the employee must meet the minimum qualifications and any special qualifications for the position for the classification, and must satisfactorily perform the duties of the position in ninety (90) calendar days.
- (B) Any regular status employee displaced by another employee exercising his/her options under Section 3 may also exercise any option available under Section 3.
- (C) Employees refusing to accept the option to a position made available by the Agency in accordance with the employee's selected option shall be considered to have been laid off.
- (D) Executive Service and Management Service employees removed from positions excluded from collective bargaining and restored to classifications that are represented by the Association shall immediately be covered by the terms of this Agreement.

Section 5.

- (A) Temporary employees working in the classification and geographic area in which a layoff occurs must be terminated prior to the layoff of trial service or regular status employees.
- (B) An initial trial service employee cannot displace any regular status employee. Initial trial service employees (new hires) must be removed prior to the reduction in force of regular employees. The order in which initial trial service employees are removed shall be based on seniority. Initial trial service employees who are removed, or demoted in lieu of layoff, will not be placed on the Agency layoff list,

but shall be restored to the eligible list from which certification was made, if the eligible list is still active. Restoration to the list shall be for the remaining period of eligibility that existed at the time of appointment from the list.

(C) Regular status employees shall be laid off in the following order:

- (1) Seasonal employees
- (2) Part-time employees
- (3) Full-time employees

Job share employees shall be treated as part time employees.

Section 6. Computation of seniority shall be made as follows:

- (A) **Seniority Definition:** Seniority is the layoff service date (LSD) which is the date the employee began state service (except as a temporary employee) as adjusted for break(s) in service. Credit one-half (1/2) point for each month of service except as a temporary appointee in State service.
- (B) **Breaks in Service:** A break in State service is a separation or interruption of employment with the State without pay of more than two (2) years. If an employee has a break in service that does not exceed two (2) years, he/she shall be given credit for the time worked prior to the break in service. Seniority will also be adjusted for leaves without pay in excess of one (1) year.
- (C) **Seniority Date Fixed:** When the Agency intends to initiate a layoff, the Agency will notify the Association in writing that all seniority will be fixed and will not change from the date of notice for a period not to exceed three (3) months. However, during the period when seniority is not changed, the employee will continue to accumulate time toward seniority for purposes of future computations. The three (3) month period may be extended by mutual written agreement of the Agency and Association.
- (D) **Equal Seniority:** If it is found that two (2) or more employees in the Agency in which the layoff is to be made have equal seniority, then the greatest length of continuous service in the Agency shall be used. If ties between employees still exist, the order of layoff shall be determined by the Agency in such a manner as to conserve for the State the services of the most qualified employee.

Section 7. Regular status employees laid off, or demoted in lieu of layoff, shall be placed, in order of seniority on the Agency layoff list for the geographic area in which the layoff occurs. The term of eligibility of candidates placed on the lists shall be two (2) years from the date of their separation from the classification in which they earned layoff rights. Should an employee be recalled from an Agency layoff list, the employee will not be eligible for moving expenses.

Section 8. Regular status seasonal employees laid off prior to the end of the season shall be placed, in order of seniority, on the Agency layoff list for seasonal reappointment, and shall be limited so as to encompass only those seasonal employees in a class who are employed at a specific geographical location where the layoff occurs. Section 4. In the event of an employee's death, all monies due the employee for accrued vacation credits and/or salary shall be paid as provided by law.

Section 5. An employee who has lost work because of job-related illness or injury will not suffer a reduction in vacation credits. Vacation credits will continue to be earned while an employee is using earned sick leave.

Section 6. Service with a jury will be considered time worked, based upon time actually spent at Court plus adequate travel time to and from the Courthouse and employee's assigned work station.

Section 7. The accumulation of vacation hours shall not be in excess of two hundred fifty (250) hours on May 1 of each year.

Section 8. Time spent by an employee in actual State service or on Peace Corps, military, education or job incurred disability leave without pay shall be considered as time in the State service in determining length of service for computation of vacation credits.

Employees who have been separated from the State service and return to a permanent position within two (2) years shall be given credit toward additional vacation credits for service prior to their separations. All time in the exempt or unclassified service, including periods with academic rank, shall be counted as long as there is not a break in service of more than two (2) years.

- (C) Employees who have scheduled vacations and made nonrecoverable deposits on reservations shall not have such vacation canceled.

- (D) Employees shall request in writing the use of vacation so the two hundred fifty (250) hours of accumulated vacation are not exceeded on May 1 of each year. If an employee fails to request vacation and their vacation accumulation exceeds two hundred fifty (250) hours on May 1st, the amount above two hundred fifty (250) hours shall be forfeited. If the Agency cancels a scheduled vacation or denies a requested vacation and such cancellation or denial results in the Agency's inability to schedule the use of the excess vacation by May 1, the employee shall receive cash payment for the amount of vacation credit lost.
- (E) Vacation changes for different time periods are permissible and will be approved if conflict does not exist and work load permits.
- (F) Subject to the operating requirements of the Agency, unscheduled vacations of three (3) days or less will be granted.

ARTICLE 41 - UTILIZATION OF ACCRUED VACATION

No employee may be placed on vacation leave and no accrued vacation time may be utilized without specific authorization of the employee except:

than fifteen (15) calendar days shall accrue sick leave credits from the initial date of appointment to the temporary position.

Section 2. Utilization of Sick Leave With Pay. Employees who have earned sick leave credits shall be eligible for sick leave for any period of absence from employment which is due to the employee's illness, bodily injury, disability resulting from pregnancy, necessity for medical or dental care, exposure to contagious disease, attendance upon members of the employee's immediate family (employee's parent, wife, husband, children, brother, sister, grandmother, grandfather, son-in-law, daughter-in-law, or another member of the immediate household) where the employee's presence is required because of illness or death in the immediate family of the employee or the employee's spouse. The Agency has the duty to require that the employee make other arrangements, within a reasonable period of time, for the attendance upon children or other persons in the employee's care. Certification of an attending physician or practitioner may be required by the Agency to support the employee's claim for sick leave, if the Agency has evidence that the employee is abusing sick leave privileges. The Agency may also require such certificate from an employee to determine whether the employee should be allowed to return to work where the Agency has reason to believe that the employee's return to work would be a health hazard to either the employee or to others.

Section 3. Sick Leave Without Pay. After earned sick leave has been exhausted, the Agency shall grant sick leave without pay for any job-incurred injury or illness for a period which shall terminate upon demand by the employee for reinstatement accompanied by a certificate issued by the duly licensed attending physician that the employee is physically and/or mentally able to perform the duties of the position. After earned sick leave has been exhausted, the Agency may grant sick leave without pay for any non-job-incurred injury or illness to any employee upon request for a period up to one (1) year. Extensions of sick leave without pay for any non-job-incurred injury or illness beyond one (1) year must be approved by the Agency and the Department. The Agency or the Department may require that the employee submit a certificate from the attending physician or practitioner in verification of disability resulting from a job-incurred or non-job-incurred injury or illness. Any cost associated with the supplying of a certificate concerning a non-job incurred injury or illness or concerning a job-incurred injury or illness that is not covered by Worker's Compensation benefits shall be borne by the Agency. In the event of a failure or refusal to supply such a certificate, or if the certificate does not clearly show sufficient disability to preclude that employee from the performance of duties, such sick leave may be canceled and the employee's service terminated.

Section 4. Medical Examination and Immunization.

- (A) Employees who request time off from work for the purpose of taking a physical examination shall be granted time off for this purpose. Leave time granted for this purpose shall be charged to accrued sick leave.

Where immunization or testing will prevent or help prevent such disease from occurring, employees shall be granted accrued sick leave with pay for the time off from work required for the immunization or testing.

ARTICLE 43 - RESTORATION OF SICK LEAVE CREDITS

Employees who have been separated from State service and return to a position (except as temporary employee) within two (2) years shall have unused sick leave credits accrued during previous employment restored.

Upon transfer of an employee with six (6) full months of State service to a different State agency, the employee may elect to have a maximum of eighty (80) hours of accrued vacation credits transferred to the gaining agency, except, the gaining agency may agree to accept a greater amount of accrued vacation credits. The employee shall be paid in cash for that portion of accrued vacation credits not transferred.

In such instances, prorated charges will be made against accrued sick leave.

An Appointing Authority or designee shall determine whether the amount of time requested for the interview is appropriate and whether the time taken for interviews is excessive. Such determination is not subject to the grievance procedure.

Interview leave time approved and taken to interview with another State agency that exceeds the two (2) hours of Agency paid time must be recorded as accrued leave, leave without pay or managed through approved flex time within the same workweek.

