Below is an outline for ensuring the succession planning process is on track. These are just suggestions and may not be an all-inclusive list based on an agency’s mission and vision. Please feel free to contact the DAS Succession Planning team if the agency needs additional information or help starting the process.

### STEP ONE - ASSESS

- Executive leadership (EL) meet to assign succession planning champion/committee (SP C/C), include DAS SP team for consultation
- EL meet with SP C/C to discuss strategic plan, review DAS CHRO’s SP guide and complete mind map
- Agency to engage with Labor (if applicable) to notify of agency’s intent to begin SP
- EL and SP C/C review tools available and plan implementation either using sample tools or agency created tools
- EL and SP C/C draft communication template (templates on CHRO’s SP website)
- Communicate to supporting leadership team members SP intent and notify SP C/C
- SP C/C reach out to supporting leadership teams and start scheduling meetings to discuss SP
- Assign point persons for agency assessment – both current and future workforce needs balanced against strategic plan
- Compile information on assessment
- Meet with EL to discuss assessment
- EL to review assessment and discuss with CFO to align budget needs based on any possible workforce needs
- Review position management basics with supervisory staff - HR or Budget to offer position management training or call DAS CHRO for consult, if necessary
- Communicate to workforce result of workforce assessment and next steps

### Step 2 – Identify

- Assign point person(s) for identifying highly critical, critical and non-critical positions and mapping competencies for highly critical and critical positions
- Discuss with supporting leadership the identified positions deemed critical and highly critical and make any adjustments
- Discuss with supporting leadership and position incumbents about competencies – if Workday is implemented at the time this step is addressed, encourage employees to enter in the employee’s personal competencies into the employee profile
- EL to review competency mapping outcome
- EL to review assessment of highly critical and critical positions and make any adjustments
- HR to review highly critical and critical positions and competencies for any classification changes necessary
- Review and follow any policy(ies) or collective bargaining agreement(s) related to possible classification changes
- EL to review proposed classification changes and discuss with CFO to align budget needs based on any possible budget/funding impacts – NOTE: keep in mind any span of control impacts
- EL to make final decisions on highly critical and critical positions
- Communicate to workforce result of critical position and competency review and next steps
