

## OregonBuys Agency Core Team Orientation Groupings

Large and medium-sized agencies will soon attend Core Team Orientation as part of Phase 1 – ORPIN Replacement. Since we don't have bandwidth to orient agencies separately, we've grouped agencies based on procurement types, geographical location, etc. Agency groups will attend orientation at the same time and go through system demos, process inventory conversations, and meetings with Periscope Holdings together. Groups don't need to be a perfect match as each agency will go through implementation activities separately. These groupings apply to Phase 1 only and have no effect on the wave enrollment for Phase 2.