Employees shall request the use of leave provided in this Article at least five (5) days prior to the intended date of use.

Authorization for the use of preretirement counseling leave shall not be withheld unless the Agency determines that the use of such leave shall handicap the efficiency of the employee's work unit.

When the dates requested for preretirement leave cannot be granted for the above reason, the Agency shall offer the employee a choice from three (3) other sets of dates. The leave herein discussed may be used to investigate and assemble the employee's retirement program, including PERS, Social Security, Insurance and other retirement income.

ARTICLE 47 - LEAVE OF ABSENCE WITHOUT PAY

Section 1. In instances where the work of the Agency will not be seriously handicapped by the temporary absence of an employee, the employee may be granted a leave of absence without pay or educational leave without pay not to exceed one (1) year. Request for such leave must be in writing and must establish reasonable justification for approval.

Time spent on leave without pay in excess of fifteen (15) consecutive calendar days shall not be considered as service in determining the employees' eligibility date for a salary increase unless such time has been spent on leave resulting from a job-incurred disability.

Section 2. For family emergencies an employee may be granted a leave without pay for a period of time mutually agreed upon by the employee and the Agency. The personnel action placing an employee on such leave should state the reasons for and the expected duration of such leave.

The purpose of the leave shall be preparation for and participation in competition and preliminary competition.

ARTICLE 49 - DONATION OF LEAVE TIME

These provisions shall apply for the purpose of allowing employees to donate accrued vacation leave and accrued compensatory time off for use by eligible recipients as sick leave. Agencies will allow employees to make irrevocable donations of accumulated vacation leave and compensatory time to a coworker in that Agency or a different Executive Branch state agency. To donate to a specific employee in a different Executive Branch state agency, the employee (donor) must submit a written request to his/her appointing authority. Such donation is subject to approval by both the donor's and recipient's appointing authority. For purposes of this Agreement, hardship leave donations will be administered under the following stipulations and the terms of this Agreement shall be strictly enforced with no exceptions.

- (A) The recipient and donor must have obtained regular status in the Agency.

- (G) Employees otherwise eligible for or receiving disability benefits, workers' compensation, or on parental leaves will not be considered eligible to receive donations under this Agreement.

ARTICLE 50 - INCLEMENT CONDITIONS

When, in the judgment of the Agency, weather conditions require the closing or curtailing of State offices and institutions within the employees' regularly scheduled work day, the employees will be paid for the remainder of their regularly scheduled shift.

The Agency may direct employees to remain at home prior to the beginning of the work shift because of inclement weather or hazardous conditions. If announcement is provided by telephone, television or radio prior to the FLSA non-exempt employee leaving home, the employee will be authorized the optional use of accrued vacation, compensatory time or leave without pay during the period in which the employee's work is curtailed due to the inclement or hazardous condition. If the FLSA non-exempt employee does not receive notification as provided herein and the employee reports for his/her regularly scheduled shift of work, he/she shall be paid for the full shift of work, and may be required to work, at the discretion of the Agency, if work is available. If notice of closure occurs prior to the beginning of the work shift and the FLSA-exempt employee is not otherwise approved to be on pre-scheduled leave or authorized to report to work at another location, the employee shall be paid for the work shift. However, an FLSA-exempt employee may be required to use paid leave where the closure applies to that employee for a full work week.

ARTICLE 51 - PAYDAY AND PAYROLL COMPUTATION PROCEDURE

- (A) Pay for the employees in the bargaining unit shall be in accordance with the Compensation Plan adopted by the Human Resource Services Division and approved by the Governor as modified by this Agreement. No change shall be made in the Compensation Plan which affects AEE bargaining unit employees unless the parties to this Agreement have negotiated the changes and reached agreement on what changes will be made. This is not intended to prevent mechanical changes, or other minor changes necessary to administer the Compensation Plan.
- (B) All employees shall be paid no later than the first (1st) day of the month. When a payday occurs on a Monday through Friday, payroll checks shall be released to employees on that day. When a payday falls on a Saturday, Sunday, or holiday, employee paychecks shall be made available on the last working day of the month. When an employee is not scheduled to work on the payday, the paycheck shall be released prior to payday if the paycheck is available and the employee has completed the "Request for Release of Payroll Check" Form AD-20. However, the employee may not cash or deposit the check prior to the normal release time. Any violation of this provision may be cause for disciplinary action. A check released early under this Article shall be accompanied by written notice from the employer as to the normal release time and date for that employee and a statement that by cashing or depositing of the check may be cause for disciplinary action. The release day for December paychecks dated January 1 shall be the first (1st) working day in January to avoid the risk of December's paychecks being included in the prior year's earnings for tax purposes.
- (C) Payroll checks for employees without sufficient leave time. If an employee was absent without pay during the last days of the month, paychecks may be held until sufficient hours/days are worked the following month by the employee during his/her regular work schedule. This shall be for an equal number of hours/days to those without pay hours from the preceding month.
- (D) Employees shall be paid no less than the minimum rate of pay for their classification upon appointment to a position in State service. An entrance salary

rate may exceed the minimum rate when the Appointing Authority believes it is in the best interest of the State to do so.

- (E) Release of sixty (60) percent of an employee's earned gross wages prior to the employee's designated payday shall be authorized, subject to the approval of the employee's supervisor, in emergency cases upon receipt of a written request from the employee that describes the emergency. An emergency situation shall be defined as an unusual, unforeseen event or condition that requires immediate financial attention by an employee.

Emergencies include but are not limited to the following circumstances:

- (1) Death in family.
- (2) Major car repair.

Section 2. Payroll Computation Procedures.

(A) DEFINITIONS:

- (1) Regular Status Full-Time – a regular status position equivalent to eight (8) hours per day or forty (40) hours per week. A regular status full-time employee will be paid on a monthly salary basis, and all benefits will be calculated on a monthly basis.
- (2) Regular Status Part-Time – a regular status position less than regular status full-time. A regular status part-time employee will be paid on a fixed partial monthly or hourly salary basis, and all benefits will be calculated on a partial monthly or pay period basis. All regular status part-time employees whose work hours are regularly scheduled (work hours are based on a predetermined schedule) shall be paid on a fixed partial monthly basis.
- (3) Seasonal Full-Time – a seasonal position normally equivalent to eight (8) hours per day or forty (40) hours per week. An employee in such position will be paid on a monthly, hourly or fixed partial monthly salary basis. All benefits will be calculated on a partial, monthly or pay period basis, whichever is appropriate.
- (4) Seasonal Part-Time – a seasonal position normally less than equivalent to eight (8) hours per day or forty (40) hours per week. An employee in

such position will be paid on an hourly basis and all benefits will be calculated on a partial pay period basis.

- (5) “Number of workdays in month or pay period” – number of possible workdays in the month or pay period based on the employee’s weekly work schedule, such as Monday-Friday, Tuesday-Saturday, etc. Holidays that fall within the employee’s work schedule are counted as workdays for that month or pay period except as defined in Section 2. (C) – HOLIDAYS.
- (6) “Hourly rates of pay” – the hourly equivalent of the monthly base rates of pay as published in the Compensation Plan. The hourly rates are computed by dividing the monthly salary by 173.33.
- (7) “Partial month’s pay” – a prorated monthly or pay period salary. For example, if the employee works fifteen (15) days in a month or pay period with twenty-one (21) workdays, the partial month’s pay is computed as follows:

$$\frac{15}{21} \times \text{salary rate} = \text{gross pay}$$

- (8) “Days Worked” – includes all days actually worked, all holidays (except as defined in Section 2 (C)), and all paid leave, which occur within an employee’s service period.

(B) GENERAL COMPENSATION:

(1) Regular Status Full-Time Employees (FTE):

Pay and benefits will be computed on a monthly basis.

(2) Regular Status Part-Time Employees:

- (a) Pay and benefits will be computed on a prorated monthly or pay period basis, such as one-half (1/2) monthly or pay period pay for a half-time employee. Regular status part-time employees in regular status full-time positions will be treated as regular status part-time for purposes of this Article.
- (b) Employees paid on a fixed partial monthly basis shall have all extra hours worked over the regular part-time schedule paid at the hourly rate. Employees paid on a fixed partial monthly basis who work less than the regular part-time schedule shall have time deducted at the hourly rate.

(3) Seasonal Full-Time Employees. Pay and benefits will be computed on a monthly, prorated monthly or an hourly pay period basis.

(4) Seasonal Part-Time Employees. Pay will be computed on an hourly basis, and pay and benefits will be normally prorated on a pay period basis.

