Dear Project Coordinators and SPOCs,

We want to share a recent OregonBuys decision with you.

Over the last few months, many Wave 1 agencies voiced concerns about the system's SPOTS card (aka P-card) functionality. After thoughtful consideration, our leadership has decided to postpone SPOTS card purchases within OregonBuys until a forthcoming system update is released, and we're confident that the update meets our needs.

We want you to know that this is only a delay. The intent is to use SPOTS cards in the system by the end of this project.

We are now reviewing how SPOTS card purchases will be done outside of the system during this postponement. We'll send a follow-up email once we have all of the details.

Thank you for your patience,

OregonBuys Project Team
