The Provider shall be given an opportunity to correct the error prior to the payroll file being sent for processing. Based on the Provider’s response to the notification, DHS/OHA will make every effort to ensure that payment for corrected time submissions are paid on the current pay processing date. For Providers who submit a corrected time submission, DHS/OHA will send a courtesy email if DHS/OHA was unable to process the submitted correction for the current pay processing date unless the EVV systems automatically generate and send such error notification.

**Section 5. Arbitration.**
Within fifteen (15) calendar days of the Union’s appeal of a grievance to arbitration, designated representatives of the Parties shall confer to designate an Arbitrator to hear the grievance. Arbitrators will be selected from the following list on a rotating basis:

Opinion and Award Timelines. Arbitrators will endeavor to issue a written opinion and award in the grievance within thirty (30) calendar days of the submission of briefs in the case or upon closing of the record if no briefs are filed.

Authority of the Arbitrator. The Arbitrator shall have no authority to rule contrary to, to amend, add to, subtract from, change or eliminate any of the Terms of this Agreement. The findings of the Arbitrator shall be final and binding on the Parties. Arbitrations will be handled in accordance with the rules of the American Arbitration Association.

Arbitration Costs. The Costs of arbitration shall be borne equally by the Parties. Each party shall bear the cost of its own presentation including preparation and post-hearing briefs, if any. Arbitrator/Arbitration cancellation fees shall be borne equally by the Parties.

affect the timelines and steps of the grievance process and any change in the timelines and procedures during mediation shall occur only upon mutual agreement, in writing.

Section 6. Time Limits.
Time Limits. The time limits specified in this Article shall be strictly observed, unless either Party requests a specific extension of time, which, if agreed to, must be stipulated in writing and shall become part of the grievance record. “Filed” for purposes of all steps shall mean date of receipt by mail, hand delivery, e-mail or as otherwise agreed to by the Home Care Commission Executive Director, or designee, and the Union. If the Employer fails to issue a response within the time limits, the Union may advance the grievance by written notice to the next step unless withdrawn by the Union. If the Union fails to meet the specified time limits, the grievance shall be considered withdrawn and cannot be resubmitted.

The Local Office shall then counsel the Consumer/Employer/Employer Representative on the task list and/or make a reference to the OHCC Employer Resource Connection Program.

The HCW may not charge the consumer/employer, or a relative or representative of the consumer/employer, for items included in service payments, for any items for which the Department makes payment, or for any additional services that they choose to provide the individual.

This does not preclude workers from being paid as qualified providers of other Medicaid-funded services.

If a consumer’s assessment results in a change in the tasks authorized for the consumer, the HCW shall receive an updated task list within fourteen (14) days of the completed assessment.

Section 2. HCW Notice of Change in Hours and/or Services.
If changes in hours and/or services occur other than as a result of Consumer/Employer illness requiring alternative care or death, notice of the change shall be provided to the HCW in writing within seven (7) days of written notice from the Agency to the Consumer/Employer of the change.

Overpayments in wages, resulting from Consumer/Employer or HCW/PSW/PCA or other error shall be recouped at no more than five percent (5%) of the HCW/PSW/PCA pay that is based on hours paid until repaid in full unless one of the following happens:

a) HCWs/PSWs/PCAs may choose to pay back their overpayment at an accelerated rate by requesting a higher percentage rate or making additional pay back payments.

b) Any overpayment greater than thirty percent (30%) of the Provider’s correct payment rate, for that payment period and/or consumer, shall be paid back within six (6) months.

c) If a Provider has two (2) or more outstanding overpayments, said overpayments will be paid back within six (6) months of the date of the second (2nd) overpayment.

d) If the HCW/PSW/PCA leaves employment before the overpayment has been fully recovered, the remaining maximum amount may be deducted from the HCW/PSW’s/PCA final service payment(s).

Section 2. OHCC Complaint Process and Verification of Overpayment.

a) Workers may initiate the OHCC complaint process to verify the cause and/or amount of any overpayment by contacting the OHCC Customer Relations Unit by phone or email.
b) Initiating the complaint process shall not waive a Worker’s right to file a grievance per Section 3 of this Article.

c) The OHCC Customer Relations Unit will investigate the overpayment and provide the worker with a written response within fourteen (14) business days. The written response shall be delivered to the worker based on the worker’s preference of email or mail.