- (5) Jobsharing Employees. The total time worked by all job share employees in one position will not exceed one (1.0) FTE.
- (6) Partial Month's Pay or Partial Pay Period. Partial month's pay (or prorated monthly or pay period pay) is applied when:
 - (a) A full-time employee is hired on a date other than the first (1st) working day of the month or pay period (based on employee's work schedule).
 - (b) A full-time employee separates prior to the last workday in the month or pay period (based on the employee's work schedule).
 - (c) A full-time employee is placed on leave without pay or returns from leave without pay.
 - (d) An employee is appointed to a regular status part-time position.

See definition for partial month's pay under Section 7.(a) for computation procedures.

- (7) Changes in salary rate:
 - (a) When an employee's salary rate changes in the middle of a month, pay will be computed on the fractional amount of workdays worked at each salary rate during the month. For example, in a month having twenty-one (21) workdays (based on employee's work schedule), the salary of an employee working eleven (11) days at the old rate and ten (10) days at the new rate is computed as follows:

$$\frac{11}{21} \times \text{old rate} + \frac{10}{21} \times \text{new rate} = \text{gross pay}$$
 - (b) The percentage conversion chart in the Compensation Plan may be used instead.

(C) HOLIDAYS:

- (1) General:
 - (a) If a holiday falls on what would normally be the first (1st) working day of the month or pay period and a new employee begins work the day immediately following the holiday, the employee will not receive holiday pay. An employee's appointment date must precede or begin on this holiday in order to receive compensation for the holiday.
 - (b) If a holiday falls on what would normally be the last working day of the month or pay period and the employee separates from State service on the day just prior to the holiday, the employee will not receive holiday pay. An employee's separation date must be subsequent to, or end on, this holiday in order to receive compensation for the holiday.

Separation of an employee may fall on any given day of the month, either as designated by the employee in his/her letter of resignation or by the Agency in the notice of involuntary separation. If the holiday falls before or on designated separation date, the employee shall be paid for said holiday.

- (c) All employees will receive pay for recognized legal holidays during those months in which they work thirty-two (32) hours or more, except as provided in Sections C(1)(a) and C(1)(b) above.
 - (d) Compensation for a holiday shall be based on an eight (8) hour day.
 - (e) Employees in a leave without pay status shall be granted time off with pay on a prorated basis for the legal holiday providing the employee works thirty-two (32) hours or more during the month or pay period, whichever is appropriate.
- (2) Part-time, hourly, seasonal part-time and seasonal full-time employees will receive a prorated share of the eight (8) hours of holiday pay based on the number of hours actually worked as compared to the total number of possible work hours in the month or pay period. The holiday shall not count as part of the total possible work hours in the month or pay period or the total hours worked and shall be calculated as follows: total hours worked, times holiday hours in the month, divided by total hours in month or pay period.
- (3) Transfers to and from another Agency:
- (a) When compensable, non-workdays such as a holiday, sick leave or vacation leave, come between the separation date in the losing Agency unit and the subsequent hire date in the gaining Agency, the gaining Agency is liable for all of the compensable, non-workdays.
 - (b) The beginning date of employment in the gaining Agency must be the first compensable non-workday following separation from the losing Agency.

(D) VACATION:

- (1) New employees who begin work in the middle of a month or pay period earn vacation credits on a prorated basis for the first partial month or pay period provided they work at least thirty-two (32) hours.

Although new employees will earn vacation credits on a prorated basis during the first partial month or pay periods of service, they are not entitled to use vacation credits (or be paid upon separation) until the employee has completed six (6) full calendar months or pay periods. The employee must work, or be paid, for at least thirty-two (32) hours in each calendar month or pay period to be eligible.

- (2) Separating employees, who are eligible, will be paid for unused vacation leave accrued through the last full calendar month or pay period of service, based on each employee's work schedule. If the employee does not work (as defined in Section 2 (A)(8)) through the last regularly scheduled workday in the last calendar month or pay period, payment shall be made for unused vacation credits earned up to the end of the preceding month or pay period.

Separation of an employee may fall on any given day of the month, either as designated by the employee in his/her letter of resignation or by the Agency in the notice of involuntary separation.

- (3) Separating employees, who are eligible, will be paid for accumulated vacation leave and compensatory time at the hourly rate equivalent to his/her base rate at the time of separation.

ARTICLE 52 - SALARY ADMINISTRATION

Section 1. Salary Increase. Employees shall be eligible for salary increases at the first (1st) of the month following the intervals of:

- (A) Annual periods after the initial date of hire until the employee has reached the top step in his/her salary range. However, should an employee be promoted during the first (1st) year of service with the Employer, the employee shall not receive this increase, but shall be eligible for increases in Part B.
- (B) At the conclusion of promotional trial service, and annual periods thereafter, until the employee has reached the top step in his/her salary range.
- (C) Time spent on leave without pay in excess of fifteen (15) consecutive calendar days shall not be considered as service in determining the employee's eligibility date for a salary increase unless such time has been spent on leave resulting from a job-incurred disability.

Section 2. Seasonal Employees. A seasonal employee shall be eligible for a salary increase after having worked on a combination of seasonal periods which total a twelve (12) month period and having worked each twelve (12) month period thereafter. Provided, however, that seasonal employees at the top of the pay range for their classification are not eligible for a salary increase under this Section.

Section 3. Submission of Salary Increase. Recommendations for salary increases must be made to be effective on the first (1st) day of the month and must be submitted prior to the proposed effective date.

Retroactive trial service and annual salary increases to correct errors or oversights, and retroactive payments resulting from grievance settlements will be authorized. The proposed effective date for retroactive trial service and annual salary increases must be on the first (1st) day of the month no more than twelve (12) months prior to the time of submitting the correcting recommendation. Special salary adjustments shall not be made effective prior to the beginning of the current month.

Section 4. Denial of Annual Performance Pay. Increases under this Article may be withheld for just cause as a result of an action taken in accordance with Article 24 – Discipline and

Discharge. If a salary increase is not granted on the eligibility date, it may be granted on the first (1st) of any of the subsequent eleven (11) months but shall not be retroactive.

Grievances resulting from the withholding of salary increase shall be presented directly to Step 2 in the Agency grievance procedure. If, as a result of such a grievance, a decision is made to grant an increase initially withheld, the effective date of the increase shall be retroactive to the original eligibility date.

Section 5. Salary on Demotion. Whenever an employee demotes to a job classification in a lower range that has a salary rate the same as the previous salary step, the employee's salary shall be maintained at that step in the lower range.

Whenever an employee demotes to a job classification in a salary range which does not have corresponding salary steps with the employee's previous salary, but which is within the new salary range, the employee's salary shall be maintained at the current rate until the next eligibility date. At the employee's next eligibility date, if qualified, the employee shall be granted a salary rate increase of one (1) full step within the new salary range, plus that amount that the current salary rate is below the next higher rate in the salary range. This increase shall not exceed the highest rate in the new salary range.

Whenever employees demote to a job classification in a lower range, but their previous salary is above the highest step for that range, the employee shall be paid at the highest step in the new salary range. This Section shall not apply to demotions resulting from official disciplinary actions. In such cases, the rate will be set by the Agency.

If an employee is demoted or removed during trial service as a result of a promotion, his/her salary shall be reduced to the former step, and the previous salary eligibility date shall be restored.

If the employee's salary eligibility date occurs during the promotional trial service period, upon reinstatement to the previous class, the salary eligibility date prior to promotion will be recognized.

Section 6. Salary on Promotion. An employee shall be given no less than an increase to the next higher rate in the new salary range effective on the date of promotion.

Section 7. Rate of Pay Upon Upward Reclassification. When employees are noncompetitively advanced because of reclassification of positions they will be given an immediate increase to no less than the next higher rate in the new salary range. When given an increase at the time of reclassification and at the discretion of Agency management, the employee's salary eligibility date may remain the same or be established twelve (12) months thereafter. Further, to avoid overpayments, the Agency may cease paying work out of classification.

Section 8. Salary Upon Lateral Transfer. An employee's salary shall remain at the same step except where the appointing authority recommends and subject to State policy, that there are exceptional documented circumstances that justify payment of a higher rate.

Section 9. Effect of Break of Service. When an employee separates from State service and subsequently returns to State service (except as a temporary employee), the employee's salary eligibility date shall be determined as follows:

- (A) RETURN FROM LAYOFF LIST: The employee's previous salary eligibility date, adjusted by the amount of break in service, shall be restored.

