

SUBJECT: Mobile Communication Device Usage While Driving **NUMBER:** 107-001-016

DIVISION: Office of the Director

EFFECTIVE DATE: 01-01-2010

APPROVED:

Scott Harra, Director *(signature on file with DAS Business Services)*

POLICY / PURPOSE:

The purpose of this policy is to promote safe driving practices by employees and prevent job-related motor vehicle crashes due to use of Mobile Communication Devices (MCDs) while driving.

Employees who drive state vehicles or who drive personal vehicles while conducting state business must comply with all federal and state laws that govern the use of MCDs while driving. This policy encourages drivers to keep MCD use at a minimum while their vehicles are in motion. An employee should use a hands-free accessory if he or she absolutely must utilize an MCD while driving on state business. Do not make calls while driving, and try not to receive them. Set your MCD to receive voice mail while you drive. If you must take a call (or make one), find a safe place to pull over.

AUTHORITY:

ORS 811.507 and HB 2377 [2009 Session]

APPLICABILITY:

This policy applies to all DAS employees who use MCDs while driving for state business. Other agencies may follow this policy at their option.

This policy does **not** apply to:

- A person who provides public safety services or emergency services as a volunteer, or while acting in the scope of employment as a public safety officer as defined in ORS 348.270;
- Operators of authorized emergency transit vehicles;
- Persons who use an MCD for the purpose of farming or agricultural operations;
- A person who activates or deactivates the MCD or a function of the device;
- A person who operates an amateur radio and holds a valid amateur radio operator license issued by the Federal Communications Commission;
- A person who operates a two-way radio device that transmits radio communication transmitted by a station operating on an authorized frequency within the citizens' or family radio service bands in accordance with rules of the Federal Communications Commission;
- A person who uses one-way voice communication while engaging in any of the following activities:
 - A. Operating a motor vehicle in the scope of the person's employment;

Mobile Communication Device (MCD)

A text-messaging device or a wireless, two-way communication device that receives and transmits voice or text, including Nextel and any similar device and mobile Global Positioning System (GPS).

Texting

The act of sending a written message using a MCD such as a cell phone, BlackBerry or GPS.

GUIDELINES:

I. General Use at work:

- Use privately owned MCDs sparingly in the workplace, since these devices are for personal communications.
- Agencies may assign MCDs to employees to enable them to conduct state business according to Policy 107-001-015.
- You may use an MCD as a pager for receipt of voice or text messages.
- Agencies may assign MCDs to employees primarily for business use, with occasional personal use as identified on a monthly basis and reimbursed through payroll deduction. Employees must protect MCDs and return them when employment ends.
- Agencies will monitor monthly charges for use of MCDs by employees. Managers may determine consequences of excessive or inappropriate use by their employees.
- This policy prohibits use of camera phones in restrooms and areas where confidential information is located.

II. Safety

- Avoid or terminate stressful or emotional phone calls while driving.
- Avoid using MCDs in unsafe or high risk situations while driving, e.g., construction sites, near heavy machinery, school zones, areas of greater foot traffic, etc. This guideline pertains to personal use and official use.
- Avoid using MCDs while driving on state-related business.
- Never look up phone numbers while driving, except when the vehicle is stationary.
- Keep your eyes on the road while driving.
- Never use an MCD in adverse weather or in difficult traffic conditions.

III. Compliance

- Any employee who violates this policy or engages in unauthorized use of a MCD is