HCWs/PSWs shall immediately report in writing any overpayment they become aware of to the Case Management Entity.

**Section 3. Overpayment Technical Assistance.**

If a Worker causes an overpayment the State shall provide technical assistance and/or resources to help prevent future occurrences. This can include assessing any barriers the Provider is experiencing in correctly submitting their timesheet/voucher. Additionally, if applicable, the Case Management Entity will notify the Employer or Common Law Employer of the error and provide guidance on how to appropriately review a completed timesheet before providing their signature.

**Section 4. Investigatory Process Regarding Overpayments.**

If the State suspects that a HCW/PSW/PCA is deliberately generating overpayments, the State may initiate an investigation into the matter and follow the process outlined in Article (25) – Provider Number Termination Rights.

If it is determined that a Provider deliberately generated an overpayment, the overpayment must be paid back per each Program (APD/ODDS/OHA-HSD) rule. A Worker’s provider number may be terminated for deliberately generating overpayment(s).

ARTICLE 20 – HEALTH AND SAFETY

Section 1. Safe and Healthy Work Environment.
The State and the Union recognize the importance of working conditions that will not threaten or endanger the health or safety of the Provider or Consumer. The Case Management Entity shall not knowingly authorize a Provider to work in a situation that would constitute threat to the Provider’s health or safety.

Providers have the right to refuse to work with, or to stop working with, any consumer.

The Case Management Entity shall notify Providers of any health or safety risks upon authorization to work for a Consumer but prior to the Provider working any hours for the Consumer if such issues are known and on an ongoing basis if any health or safety issues emerge while the Provider is working for the Consumer if such release of information does not violate the consumer’s rights or choice as guaranteed in Code of Federal Regulations, State Law, Oregon Administrative Rules and program policies. If there is such an issue that can be mitigated with proper behavioral supports then the Case Management Entity shall offer behavior supports services to the consumer. Providers shall maintain confidentiality when HIPAA protected information is shared with them.

Health or safety risks in the work environment include but are not limited to: bodily harm to the Provider by the Consumer or by person(s) in the household; threatening behavior toward the Provider by the Consumer or by person(s) in the household; sexual harassment of the Provider by the Consumer or by person(s) in the household; mental or emotional abuse of the Provider by the Consumer or by person(s) in the household; Sexual abuse; Verbal, emotional, or physical abuse; Domestic violence; Illegal drug activity or other criminal activity in the home; Threatening or dangerous behavior from others living in the home; Unsafe or unhealthy work environments, such as toxic mold, rotting floorboards, unsafe egress, etc.; or any other situation that would be a threat to the Provider’s health or safety including an environment that violates state and federal worker protection laws.
a. Providers have the right to decline working for a Consumer/Employer who lives in a situation which could threaten their health or safety. Providers who decline shall not be retaliated against by the CME.

b. Providers reserve the right to immediately end employment with a Consumer after notifying the Case Management Entity of a health or safety issue. If they exercise their right, they must notify the Case Management Entity and the Consumer of their intent to end their employment with that Consumer.

Providers are required to notify the Case Management Entity when such behaviors or conditions become health or safety issues. The Case Management Entity or the State will follow administrative rules to determine appropriate action up to and including termination of services delivered through an HCW/PSW/PCA.

Reporting an unsafe work environment

To report an unsafe work environment that is not immediately threatening or dangerous, the Provider shall submit a report to the Case Management Entity and OHCC Customer Relations Unit within five (5) business days after the event barring extenuating circumstances. To the extent possible the Case Management Entity or OHCC shall notify the Provider of the outcome of the Provider’s report if the Provider is still working with the individual. OHCC shall provide a monthly written report to the Joint Issues Committee of the issues that have been reported and the steps that have been taken to resolve the issues. Providers should include the following essential information:

   a. Provider first and last name
   b. Provider number
   c. Brief description of the situation
   d. Contact information, and the best time to contact the Provider
   e. Do not include the employer’s personal information. Staff will contact the provider to collect any additional information.