- (B) **RETURN FROM EMPLOYMENT LIST:** The employee's previous salary eligibility date, adjusted by the amount of break in service, shall represent the earliest salary eligibility date following return. However, the salary eligibility date may be established at the first (1st) of the month in any future month up to twelve (12) months from the date of re-employment.

Section 10. Rate of Pay on Appointment from Layoff List. When an individual is appointed from a layoff list to a position in the same class in which the person was previously employed, the person shall be paid at the same salary step at which such employee was being paid at the time of layoff. The salary eligibility date of an individual who is appointed from a layoff list shall be determined in accordance with Section 9 (A) of this Article.

Section 11. Rate of Pay Upon Return to State Service by Reemployment. When a former employee is appointed from a reemployment list to a position in the same class in which he/she was previously employed, or in a related class with the same salary range, he/she may be paid at or below the step at which he/she was being paid at the time of his/her termination. If a person is reemployed in a position in a class with a lower salary range than that of his/her previous position, he/she may be paid at any step in the lower salary range not exceeding the rate he/she was being paid in the higher class, except where exceptional circumstances justify payment of a higher rate. The salary eligibility date of a former employee who is appointed from a reemployment list shall be determined in accordance with Section 9 (B) of this Article.

Section 12. Special Salary Adjustments. Such adjustments may be given under special circumstances. Due to a Special Salary Adjustment Freeze, these adjustments shall not be applied between the dates of September 1, 2009 through August 31, 2010. The granting of a special salary adjustment will not affect the employee's eligibility date for a six (6) months or annual increase.

ARTICLE 53 - SALARY/RETIREMENT PICKUP

Section 1. Public Employees Retirement System ("PERS") Members. For purposes of this Section 1, "employee" means an employee who is employed by the State on August 28, 2003 and who is eligible to receive benefits under ORS Chapter 238 for service with the State pursuant to Section 2 of Chapter 733, Oregon Laws 2003.

Retirement Contributions. On behalf of employees, the State will continue to "pick up" the six percent employee contribution, pursuant to the law. The parties acknowledge that various challenges have been filed that contest the lawfulness, including the constitutionality, of various aspects of PERS reform legislation enacted by the 2003 Legislative Assembly, including Chapters 67 (HB 2003) and 68 (HB 2004) of Oregon Laws 2003 ("PERS Litigation"). Nothing in this agreement shall constitute a waiver of any party's rights, claims or defenses with respect to the PERS Litigation.

Section 2. Oregon Public Service Retirement Plan Pension Program Members. For purposes of this Section 2, "employee" means an employee who is employed by the State on or after August 29, 2003 and who is not eligible to receive benefits under ORS Chapter 238 for service with the State pursuant to Section 2 of Chapter 733, Oregon Laws 2003.

Contributions to Individual Account Programs. As of the date that an employee becomes a member of the Individual Account Program established by Section 29 of Chapter 733, Oregon Laws 2003, and pursuant to Section 3 of that same chapter, the State will pay an amount equal to six percent (6%) of the employee's monthly salary, not to be deducted from the salary, as the employee's contribution to the employee's account in that program. The employee's

contributions paid by the State under this Section 2 shall not be considered to be “salary” for the purposes of determining the amount of employee contributions required to be contributed pursuant to Section 32 of Chapter 733, Oregon Laws 2003.

Section 3. Effect of Changes in Law (Other than PERS Litigation). In the event that the State’s payment of a six percent (6%) employee contribution under Section 1 or under Section 2, as applicable, must be discontinued due to a change in law, valid ballot measure, constitutional amendment, or a final, non-appealable judgment from a court of competent jurisdiction (other than in the PERS Litigation), the State shall increase by six percent (6%) the base salary rates for each classification in the salary schedules in lieu of the six percent (6%) pick-up. This transition shall be done in a manner to assure continuous payment of either the six percent (6%) contribution or a six percent (6%) salary increase.

For the reasons indicated above, or by mutual agreement, if the State ceases paying the applicable six percent(6%) pickup and instead provides a salary increase for eligible bargaining unit employees during the term of the Agreement, and bargaining unit employees are able, under then-existing law, to make their own six percent (6%) contributions to their PERS account or the Individual Account Program account, as applicable, such employees’ contributions shall be treated as “pre-tax” contributions pursuant to Internal Revenue Code, Section 414(h)(2).

Section 4. Selective Salary Adjustments. Effective July 1, 2009, the following classifications shall be adjusted as indicated below:

<u>Class #</u>	<u>Class Title</u>	<u>From SR</u>	<u>To SR</u>
1116	Research Analyst 2	22	23
3715	Chemist 1	22	24
3716	Chemist 2	24	26
3717	Chemist 3	26	28
3410	Environmental Eng 1	23	25

Employees whose salary falls below the first step of the new range will be placed on the first step of the new range and the salary eligible date (SED) will be changed to July 1, 2010*, except those employees in promotional status who shall retain their SED.

*Employees will not be eligible for a salary increase if step movement is frozen. Any salary movement shall be subject to the conditions outlined in the Letter of Agreement on the Step Freeze.

ARTICLE 54 - HEALTH AND DENTAL INSURANCE

Section 1. Notwithstanding any past practice to the contrary, an employer contribution will be made for each employee who has a minimum of eighty (80) paid hours in the month and who is eligible for, and participates in, the flexible benefits program as administered by the Public Employees’ Benefit Board (PEBB). Full-time for purposes of this Article is defined as paid time equal to the regular work hours in the month.

Contributions will be prorated for employees who have at least eighty (80) paid regular hours in a month and less than full-time hours. This proration shall be based upon the ratio of regular hours to full-time hours, rounded to the nearest full percent.

Section 2. Starting January 1, 2009 through December 31, 2009, the Employer shall make a contribution sufficient to cover the premium costs for PEBB health, dental and basic life benefits chosen by each eligible full-time employee.

Plan Year 2011. For plan year January 1, 2010 through December 31, 2010, the Employer will increase its monthly contribution by up to five percent (5%) of the actual monthly composite resulting from plan year 2009.

Plan Year 2011. For plan year January 1, 2011 through December 31, 2011, the Employer will increase its monthly contribution by up to five percent (5%) of the actual monthly composite resulting from plan year 2010 of the actual monthly composite resulting for plan year 2010.

Should rates for 2010 or 2011 exceed the Employer contribution, the parties shall jointly petition the Public Employees Benefit Board to use reserve funding to support any premium increase above five percent (5%). (See LOA's)

ARTICLE 55 - PAYROLL DEDUCTIONS

Section 1. The Agency agrees to deduct, upon written authorization from the employee, monthly premium payments for health and dental insurance, group indemnity insurance, automobile insurance and life insurance for plans approved by the Benefit Board.

Section 2. If any other insurance plan is approved by the Public Employees' Benefit Board (PEBB) during the life of this Agreement, the Agency will deduct, upon written authorization from the employee, monthly premium payments.

Section 3. The Agency will deduct upon written authorization from the employee, monthly credit union payments as provided in ORS 292.067.

ARTICLE 56 - WORK SCHEDULES

Section 1. Work schedules shall be established by the Agency. The Agency may establish more than one (1) type of work schedule; however, no employee shall be assigned more than one (1) type of schedule at any one time. The following provisions will apply to the individual schedules:

- (A) **REGULAR SCHEDULE:** This schedule shall be the normal schedule with the same starting and stopping time established for all days in the work week, and will normally consist of five (5) consecutive eight (8) hour days. Employees may vary their hours of labor by varying their lunch periods and breaks provided such variance does not affect the performance of the work unit and is approved by the Employer.
- (B) **FLEXIBLE SCHEDULES:** This schedule consists of shifts which may vary the starting and quitting times, may be voluntary or assigned and which do not exceed forty (40) scheduled hours in a one hundred sixty-eight (168) hour period. Flexible schedules shall be evaluated on an individual basis when requested by an employee for carpooling or utilization of mass transit. Operational needs may justify restrictions or denials when employee participation adversely affects work or services.
- (C) **FOUR (4) DAY WORK WEEK:**

- (1) The Agency may schedule employees to work four (4) days of ten (10) hours when deemed to be feasible and economical. Such shifts need not be consecutive nor have the same starting and stopping times. Schedules will be assigned so that forty (40) hours of work is scheduled within each one hundred sixty-eight (168) hour period and so that one (1) period of no less than fifty-two (52) hours is provided between two (2) successive work weeks. The normal workday on an irregular schedule begins at the start of the scheduled shift and two (2) shifts may be scheduled to start within a twenty-four (24) hour period. The work week for an irregular schedule begins at the start of the first (1st) scheduled shift and continues for seven (7) consecutive, twenty-four (24) hours periods.
- (2) During any calendar week involving a holiday, crews working an irregular schedule shall be placed on an eight (8) hour, five (5) day schedule, unless a request is made as follows:

A written request, made five (5) workdays in advance, and signed by the majority of the employees of the work unit is filed with the supervisor. The employee's work schedule is then comprised of three (3) ten hour (10) days, and the employees shall use either two (2) hours of vacation, compensatory time or leave without pay to add to the eight (8) hours of holiday leave. If the holiday falls on the employee's scheduled day off, the workday nearest to the holiday shall be taken off.

