APPLICABILITY: Classified unrepresented, management service, unclassified executive service and unclassified unrepresented employees

ATTACHMENTS: None

DEFINITIONS: Also refer to State HR Policy 10.000.01, Definitions

POLICY:

- (1) This policy represents the state standard for the orderly progression of an employee's pay from the established minimum to the maximum of the salary range based on documented meritorious performance.
 - (a) Appointing authorities must document merit pay increases (also known as step increases), demonstrating employees' work performance and organizational accomplishments and enter such increases into the state HR information system.
 - (b) Agency heads must ensure merit pay increases are within budgeted salary parameters and funding and legislatively approved salary policies.
- (2) Policy Clarification:
 - (a) Salary rates generate from the salary range assigned to each employee's job under the state's compensation plan. Increases to salaries advance employees one step, or the equivalent thereof, in the salary range. Refer to State HR Policy 20.005.10, Pay Practices for increases as a result of an equity adjustment.
 - (b) Generally, eligibility for merit pay increases follows a 12 month cycle and, if warranted, employees receive a merit pay increase on their annual salary eligibility date. Salary eligibility dates are also discussed in State HR Policy 20.005.10, Pay Practices.

- (c) An appointing authority may grant a one-step special merit increase, which is an unscheduled increase for exceptional individual performance or other valid reasons. A special merit increase shall not exceed the top step of the employee's salary range. An employee shall not receive more than one special merit increase in a two-year period unless the employee changes agency or position. A special merit increase normally does not affect the employee's eligibility for a six month or annual merit increase.
- (A) An agency must report to the CHRO when granting special merit increases. The report must include the employee's name and OR number, classification, working title, salary eligibility date, any prior special merit increases awarded to the employee and a statement of justification. Multiple employees' special merit increases may appear in the same report to the CHRO.
- (d) Leave without pay resulting from job-incurred time loss, military leave covered by State HR Policy 60.000.25 or other qualifying family and medical leave covered by State HR Policy 60.000.15, does not affect an employee's salary eligibility date.