Providers can contact the Member Assistance Center about safety concerns.
Reporting emergency situations
If a Provider feels their health or safety is in immediate danger, they must:

Distance themselves:

1. Remove themselves from the dangerous, abusive, or harassing situation to a safe distance. This language does not negate the possibility of an Adult Protective Services Investigation.
2. Call 911 any time there is a serious threat to life or property, such as an accident, crime, fire, medical emergency or if the consumer would be in extreme danger if the provider were to leave work.
3. Contact the Consumer Representative or Common-Law/proxy Employer or emergency contact after calling 911.
4. Contact the Case Management Entity immediately. If a serious event occurs after hours or on a weekend, provider must contact the Case Management Entity by:
   a. Leaving a voicemail over the weekend
   b. Contacting the Case Management Entity, the first business day after the event occurs.
   c. If they are a PSW, they must follow incident reporting and progress notes requirements.

Section 2. Personal Protective Equipment (PPE).
PPE shall be provided by ODHS/OHA to each Provider as required by law or as recommended by a public health authority. The State shall maintain a supply of PPE, to the extent possible, including but not limited to gloves and masks in sufficient quantities to supply all Providers with a thirty (30) day supply in case of emergency, pandemic or any other natural disaster.

Section 3. Gloves and Masks.
When gloves and masks are not available at the Consumers residence, or otherwise through their health plan, the Provider may request them from the OHCC or Case Management Entity and will receive unopened boxes in a sufficient amount to address assessed Consumer/Employer needs on at least a monthly basis. An
unopened box of non-latex, non-powdered gloves will only be provided where there is a demonstrable need, including those relating to allergic reactions to latex and/or powder. The Case Management Entity will have boxes of multiple glove sizes, and if a needed size is not available the office will obtain and provide the appropriate size within ten (10) business days.

Section 4. Other Safety or PPE Requests.
Requests by the Provider for PPE or safety equipment other than the gloves and masks shall be in writing and shall be provided subject to local Case Management Entity’s approval. All such requests will be responded to by Program Managers or designee in each office within ten (10) business days from the receipt of the written request.

Section 5. Communicable Diseases and Universal Precautions Information.
Providers shall have access to information and training on communicable diseases, blood-borne pathogens, and universal precautions. Such information shall be made available at New Worker Orientations, on the OHCC health and safety website and will also be made available by Case Management Entities, upon request.

Section 6. Flu Shot and Vaccine Information.
The OHCC shall publish on their website a link to OHA resources to access free and low-cost flu shots and vaccine clinics available around the state. The OHCC and the Union agree to publicize this information on their websites and in other materials available to Providers.

Section 7. Consumer Emergency Plan.
The Case Management Entity shall provide the Consumer the option of having an individualized emergency plan in the ISP service plan that documents the Consumer’s emergency plan including, but not limited to, plans on how the Consumer will evacuate, or shelter in place should it become necessary due to wildfire, pandemic, natural disasters, or any other reason. If the emergency occurs during the Provider’s work time and at the Consumer’s request, the Provider will follow the direction of the consumer unless such direction endangers the Provider.
Section 8. PSWs Independent Choices Program.

Independent Choices Program PSWs are to follow the guidelines in this Article.

Purpose:
The purpose of this Agreement is to outline the agreements between the parties regarding the implementation of the federally mandated EVV system for DD Personal Support Workers.

Agreement:
1. DHS is committed to respecting the privacy of people receiving services and their providers. The system will only capture the data needed to meet the requirements of the Cures Act:
   a. Worker Name
   b. Person receiving services
   c. Type of service
   d. Date of service
   e. Time the service begins and ends
   f. Location of the service at the time the service begins and ends.

2. Location will only be captured where services start and end. No other geolocation information will be captured.

   a. Do not have a smart phone or tablet with Internet access.
   b. Provide services in an area of the State without reception.
c. English is not the primary language of the worker and this presents a barrier to their utilizing EVV.

4. No later than October 31, 2019, eXPRS will be updated to include the options for EVV exceptions, whereby PSWs can make a request to the CME and identify the reason why they need an exception. Until this exception process is available in eXPRS, PSWs may continue to enter their time into eXPRS on the desktop site.