- (D) **IRREGULAR SCHEDULES:** Employees shall be scheduled for forty (40) hours of work within the span of one hundred sixteen (116) hours except when the provisions of Section 3 of this Article are implemented.
- (E) **MODIFICATION OF SCHEDULE:** When a modification or temporary change of shift is requested by an employee and approved by the Agency, any increased benefits which may be associated with the changed schedule shall be waived by the employee.

Section 2.

- (A) (ODOT/OPRD only.) Employees shall not have their posted work schedule changed more than two (2) hours without seven (7) calendar days advance notice except when work scheduling is controlled by a contractor or other conditions that are beyond the control of the immediate supervisor. Work schedules will be established monthly and posted seven (7) days prior to the effective date of the schedule, and need not be posted again the following month(s) unless there is a change.
- (B) (FORESTRY only.) It is the intent of the Agency to give employees advance notice of work schedule changes. In keeping with this intent, the Agency will attempt to give employees twelve (12) hours prior notice of work schedule changes.

Section 3. The employer shall schedule work in such a manner that split time off is used only when:

- (A) It is necessary to use such scheduling to change shifts on an operation which currently functions on a twenty-four (24) hour a day, seven (7) day a week basis, or
- (B) Irregular scheduling is necessary to fulfill the Agency's responsibility for field inspection activities.

Section 4. All lunch periods shall be taken as near as possible to the middle of the shift, unless this is disruptive to the orderly operation of the work unit. Employees who are instructed not to leave their work stations and are required to continue working shall have such time counted as hours worked.

Section 5. Employees shall normally receive fifty-two (52) consecutive hours off between each work week except when the employee works overtime on a scheduled day off or when the provisions of Section 3 of this Article are implemented.

Section 6. Employees normally performing similar work at the same location may mutually agree to exchange days, shifts, or hours of work with the approval of their supervisor provided such change does not result in the payment of overtime or a disruption of the normal routine of duties. Such request shall not be considered as schedule changes.

Section 7. When an employee needs to use sick leave and has not given his/her supervisor prior notice, the employee will call his/her supervisor prior to the beginning of his/her scheduled shift, except for circumstances beyond the control of the employee, such as a traffic accident. Unauthorized absence from work shall be on leave without pay.

Section 8. In the event of an emergency situation, such as, but not limited to, an unanticipated storm; a declared emergency by duly elected officials of local, state or federal governments; flood; fire or other situations where the resources of the Agency are called upon with little or no notice, the working hours of all employees may be altered as required by the Agency to fulfill the Agency's responsibilities to the public.

Section 9. Employees shall be at their assigned work location at the beginning of their assigned shift and shall be available at such location through the end of the assigned shift, including scheduled or unscheduled overtime, except when on leave or break. Employees shall provide efficient, effective and courteous service to the public during their performance of duties as assigned by the Agency.

ARTICLE 57 - ON-CALL DUTY

Section 1. Employees shall be paid one (1) hour of pay at the regular straight time rate for each six (6) hours of assigned on-call duty. Employees who are assigned on-call duty for less than six (6) hours shall be paid on a prorated basis.

Section 2. An employee shall be on on-call duty when specifically required by the Agency to be available for work outside his/her normal working hours and not subject to restrictions which would prevent the employee from using their own time while on on-call duty effectively for the employee's own purposes.

Section 3. When a work site or duty station is also an employee's private residence during off-duty hours, time spent at home shall be considered on-call duty only when the following conditions exist:

- (A) The Agency requires that an employee be restricted to a work site or duty station for a specific period of time; and
- (B) The employee is required and must be prepared to commence full-time work if the need arises.

Section 4. An employee shall not be on on-call duty once he/she actually commences performing assigned duties and receives the appropriate rate of pay for time worked.

Section 5. No employee is eligible for any premium pay compensation while on on-call duty except as expressly stated in this Article.

Section 6. On-call duty time shall not be counted as time worked in the computation of overtime hours worked but on-call pay shall be included in the calculation of the overtime rate of pay.

Section 7. The employer shall give employees as much advance notice as possible of on-call duty. If an employee requested to do on-call duty has a personal conflict, the employer shall try to find another qualified employee for the duty. If no employee agrees voluntarily to assume the on-call duty, the assignment shall be made to the qualified employees and shall be rotated starting with the employee with the least seniority in the Agency.

ARTICLE 58 - PARKING (ODOT ONLY)

The parties agree that before any changes in parking rates for State employees represented by the Association at any State-owned and operated parking facility are made, the Employer shall provide an opportunity for the Association to participate in the determination of such rates. The Association will be afforded the opportunity to offer suggestions, make recommendations and introduce any data deemed appropriate.

ARTICLE 59 - TRAVEL EXPENSES/MILEAGE/MOVING ALLOWANCE

Section 1. Travel Expenses and Mileage Reimbursement. Travel, mileage and moving reimbursement shall be established in the General Travel Rules adopted by the Oregon Department of Administrative Services State Controller's Division Accounting Policy Manual with the following exceptions:

- (A) **ALLOWANCE FOR MOVING EXPENSES DUE TO RELOCATION.** Employees relocated to a new official work station at the request of or for the benefit of the Agency may be reimbursed for normal, reasonable moving expenses and related expenses, provided the employee is relocated to a new official work station 35 or more miles from the previous official work station. The provision to relocate 35 or more miles from the previous work station does not apply if the employee is required to move into State-owned housing. All moving expense reimbursements must be supported by receipts and will be paid directly to the employee through the payroll system. Employees who do not have the means to pay moving expenses up front shall receive a moving expense advance from the Agency which must be accounted for in a manner similar to a travel advance.
- (B) **(FORESTRY ONLY)** During fires or other emergency situations when an employee is required to be absent from his/her official station, the Agency will provide meals and lodging to the employee after arrival at the fire or emergency

site. These meals and lodging are normally provided through the use of facilities such as fire camp or commercial facilities.

If an employee is absent from his/her official station and traveling to the fire or other emergency site, the employee will receive a meal allowance consistent with sections titled (Meal Per Diem During Non Overnight Travel) and (Adjustments to Per Diems) of Department of Administrative Services Travel Policy. Travel status will begin when the employee departs from his/her official station and will end upon the employee returning to his/her official station.

- (C) Personal Telephone Calls. The parties agree that this Section of the Agreement will supersede the section of the DAS Travel Policy on Personal Telephone Calls.

On the first day of overnight travel, staff will be reimbursed for one (1) personal telephone call. During extended overnight travel, staff will be reimbursed for one (1) personal telephone call for every two (2) day of travel. Telephone calls will be kept to a minimum not to exceed ten (10) minutes. Receipts will be required.

- (D) Per Diem: Managers may assign employees to be on seven-day per diem if it can be demonstrated that there are no additional costs to the Agency. Such employees shall be allowed to maintain seven-day per diem whether or not the employees return to their residence on regularly scheduled days off. The employees shall not charge the Agency for any overtime or mileage reimbursement for returning to their residence on days off.

Per diem payment will stop if an employee leaves on vacation, and will resume when the employee returns to work at the temporary location. Per diem allowance for sick leave will be paid for days on which sick leave is taken up to a maximum of three (3) days in any one (1) per diem assignment, provided the employee would have received the allowance had he/she worked and provided the employee remains at the temporary work location.

- (E) Miscellaneous Expenses: Employees may be eligible for reimbursement of miscellaneous relocation expenses up to \$5000. A request for additional miscellaneous expenses that exceed the limit shall be submitted to the Department of Administrative Services Director for consideration. Employees will submit receipts for all miscellaneous expenses with the expense claim. Child care costs (babysitting) incurred during the house hunting or moving phase shall be considered also reimbursable miscellaneous expenses.

In accordance with SB 750, the Association will be given notice of any changes in policy which involve a mandatory subject of bargaining.

Section 2. Moving Allowance. Except for provisions in this article, the Human Resource Services Division Policy (Current Employee Relocation) 40.055.10 in effect as of July 1, 2009 shall be applied.

