

The Promise of Leadership™ is a four-and-a-half-hour workshop that helps individuals better understand themselves and their leadership style. As part of the experience, each leader receives a 360 Leadership Circle Profile™ (LCP), a detailed report with feedback from coworkers, customers, and supervisors. This feedback helps leaders identify behaviors or thoughts that might be holding them back and recognize skills they can develop to become more effective.

The workshop lays the groundwork for understanding your LCP. Following the workshop, each leader takes part in a 90-minute personalized coaching session with a certified 360 coach. In this session, they use their feedback to create a clear development plan with practical steps they can begin using right away.

Format and Audience

Lead by certified facilitators, workshops are made for groups of up to 25 people. The target audience is current Oregon state government employees who desire to grow their leadership effectiveness regardless of position.