5. PSWs must either have an approved exception or be using EVV by April 1, 2020.

6. HCWs/PSWs who do not wish to have their biometric data collected will not be required to do so. If biometric data is collected, workers will be provided with clear documentation of how and when it is collected and analyzed. Workers must be able to request deletion of biometric data from the system.

7. HCWs/PSWs who do not wish to use voice or image reporting mechanisms through EVV will not be required to do so. The State must clearly communicate this right to workers, in addition to communicating how and when the EVV system will record voice and visual data should that system be made available and the Worker so chooses to utilize that data collection method.

8. Personal Support Workers will be able to add missing hours and/or adjust incorrect hours after a shift has been completed by logging into the desktop version.

9. The State will not collect biometric or geolocation data, nor will it collect data that can be used to interfere with constitutionally-protected activities, unless it serves a specific, discrete purpose that cannot be accomplished otherwise and adds a clear value to the Consumer and Worker.
10. Data collected via the mobile EVV solution will not be repurposed for and sued by third parties, including subsidiaries and commercial partners. This does not impact the State’s responsibility to share information outlined in Article 7 – Union Rights.

11. Data collected by EVV will not be made available in law enforcement without warrants. Data can be used during any local, state, or federal audits.

12. The eXPRS Mobile-EVV solution will place no undue burden on providers or consumers. If additional federal guidelines are released regarding the EVV system, the Union reserves its statutory ability under ORS 243.698 to bargain over the impact of any such guidelines. The State shall immediately notify the Union in writing upon receipt of any new and/or additional federal guidelines regarding the EVV system that directly impact the worker.

13. The State will provide a hotline for Workers to access support and training throughout the implementation of EVV.

14. The State will pay for any additional equipment, hardware or software required under EVV.

15. The Union will be informed of all communications from the State that are sent to PSWs regarding the EVV system. The Union shall receive a copy of the communication prior to it being sent to PSWs.

16. If the State adds EVV compliance options for PSWs to use or changes any EVV requirements that impact a Provider, the Parties shall enter into negotiations following the procedure in Article 4, Section 4 of the Collective Bargaining Agreement.
LETTER OF AGREEMENT – Implementation of Provider Time Capture (PTC) for Homecare Workers and Personal Care Attendants Paid through the Client Employed Provider (CEP) Payment System

This Agreement is made pursuant to the provisions of the Oregon Revised Statues, by and between the State of Oregon, through the Department of Administrative Services (DAS), and the Oregon Home Care Commission (OHCC), hereinafter referred to as the EMPLOYER, hereinafter collectively referred to as the STATE and the Service Employees International Union (SEIU) Local 503, OPEU, hereinafter referred to as the UNION and jointly hereinafter referred to as the PARTIES.

Purpose:
The purpose of this Agreement is to outline the shared interests of the Parties regarding the implementation of the new Oregon Provider Time Capture Direct Care Innovations (OR PTC DCI) system for Homecare Workers and Personal Care Attendants paid through the CEP Payment System and to outline the agreement between the Parties regarding the implementation of the OR PTC DCI system. For the purposes of this LOA, OR PTC DCI shall encompass whatever system the State implements as the Electronic Visit Verification (EVV) system.

Agreement:
According to the previous LOA – “Implementation of Provider Time Capture for (PTC) for Homecare and Personal Support Workers Paid through the Client Employed Provider (CEP) Payment System” the scope of bargaining for this LOA are defined and are as follows (unless the Parties mutually agree to negotiate additional issues):

Improvements to the Payroll Timelines:
For the initial implementation of the OR PTC DCI system, local office staff will continue to be required to manually input the dates and times worked by each provider in the CEP system (Homecare Workers – HCWs and Personal Care Attendants-PCAs). Therefore, the payroll timeline will continue as described in the current Collective Bargaining Agreement. 120 days prior to Phase 2 implementation or by October 1,
2022, whichever is earlier, the parties shall negotiate a new LOA to agree upon any improvements to the payroll timeline.

Data to be collected and how data will be used:
The Oregon Department of Human Services (ODHS) is committed to respecting the privacy of people receiving services and their providers. The system will only capture the data needed to make payments through the CEP Payment System and to be in compliance with EVV Federal requirements. Location will only be captured where services start and end. No other geolocation information will be captured.