Section 3. Paid Time Off For Moves. Paid time off provided for in Department Administrative Services policy 40.55.00 in effect as of July 1, 2009 to effect a move shall be in addition to accrued paid time off employees as eligible to receive under this agreement.

ARTICLE 60 - RESCINDED TRANSFERS AND MULTIPLE MOVES

Section 1. Rescinded Transfer. An employee given a written notice of transfer that is later rescinded shall be compensated by the Agency for all expenses incurred which are reimbursable under Article 59 – Travel Expenses/Mileage/Moving Allowance. The employee shall furnish the Agency with normally required receipts of expenses claimed as noted in Letter of Agreement #5.

Section 2. Multiple-Moves. When an employee has been assigned to a permanent headquarters for less than two (2) years and is transferred at the request of the State to a new headquarters, which is out of his/her geographic area, the Employer shall issue a lump sum premium payment equal to sixty (60) days of per diem. Such payment shall be made within ten (10) work days of his/her reporting to the new headquarters. This lump sum premium is in addition to all other moving allowances or benefits he/she would be eligible to receive.

ARTICLE 61 - OVERTIME

Section 1. All employees of the Agency shall be subject to overtime work when the efficiency or effectiveness of the Agency's operations require that such work be performed. No employee shall refuse to work overtime unless such overtime can be shown to be an unusual burden on the employee. When such circumstances do exist, the employee shall not be required to work unless his/her absence would cause the Agency to be unable to meet its responsibilities.

Section 2. The Agency shall give as much notice as possible of overtime to be worked. (Assignment of overtime work, which is essentially a condition of extending the employee's workday or involves working on a scheduled day off, shall not be considered a change of shift.)

Section 3.

- (A) Except for FLSA-exempt employees, all time for which an employee is compensated at the regular straight time rate of pay including vacation leave, holidays, sick leave, compensatory time off and other paid leave shall be counted as time worked. For purposes of calculating overtime pay for FLSA-exempt employees, hours worked shall be defined as time actually worked during a work week.
- (B) Paid sick leave shall not be counted as time worked for the purposes of overtime calculation, except that paid sick leave used shall be counted toward overtime calculation if the employee is mandated to work on a regularly scheduled day off.

Section 4. The work week shall be the same as a calendar week starting at 12:01 a.m. on Monday and ending the following Sunday at 12:00 a.m.

Section 5. The workday shall be a twenty-four (24)-hour period starting at the start of the employee's assigned shift and shall remain fixed at that period for the whole of the work week except for flexible schedules.

Section 6.

- (A) FLSA Non-Exempt Employees. Overtime for employees working a regular work week is time worked in excess of eight (8) hours per day, or forty (40) hours per week within the employee's basic work week. Overtime for employees working an irregular work schedule is time worked in excess of the scheduled hours per

day approved by the Department or forty (40) hours per week within the employee's basic work week. Time worked beyond regular schedules by employees scheduled for less than eight (8) hours per day or forty (40) hours per week is additional straight time worked rather than overtime until work exceeds eight (8) hours per day or forty (40) hours per week within the employee's basic work week. In a split shift, the time an employee works in a day, after twelve (12) hours from the time the employee initially reports for work, is overtime. Except for shift changes, flexible schedules, and irregular work schedules, employees eligible for overtime compensation who are required to work in excess of eight (8) consecutive hours on a regular schedule or ten (10) hours on an irregular schedule shall be compensated at the appropriate rate for hours worked in excess of eight (8) or ten (10) hours per day respectively. In the event of a shift change involving two (2) shifts starting within a twenty-four (24) hour period, the employee shall be given an opportunity to take an off-duty period between shifts of no less than ten (10) hours. Any hours worked in the ten (10) hour period will be paid as overtime.

- (B) FLSA-Exempt Employees. Overtime for full- and part-time FLSA-exempt employees is time actually worked in excess of forty (40) hours in a work week.

Section 7. All employees in positions that are overtime eligible represented by the Association shall be compensated for overtime worked at the rate of time and one-half (1-1/2) their regular straight time rate.

Any disputes over overtime may be filed with the appropriate jurisdiction and are not grievable through the Collective Bargaining Agreement.

Section 8. Payment of Overtime.

- (A) Payment for overtime shall be no later than one (1) month following the pay period in which overtime is worked except as provided in subsection (D) below.
- (B) (Forestry only.) All employees shall receive cash for overtime worked. If the employee wishes to receive compensatory time off in lieu of cash, he/she shall have the option of maintaining a maximum of eighty (80) hours of compensatory time for overtime hours worked.
- (C) (ODOT and OPRD only.) Accrued compensatory time off above eighty (80) hours not taken by the close of business on April 30, including that earned in April, will be paid in cash as if it had been earned during April. Compensatory time off may be scheduled by the Agency. Such payments shall be made on the June 1 payroll.
- (D) Employees traveling for the purposes of participating in transfer or promotional interviews are ineligible for overtime pay.

Section 9. Employees may not schedule overtime without the approval of their immediate supervisor.

Section 10. Overtime shall be distributed as equally as feasible among qualified employees customarily performing the kind of work required, and assigned to the work unit in which the overtime is to be worked. Employees who refuse the offer to work overtime under this Article, shall have the hours offered, but not worked, counted for the sole purpose of equalizing total overtime distribution.

Section 11.

The Employer shall provide the Association with no less than twenty (20) calendar days written notice of its intent to exempt a filled bargaining unit position for FLSA overtime compensation. The Employer will not change the position's designation during this twenty (20) calendar day period.

- (A) Should the Association decide to challenge the proposed status designation, the Association shall notify the Employer in writing within twenty (20) calendar days of its receipt of the notice. Should notice be given, the Employer shall forego implementing the change in status designation for an additional forty (40) calendar days beyond the twenty (20) calendar day period. The purpose of the forty (40) calendar day period will be for the Association to investigate whether there is a basis to challenge the status designation. If the Association decides to pursue challenging the status designation, the Association will file with the Bureau of Labor and Industries before the end of the forty (40) calendar day period. In such event, the Employer will forego implementing the designation change until the matter is resolved.
- (B) If timely notice to challenge the status designation is not received during the initial twenty (20) calendar day period or the Association does not proceed forward during the forty (40) calendar day period, the position's designation shall be changed.
- (C) For purposes of this agreement, written notice may occur by personal delivery, fax or mail (postmark) within the timeframes cited above.

ARTICLE 62 - REPORTING TIME OR SHOW-UP TIME

Section 1. Except for Article 50 - Inclement Conditions, an employee who reports to his/her regular shift shall receive a minimum of eight (8) hours pay and shall be available for eight (8) hours work during the current workday.

Section 2. When an employee performs work, or is scheduled to work on a day that would entitle that employee to overtime pay, the minimum recorded hours shall be two (2). The minimum shall not apply to overtime which is an extension of a rear shift.

ARTICLE 63 - SHIFT DIFFERENTIAL

Section 1. Shift differential shall apply to all employees except temporary and those part-time employees working less than thirty-two (32) hours per month. In order to qualify for shift differential, an employee must be in a job classification which is allocated to salary range 26 or below and be eligible for overtime.

Section 2. Shift differential shall be paid to all employees at the rate of fifty cents (\$.50) per hour for each full hour worked between 9:00 p.m. and 6:00 a.m.

ARTICLE 64 - PROTECTIVE CLOTHING AND UNIFORMS (FORESTRY ONLY)

Section 1. If an employee is required to wear protective clothing or any type of protective device, unless normally provided by employees according to industrial practices, protective clothing or devices shall be provided by the Employer. Articles now provided shall continue to be provided by the Employer unless the need is eliminated by changing the nature of the work assignment. Coveralls or other appropriate clothing shall be made available to employees who are required to perform building or equipment maintenance or repair work, where such work will soil clothing beyond normal home-laundry capabilities.

Section 2. If an employee is required to wear a uniform and/or boots, the employee shall be eligible for reimbursement of up to three hundred and fifty dollars (\$350.00) per biennial budget period, for the approved uniforms and boots. The Agency will designate those employees required to wear uniforms and/or boots. The Agency will determine the color, type and quality of the uniform and the type, style and composition of the boots.

Section 3. Communication System Analysts will provide the tools of the trade (hand tools) which are required by the position description for efficient performance of the work. The employee will be reimbursed for up to four hundred fifty dollars (\$450.00) per biennium prorated from the date the Agreement is signed, whichever is later, for receipted costs of purchase, upkeep and maintenance of his/her tools. Specialty tools, power tools, and equipment which fall outside the normal "tools of the trade" shall be provided by the Agency. The Agency will not be responsible to pay for broken or worn tools if such tools are covered under a guarantee or warranty and are repaired or replaced free of charge by the manufacturer or supplier. Employees must receive prior authorization from Agency management for each reimbursable tool purchase.

