

EZregister

EZregister is a quasi-cloud based platform that enables entities to register people for trainings, seminars, and other activities requiring participants to affirm their participation or attendance.

State Agencies and Entities

PLEASE NOTE: Use of EZregister may require completion of a Cloud Workbook. As EZregister is quasi-cloud you will need to review the OSCIO site to determine if a Cloud Workbook is required.

EZregister is for non-monetary registration. EZregister is not approved for use by Oregon Treasury.

For more information please review all Oregon Treasury requirements regarding electronic funds transfers and credit card transactions.