The OR PTC DCI system shall not collect biometric data. If this becomes a legal requirement, the Parties agree to meet and discuss no later than 90 days after the legal mandate is announced.

Data collected will not be repurposed for and used by third parties, including subsidiaries and commercial partners. This does not impact the State’s responsibility to share information outlined in Article 7–Union Rights.

APD will only release OR PTC DCI data as required by law. Data can be used during any local, state, or federal audits and shall follow the retention schedule as required by Centers for Medicare and Medicaid Services (CMS).

The following data elements will be captured related to services being provided:
   a. Date of service
   b. Time service begins and ends
   c. Location of service when the service begins or ends (This will be verified via GPS for the mobile application, the fob code for the OR PTC DCI Fob/Web Portal option, and through use of the consumer’s landline phone for the OR PTC DCI Landline Phone option)
   d. Consumer who receives services
   e. Provider delivering services
   f. Type of service
While most of the data needed will come from existing systems, the following data will be available/needed for Providers to update in the system:

a. Language preference – which will be used by the system to display the system in the preferred language (when such a version exists)
b. Email – for system notices and log-in
c. Phone number – for text messages

Provider Profile Data needed:

a. First name (required)
b. Last name (required)
c. Address (required)
d. Address line 2 (optional)
e. City, State, Zip (required)
f. Country (Required)
g. Time zone (Required)
h. Phone (Required)
i. Email (required)
j. DOB (required)
k. SSN & Verify SSN (required)

HCWs and PCAs will be able to add missing hours and/or adjust incorrect hours after a shift has been completed by logging into the web portal.

Criteria for use of the new system:

The OR PTC DCI system will be able to accommodate providers with various levels of technology access (as described below under the “Options for Compliance”). All providers should be able to utilize one (1) or more compliance options which meets the requirements of the Cures Act. When the OR PTC DCI system fails, or in other exceptional circumstances beyond the control of the Provider, the provider may submit data through the web portal at a later date with or without FOB codes. To ensure timely payment, Ageing and People with Disabilities/CMEs will process time submitted on a
daily basis. In large system outages APD will collaborate with the Union in planning their response to the outage, SEIU and workers will be notified of how to submit their time.

Aging and People with Disabilities will make available Wi-Fi and computers (may include tablets, iPads or other technological devices) in good working order in local APD and Type B AAA offices to allow HCWs and PCAs to enter in fob information or make time entry corrections for cases where the provider does not have access to the web portal through their own personal equipment.

- The State will ensure that at least one (1) computer and a backup device will be available in each of the offices above by September 15th, 2021. The State and the Union will collaborate, in a timely manner, on the number of devices needed at each office based on Provider needs.
- The Local APD and Type B AAA offices shall provide limited basic computer help for the HCW/PCA. For support related to the web portal itself, the worker will be referred to the Vendor’s customer service line.
- A copy of the Standard Operating Procedures (i.e., an instruction manual) shall be available for the HCW/PCA to reference at the computer stations.
- Printing/copying of entry data shall be available and free of charge at all Local APD and Type B AAA offices.
  o HCW/OCAs who use a technological device available in an APD/Type B AAA local office to enter their time shall receive a printed copy of the OR PTC DCI screen print, date-stamped, upon request.
  o Instructions for using the print screen option will be available with the instruction manual.

Training:
ODHS shall provide the OR PTC DCI training plans for providers and share the plans and all training materials with the Union by June 1, 2021. The Union reserves its right under ORS 243.698 to bargain over the impact of the trainings.
a. ODHS will provide a high-level orientation to the process and system sixty (60) days in advance of pilot and ninety (90) days in advance of the statewide implementation. The orientation shall include an “End-to-End Training Guide (TG)” that will be reviewed with the Union at the PTC Working Steering Committee, and made available at the request of a HCW/PCA and will be provided online at the PTC DCI website.
b. ODHS will then provide detailed instructional opportunities thirty (30) days prior to pilot and statewide implementation.
c. HCWs/PCAs Training/SOP virtual orientations and Training Guide (TG) will be available in at least the following languages: Simplified and Traditional Chinese, English, Russian, Spanish and Vietnamese. Written training materials and the “TG” will also be available in Arabic and Somali and other languages upon request of the HCW/PCA.