ARTICLE 65 - PROTECTIVE CLOTHING AND UNIFORMS (ODOT ONLY)

Section 1.

- (A) Except for those employees covered under section (B) of this article, eligible employees shall receive an annual outerwear reimbursement of up to four hundred dollars (\$400) per biennium to purchase raingear and/or insulated coveralls. Other special apparel for Agency work may be reimbursed if approved in advance by the employee's immediate supervisor. Other special apparel may include, but not be limited to rain boots or hip waders for certain identified positions.
- (B) Employees that receive the boot allowance under Article 68 (Boot Allowance) shall not be reimbursed for purchase of ANSI approved boots under this article. Employees that received Agency-provided raingear in 2008 or 2009 shall not be eligible for the outerwear reimbursement for the term of the agreement. However, if the Agency- provided raingear becomes damaged and is not serviceable, the employee may turn in the raingear with the immediate supervisor's approval and then become eligible for the outerwear reimbursement. Employees that receive Agency-provided outerwear under Article 26A (Safety/Health) such as ordinary coveralls and gloves, shall not be reimbursed for similar outerwear under this article.

Section 2. An employee is eligible for the outerwear reimbursement that is assigned and performs outdoor work a significant portion of the time for the entire year. For the purpose of

this article, a significant portion of the time is fifty percent (50%) or greater of a full-time work schedule as noted in the position description.

Section 3.

- (A) Eligible full-time regular status employees of record on July 1 at the beginning biennium shall be provided the full amount of the reimbursement. If an eligible full-time employee is temporarily assigned duties that do not require performing outdoor work, or is on leave for six (6) calendar months or less during the previous year, the employee will be allowed a prorated amount of the biennial reimbursement. Full-time employees hired into an eligible position during the biennium shall be allowed a prorated amount of the biennial reimbursement.
- (B) Part-time regular status employees that are eligible under section 2 of this article shall be allowed a prorated amount of the biennial reimbursement based on their regularly scheduled hours compared to a forty (40) hour work schedule.

Section 4. The outerwear reimbursement shall be paid to eligible employees who submit claims for reimbursement through the Agency Travel Expense process.

Approved outerwear shall be claimed as an Other Expense with receipts and may be submitted by the employee at any time during the biennium. Each biennium begins on July 1 and ends two (2) years on June 30th. The total of reimbursement paid to any one eligible employee shall not exceed four hundred dollars (\$400) in any biennium,

This article takes effect on the 2009-2011 biennium upon signing of the Agreement. Receipts are required and no reimbursement will be allowed for purchases that take place before this article takes effect.

ARTICLE 66 - WAGE AND BENEFIT OVERPAYMENTS

Section 1. In the event that an employee receives wages or benefits from the Agency to which the employee is not entitled, regardless of whether the employee knew or should have known of the overpayment, the Agency shall notify the employee in writing of the overpayment and the amount of wages and/or benefits to be repaid. For purposes of recovering overpayments by payroll deduction, the following shall apply:

- (A) The employee and Agency shall meet and attempt to reach mutual agreement on a repayment schedule within thirty (30) calendar days following written notification.
- (B) If there is no mutual agreement at the end of the thirty (30) calendar day period, the Agency shall implement the repayment schedule stated in subsection (C) below.
- (C) If the overpayment amount to be repaid is more than five percent (5%) of the employee's regular monthly base salary, the overpayment shall be recovered in monthly amounts not exceeding five percent (5%) of the employee's regular monthly base salary. If an overpayment is less than five percent (5%) of the employee's regular monthly base salary, the overpayment shall be recovered in a lump sum deduction from the employee's paycheck. If an employee leaves Agency service before the Agency fully recovers the overpayment, the remaining amount may be deducted from the employee's final check(s).

Section 2. An employee who disagrees with the Agency's determination that an overpayment has been made to the employee may grieve the determination through the grievance procedure.

Section 3. The Article does not waive the Agency's right to pursue other legal procedures and processes to recoup an overpayment made to an employee at any time.

ARTICLE 67 – LEAD WORK DIFFERENTIAL

Section 1. Lead work differential shall be defined as a differential for employees who have been normally assigned by their supervisor in writing, "lead work" duties for two or more employees and ten (10) consecutive calendar days or longer provided the lead work duties are not included in the classification specification for the employee's position. Lead work is where on a recurring daily basis, the employee has been directed by their supervisor to perform substantially all of the following functions for their supervisor's direct reports; to orient new employees, if appropriate; assign and reassign tasks to accomplished prescribed work efficiently; give direction to workers concerning work procedures; transmit established procedures; transmit established standards of performance to workers; review work of employees for conformance to standards; and provide informal assessment of workers' performance to the supervisor. This differential shall not apply to project and program management duties.

Section 2. The differential shall be five percent (5%) beginning from the first day the duties were formally assigned in writing for the full period of the assignment.

Section 3. Lead work differential shall not be computed at the rate of time and one-half (1 ½) for the time worked in an overtime or holiday work situation, or to effect a "pyramiding" of work out of classification payments. However, lead work differential shall be included in calculation of the overtime rate of pay.

Section 4. Lead work differential shall not apply for voluntary training and development purposes which are mutually agreed to in writing between the supervisor and the employee.

Section 5. If an employee believes that he/she is performing the duties that meet the criteria in Section 1, but the duties have not been formally assigned in writing, the employee may notify the Appointing Authority in writing. The Agency will review the duties within fifteen (15) calendar days of the notification. If the Agency determines that lead work duties were in fact assigned and are appropriate, the lead work differential will be effective beginning with the day the employee notified the Appointing Authority of the issue.

If the Agency determines that the lead work duties were in fact assigned but should not be continued the Agency may remove the duties during the fifteen (15) day review period with no penalty.

If the Agency concludes that the duties were not lead work, the Agency shall notify the employee in writing within fifteen (15) calendar days from receipt of the employee's notification of the Appointing Authority.

ARTICLE 68 – CONTRACTING OUT (ODOT ONLY)

The parties will establish a labor/management committee that will meet periodically to discuss contracting out and its effects upon the bargaining unit. Membership in the committee will be limited to three (3) members of labor and three (3) members of management.

ARTICLE 69 - ALLOCATIONS APPEAL PROCESS

This article shall only apply to the allocation of positions into new and revised classifications.

Section 1. Initial Appeal Step.

- (A) An appeal may be filed by an individual employee or Association representative on behalf of the employee, to the Agency Human Resources Office within thirty (30) calendar days of written notification of the final reallocation by the Agency into the new classification. Employees sharing the same or substantially similar position descriptions or employees the Agency agrees to treat as a group may file an appeal as a group. The initial filing shall describe the individual or group, including the names of affected employees, identify the proposed placement, and the placement believed to be correct by the affected employees.
- (B) The appeal must include current, signed position descriptions. Because the old classifications are to be abolished, correct placement cannot be back to the prior classification.
- (C) The Agency shall conduct a review of the allocation using the following criteria:
 - (1) The purpose of the position shall be determined by the statement of purpose and assigned duties of the position description and other relevant evidence of duties assigned by the Agency;
 - (2) The concept of the proposed classification shall be determined by the general description and distinguishing features of its class specifications; and,
 - (3) The overall duties, authority and responsibilities of the position shall be determined by the position description and other relevant evidence of duties assigned by the Agency. This decision shall be made within thirty (30) calendar days of receipt of the appeal and provided to the affected employees in writing and with a summary of the classification analysis.

Section 2. Appeal Committee Review.

- (A) If denied, the Association may appeal the Agency's decision in writing to the Labor Relations Unit within fifteen (15) calendar days of receipt of the written denial. Appeals will be considered by the Employer designee or alternate and the Association designee or alternate who shall form the committee charged with the responsibility to consider appeals and make decisions which maintain the integrity of the classification system by correctly applying the classification specifications. Additionally, the committee may use two resource persons, one designated by each party, to provide technical expertise concerning a specific series.
- (B) The committee will attempt to resolve the matter by jointly determining whether the current or proposed classification more accurately depicts the overall assigned duties, authorities and responsibilities of the position using the criteria specified above. In this process each of the designees may identify one (1) alternate class that he/she determines most accurately depicts the purpose of the position and overall assigned duties. If an alternate class is identified, both the Association and Labor Relations Unit shall be notified.