In addition to orientation, the State will provide, through the vendor, a 24/7 customer service phone line and email address for Workers who need technical assistance with using the OR PTC DCI system and they shall be available to enter time manually if the OR PTC DCI system. Access during federal and state holidays may be limited.

**Schedule:**
Currently the system is being planned and designed around the latest published payroll calendar.

**Options for Compliance:**
Listed in order of best standards which meet federal regulations.

a. Mobile application – the OR PTC DCI Mobile application will be our preferred method of compliance for the accuracy of information and ease of use
b. OR PTC DCI Landline Phone Option – calling from the consumer’s landline phone to a 1-800 number for OR PTC DCI to record your time in and out via an automated system is the secondary option
c. OR PTC DCI Fob/Web portal – for those in a situation without access to a web enabled device and where the consumer doesn’t have a landline phone, a small device, like a key fob, will be issued to the consumer. The fob generates a special code for clock-in
and clock-out. Provider uses a code when entering clock in and out via the OR PTC DCI Web Portal. Fob information is uploaded by the provider to the web portal through his/her personal computer OR at a Local APD or Type B AAA office where Wi-Fi/computer access is being provided for this purpose.

The State shall not require providers to use the mobile application and will ensure that each consumer has either a landline or FOB available when a mobile device is not available. The State will provide information to consumers about the federal and state phone assistance programs.

If additional federal guidelines are released regarding the EVV system, the Union reserves its right under ORS 243.698 to bargain over the impact of any such guidelines.

The State shall notify the Union in writing within fourteen (14) calendar days upon receipt of any new and/or additional federal guidelines regarding the EVV system that directly impact the worker.

The Union will be informed of all communications from the State that are sent to HCWs and PCAs regarding the EVV system. The Union shall receive a copy of the communication prior to it being sent to workers.
LETTER OF AGREEMENT – COMPENSATION AND PAYROLL SYSTEMS
REDESIGN (STEPS)

This Letter of Agreement (LOA) is entered into between the Department of Administrative Services (DAS) on behalf of the Oregon Department of Human Services (ODHS), the Oregon Home Care Commission (OHCC) (the “Employer”) and SEIU Local 503 (the “Union”) collectively referred to herein as “the Parties”.

The Parties share a common interest in implementing a compensation plan that provides a career path and promotes longevity of the workforce. The Parties have discussed and agreed that the information systems for processing and delivering service payments must be enhanced prior to implementation of a new pay structure. Accordingly, the Parties agree to the following:

1. ODHS and OHA is continuing the modernization effort of replacing their legacy systems, including the current payroll system(s) and the development of a Universal Provider Number, which will enable flexibilities for an enhanced pay structure.

2. Effective with the 2023 – 2025 biennium, the State will begin implementation of a step system for which the steps will be based on the number of months the provider has an active provider number and has submitted claims for work.

3. Each step will be earned upon each twelve (12) cumulative months the provider has an active provider number and submits a claim for. When a Provider experiences a break in service, the Monthly accrual will begin at step one when the provider number is reinstated from termination or if the Provider’s number has been inactive for more than twelve (12) months.

4. The projected implementation date with steps accruing will occur on or after January 1, 2024 unless the parties agree otherwise.
There will be two lookback periods per calendar year occurring in January and July. The first step lookback will occur in January 2024 for months worked in 2023. Step increases will be earned for each cumulative twelve (12) months of work as assessed on January 1 and July 1 of each year. This shall be a rolling accrual that allows Providers to accumulate months worked.

For example:

A Provider who works all twelve (12) months in 2023 shall receive a step increase effective the first pay period beginning in January 2024.

A Provider who works eleven (11) months in 2023 shall not receive a step increase in the first pay period of January 2024. If they work six (6) months between January 1, 2024 and the next lookback period on July 1, 2024, they shall have seventeen accumulated months and shall receive a step increase for the first pay period beginning in July 2024 and have five (5) accumulated months remaining.

The parties agree to bargain over the development of a step system for Providers during the 2023 successor negotiations. Details of the step system including, number of steps and distance between the steps will be determined through these negotiations. The parties agree to the system outlined in this LOA but also recognize that some modifications may occur because of the modernization of the legacy systems.
LETTER OF AGREEMENT - PANDEMIC RECOGNITION PAY “HAZARD PAY”

This Letter of Agreement (LOA) is entered into between the Department of Administrative Services (DAS) on behalf of the Oregon Department of Human Services (ODHS), the Oregon Home Care Commission (OHCC) (the “Employer”) and SEIU Local 503 (the “Union”) collectively referred to herein as “the Parties”.

In recognition of the Providers who worked in person during the height of the pandemic, between March 2020 and April 2021, the Parties agree to pay each Provider a one-time payment as follows:

1) Providers will receive a one-time payment of at least two thousand dollars ($2000) for hazard pay. The payment amount will be recalculated by the Union and the State on November 1, 2021. The recalculation will be the total amount of funds available for hazard pay divided by the number of Providers who worked any hours between March 2020 and April 2021 who still have an active provider number on December 1, 2021.

2) Providers must have an active provider number at the time of the payment on December 1, 2021. No Provider will have their Provider number inactivated in the months of November 2021 and December 2021 except if through a termination process.

3) In the event that funds dedicated to hazard pay are remaining after the December 1, 2021 payment, the State and the Union shall meet to determine whether those funds would be available for hazard pay and, if so, determine eligibility criterion related to the pandemic resurgence timeframe in Summer with the understanding all payments must be completed no later than March 15, 2022.

This Agreement shall expire on June 30, 2023.

What do all the different time entry statuses mean?

<table>
<thead>
<tr>
<th>Status</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>Open</td>
<td>The provider clocked in but has not clocked out. A time entry in an open status means you are currently working or forgot to clock out of your last shift.</td>
</tr>
<tr>
<td>Pending</td>
<td>A time entry is entered but has not gone through daily auto-approval or has failed a system check during the auto-approval process (e.g., time entered is more than what is authorized). This requires a review by local office staff. You can edit/correct any of your time entries in a pending status. If the time entry is no longer in a pending status, you cannot make changes. Homecare workers should contact the APD/AAA local office, and personal care attendants should contact the PCA Program Team to resolve this type of entry before the submission deadline.</td>
</tr>
<tr>
<td>Unverified</td>
<td>A staff member edited/entered time on behalf of a provider, and it needs to be verified by another staff member to proceed. Staff do this regularly, but if you notice your time entry has been in an unverified status for some time, homecare workers should contact the APD/AAA local office, and personal care attendants should contact the PCA Program Team to resolve this type of entry before the submission deadline.</td>
</tr>
<tr>
<td>Approved</td>
<td>A time entry has passed auto-approval or has been reviewed and approved by a staff member and is ready to be paid. If you notice a correction needs to be made to an approved entry, contact your APD/AAA local office (PCAs contact the PCA Program Team) for help from staff – they will need to reject the entry so you can create a historical time entry with the correct time.</td>
</tr>
<tr>
<td>Rejected</td>
<td>An entry that fails business rule(s) or is rejected because it is incorrect. Entries can be rejected by a system process, staff, or by the consumer. Rejected time entries do not count against your authorized hours.</td>
</tr>
<tr>
<td>Canceled</td>
<td>An approved time entry that crosses the midnight hour. Once approved, the original entry is shown as canceled and the system creates new entries for each calendar day. You will see this if you forget to clock out of your shift for 24+ hours. If you see a canceled entry, look for time entries on the same date(s) – these related time entries will show they are related to the canceled entry’s punch ID. Review and correct these entries.</td>
</tr>
<tr>
<td>Batched</td>
<td>A time entry that has been pulled into a pending payroll batch and is waiting to be processed. If you notice a correction needs to be made to a batched entry, contact your local office (PCAs contact the PCA Program Team) for help from staff.</td>
</tr>
<tr>
<td>Processed</td>
<td>A time entry is complete and ready to be paid. If an entry needs to be fixed, contact your APD/AAA local office (PCAs contact the PCA Program Team) for help from staff.</td>
</tr>