- (C) If the parties concur that shall end the allocation appeal. In the event the committee concludes that the proposed class or alternate class is more appropriate, the Agency retains the right to modify the work assignment on a timely basis to make it consistent with the Agency's allocation. Appeals shall be decided in order of receipt by the Labor Relations Unit. Decisions shall be rendered by the designees not later than sixty (60) calendar days of receipt of the appeal by the committee. The decision of the committee shall be binding on the parties. However, the Agency may elect to remove/modify duties at any point during the appeal process.

Section 3. Arbitration.

- (A) If the appeals committee cannot make a decision, the Association may request final and binding arbitration by a written notice to the Labor Relations Unit within the next fifteen (15) calendar days from receipt of written notice that the committee did not reach an agreement on the appeal. Each party may go forward with one (1) class. Each party may choose to take to arbitration either the current class, class appealed to, or an alternate class identified by a committee member. The arbitrator shall allow the decision of the Agency to stand unless he/she concludes that the proposed classification more accurately depicts the overall assigned duties, authority and responsibilities of the position. This Agreement shall supersede Article 36 (Grievance/Arbitration) regarding the authority of the arbitrator. However, Article 36 shall control regarding the selection of the arbitrator and the timeframes when the arbitrator shall issue an award.
- (B) Where a position is vacated after the filing of the initial appeal, the Association may continue the appeal process and such appeals will be reviewed by the committee only after the review of all filled position appeals is completed and where the Agency indicates that no change in duties is anticipated before refilling the position.
- (C) This process terminates upon completion of the allocation process.

ARTICLE 70 – BOOT ALLOWANCE (ODOT ONLY)

Section 1. Types and Frequency of Reimbursement. The parties agree that eligible bargaining unit employees will receive an allowance without receipts for each fiscal year except for the conditions outlined in Section 3 of this article.

Section 2. Application of the Allowance.

Each fiscal year, all eligible employees of record on July 1 shall be paid an allowance in the July 15th supplemental payroll, provided the employee is assigned and performs work that requires ANSI approved boots as determined by the Agency's Job Hazard Analysis Questionnaire. If an employee is assigned duties that do not require wearing ANSI approved boots, or is on leave without pay for six (6) calendar months or more, the employee will receive a prorated amount of the annual allowance. If an employee is on leave without pay or not required to wear ANSI approved boots for the entire fiscal year, the employee will not be eligible for the annual allowance.

(B) New Hire Full Time Employees.

If an employee is hired during the preceding fiscal year, the employee shall receive on the next July 15th a proration of the annual allowance.

LETTER OF AGREEMENT #1 - TRAFFIC SYSTEMS TECHNICIAN DIFFERENTIAL

This Agreement is between the State of Oregon, acting through its Department of Administrative Services, on behalf of the Department of Transportation and the Association of Engineering Employees.

The parties agree to the following:

Section 1.

Employees occupying positions classified as Traffic Systems Technician 1-3 in Region 1 and 2 of the Department of Transportation performing assigned duties that require an electrician's license will be eligible to receive a ten percent (10%) pay differential for such assignment of work above the employee's base salary rate.

Section 2.

This differential shall not apply to voluntary training and development purposes.

Section 3.

This differential shall not be computed at the rate of time and one-half (1-1/2) for the time worked in a one-time or holiday work situation, or to effect a 'pyramiding of work out of class payments.' However, this differential shall be included in calculation of the overtime rate of pay. No employee assigned to duties requiring an electrician's license will be eligible for work out of classification payment when assigned duties require an electrician's license.

Section 4.

This Agreement shall continue and will automatically expire June 30, 2011, unless the parties augment this agreement.

LETTER OF AGREEMENT #2 -PART-TIME EMPLOYEE INSURANCE PREMIUMS

The parties agree to the following:

The Employer will continue to pay the current part-time subsidy for eligible part-time employees who participate in the part-time plan through December 31, 2009 as follows:

- Employee Only (EE) - \$206.94
- Employee and Family (EF) - \$268.05
- Employee and Spouse (ES) - \$264.11
- Employee and Children (EC) – \$235.47

For Plan Years 2010 and 2011, the subsidy will be paid at an amount so that employees will continue to pay the same out-of-pocket premium costs that were in effect for Plan Year 2009. If an employee changes from one tier to another or changes plans pursuant to PEBB rules, his or her out-of-pocket premium costs will be adjusted to reflect the plan year's out-of-pocket premium costs for his or her new tier.

LETTER OF AGREEMENT #3 - REGARDING PREMIUM INCREASES

This Agreement is between the State of Oregon, acting through its Department of Administrative Services (Employer) and the Association of Engineering Employees (Union).

Increases in premium costs above five (5%) percent, but less than the ten (10%) percent in plan years 2010 and 2011, will be paid by the Employer for the non-General Fund share of such costs.

The Parties shall jointly petition the Public Employee's Benefits Board (PEBB) to pay for the General Fund share of the increases above five (5%) percent, but less than ten (10%) percent in plan years 2010 and 2011 out of PEBB reserves. Should this become necessary, the Parties shall jointly request that PEBB first access PEBB Stabilization Fund reserves and only draw on money in the Standard Demutualization Account in the event that there is not enough money in the Stabilization Fund to pay for the increases without jeopardizing PEBB's ability to self-insure.

LETTER OF AGREEMENT #4 - REGARDING PROVIDER TAX ASSESSMENT

The parties recognize that, pursuant to HB2116, the State of Oregon has levied an assessment of PEBB claims.

Should PEBB increase the rates it charges to the Employer based on this assessment, the Employer will pay for the portion of the rate increase that is attributable to the assessment. These payments will be in addition to the up to five percent increase in premium costs provided under Article 54 of this contract and shall be made without petitioning PEBB to use reserves.

LETTER OF AGREEMENT #5 - PEBB RESERVE REIMBURSEMENT

The legislature allocated thirty-two (\$32,000,000) million General Fund in the 2009-2011 budget for increases in public employee health insurance costs (up to five (5%) percent per plan year) during the life of the 2009-2011 collective bargaining agreement between the parties.

If the State does not expend the entire thirty-two (\$32,000,000) million General Fund allocation, per Section 1 above, the State will request the Legislature, or Emergency Board if the Legislature is not in session, to release any unspent portion of the thirty-two (\$32,000,000) million General Fund (and corresponding other funds). The purpose of requesting release of the remaining funds is to reimburse the PEBB for expenditures PEBB may agree to make from the Stabilization Fund (SF) reserves to offset premium increases in excess of the budgeted five (5%) percent during the 2010 and/or 2011 benefit plan years.

Prior to July 1, 2010, the State shall request the Legislature or Emergency Board, whichever is in session, to release all of the appropriated funds as noted above.

The Union will receive prior notification of submission of the request to the Legislature or Emergency Board.

LETTER OF AGREEMENT #6 - SQUARING OF THE COMPENSATION PLAN

This agreement is between the State of Oregon, acting through its Department of Administrative Services (Employer) and the Association of Engineering Employees (Association).

The purpose of this agreement is to establish a consistent percentage between salary steps and ranges for the Association's bargaining unit.

The parties agree to the following:

Section 1. Methodology. Effective January 1, 2008 the Compensation Plan shall be reconfigured by using SR34 Step 7 and calculating steps below and above that range and step so that there is five percent (5%) between steps in all salary ranges.

Section 2. Implementation.

- (A) Employees on a specific step shall remain on that specific step. If, as a result of the squaring of the plan, an employee's salary amount is below the new salary step, the employee shall retain his/her salary rate and remain off step until his/her next step increase subject to the procedures outlined in subsection (c) below.
- (B) If an employee's current salary rate is between salary steps, the employee shall, on their salary eligibility date, be eligible for an increase under the conditions outlined in subsection (c) below.
- (C) For an employee whose rate is off step within the salary range, his/her salary shall be adjusted to the next higher rate closest to their current salary on their next salary eligibility date provided the employee is not at the top step of their classification. However, should an increase be less than two and one half percent (2 ½%), the employee will move into the next higher step in the range. If an employee's salary rate is above the top step of the range for their classification, the employee's salary rate shall remain unchanged.

Section 3. Termination Date.

This agreement expires upon implementation of this agreement.

**LETTER OF AGREEMENT #7 - 2009-2011 STEP FREEZE

This agreement supersedes all provisions in the agreement pertaining to step advancement upon the affected employees' salary eligibility date (SED).

Effective September 1, 2009 the Letter of Agreement dated January 25, 2008 to add and drop steps for each salary range in all classification in the bargaining units is suspended.
